

"M-A's" Very Low No-Rent Prices Reduced 25 Per Cent This Week on All of Best Furniture

Our first year's business expectations, although enthusiastically large, have already been exceeded by thousands of dollars. For a new firm to have accomplished such wonderful results in six months is a most remarkable achievement, all the more astonishing because we are on the East Side, many blocks from the central retail district. It surely proves that **LOW PRICES WILL BRING CUSTOMERS**, no matter where the store is located. That we established a new era in the Portland furniture market is self-evident. Fortunately, we were opportunists. The people had vainly protested against the unreasonably high prices demanded by the furniture dealers, only to see them soar higher and higher, and were ripe for revolt. No other firm was in position to become a Moses to lead them out of bondage to the Big-Price Boys, because the other big dealers were in bondage to high-rent-demanding landlords. We had erected a large four-story building, covering one-fourth of a city block. One-half of this building affords an income that meets interest and taxes on the whole investment. The other half gives us space for our big furniture store—space that would cost us \$1500 a month in the central retail district; and the fact that we **CAN AND DO** sell the same furniture each month for \$1500 less than if we were paying rent (making just as much money also) has given us the trade. We are in a class entirely by ourselves. Others can never compete with us, because

Others Pay Rent, We Collect Rent on Half Our Own Building—Who Can Sell the Cheapest?

We feel so very grateful over our wonderful success that we will celebrate the achievement this week in a most fitting manner—in a way to demonstrate to the public our appreciation for the very large patronage given us. We can well afford to forego profit-making for one week, and do not care whether we make a dollar. **WE CAN'T HAVE ANY FIFTY PER CENT REDUCTION SALE; NONE OF OUR GOODS ARE MARKED THAT WAY, AND NOBODY IS SELLING UNDER COST. BY OBSERVING SPECIAL CUT-PRICE SALES YOU CAN SEE WHOSE REGULAR PRICES ARE THE HIGHEST. A 25 PER CENT REDUCTION ON OUR VERY LOW NO-RENT PRICES PRACTICALLY MEANS SWAPPING DOLLARS. MANY ARTICLES CANNOT BE REDUCED OVER 15 PER CENT WITHOUT GOING BELOW COST.** We will so regulate this sale as to get enough above wholesale price to pay for handling and delivering the goods. Generally speaking, however, **ALL OF THE VERY BEST GOODS WILL BE REDUCED 25 PER CENT.** Steel Ranges are excepted, the reduction being 15 per cent, and Phonographs and Records, being contract goods, cannot be reduced one penny. Window Shades only 5 per cent. With these exceptions, you can buy anything marked \$45 or more at a discount of 25 per cent, goods marked \$30 to \$45, 20 per cent discount, and from \$1 to \$25, 15 per cent discount. Terms during this sale will be spot cash or C. O. D., or goods held 30 days on deposit of one-fourth the price.
