## Startling Sale of Odd Muslinwear

NOT A LARGE QUANTITY—So those who would profit must be here early, for sizes and assortments are necessarily limited. There are all garments—drawers, gowns, corsets, chemise, long or short petticoats, 2 or 3-piece combination garments. These are odd lines and some are slightly soiled and mussed, so for quick selling and easy choosing we've divided them into groups that permit of prompt selections. The prices average much below half the real values, so it behooves the economists to act.
