The above description can only give you an idea of the vast extent of tomorrow's "bargain-giving" in good, dependable pianos. Come and inspect them, when, if you have any use for a piano at all, you will share in these price concessions—far below any we have yet made—and we've made them very low at other times.

Eilers Piano House has on rent at all times several hundred pianos, and they come in and go out daily, but just now, on account of so many people going to the beach, mountains and other points, on vacations, etc., we've had more pianos returned from rent than ordinarily, and we are simply up a tree for room to store them, hence this offer—to close them out—less than half for some and half price for many. Player Pianos, too, and Piano players, good ones, sacrificed—\$40, \$50 and up. During the past ten days over twenty-five "best makes"—good pianos—have been exchanged for Weber and other Pianola Pianos handled by this house, and quite a few for Chickering and Weber Grands, all of which have been placed in the Piano Exchange and Bargain Room for immediate disposal, and we want to state with all possible emphasis that such bargains have never before been offered in Portland—could not be, in all possibility, again, except from Eilers Piano House, because the collection is made up of pianos that came to us as above stated, in exchange, as part pay for Weber and other Pianola Pianos.

Dollars can be saved here in large numbers tomorrow, and anybody wanting a piano at all would better think twice before letting this opportunity go by. Especially as we make terms to suit your convenience and the piano will be delivered at once upon payment of a merely nominal sum, to be followed by small monthly payments hereafter. If you don't need a piano for your home, perhaps you would like one at the beach or the bungalow. Now is the time to get it.

PIANO FREE FOR A YEAR

Many of these pianos are so new as to have required no repairs whatever, only a little regulating—polishing and tuning. They are all sold under our liberal and strong guarantee: "Your money back if not satisfied," and also our special exchange privilege—use the piano a year and if at the end of that time you desire to possess a new higher-priced instrument, we take it back and credit you the full amount of purchase on the new one you select—thus you have the use of a piano free for a year.

Those who come first will have finest choice, of course, but we may add more, if the selling is beyond the fifty, as we like to supply all comers. We will guarantee each and every piano purchased at this sacrifice sale to be just as represented and the actual saving to be from \$75 to \$200—not an advertised saving, as usually claimed, but a saving of above amounts from the actual lowest selling price of the instrument.

YOU SAVE YOUR MONEY ON THE SPOT—take your savings home with you—but do not wait, and then come two or three days after this lot is closed out. They will soon go. Come early tomorrow morning. If at a distance, write, wire or phone—any way to reach us. These are not ordinary bargains—they are extraordinary. Sale begins at 9 o'clock.
