COOK WITH GAS **Monarch** MALLEABLE **Monarch** MALLEABLE **PAY \$1 A WEEK**

The picture shows a Monarch Range built to burn wood, coal or gas. Every modern kitchen should have a range of this kind. Being made of malleable iron, the Monarch is indestructible, and is much superior in every way to ranges made with cast-iron tops.

PRICE \$57.00 TO \$135.00

This amount is sufficient, and a free trial can be had, if desired, to prove everything we claim for these ranges. The Monarch has many features not shown on any other, and no other range has any vital improvement not shown on the Monarch. United States Attorneys and Those for Defense Say Trial Should Be Closed in Few Days This Week.

JURY IN BOOTH CONSPIRACY CASE

- C. C. Hoopes, farmer, Yaquina Bay, Lincoln County.
- George Ball, farmer, Ballston, Polk County.
- Samuel Obye, farmer, North Yamhill, Yamhill County.
- Frank H. Wall, furniture salesman, 638 Lambert avenue, Portland.
- J. H. Mulkey, farmer, Monmouth, Polk County.
- H. Buxton, farmer, Forest Grove, Washington County.
- Robert E. Davis, retired druggist, 283 Thirty-second street North, Portland.
- George Randall, retired farmer, Oregon City, Clackamas County.
- A. B. Gibson, farmer, Eola, Polk County.
- James A. McKinnon, traveling salesman, 270 East Salmon street, Portland.
- George Harty, farmer, Amity, Yamhill County.
- S. B. Bain, farmer, Corvallis, Benton County.

The jury that will try Robert A. Booth, James Henry Booth and Thomas E. Singleton on a charge of conspiracy against the United States, was completed at noon yesterday. The last four jurors to be accepted were: A. B. Gibson, farmer, Eola, Polk County; James A. McKinnon, traveling salesman, 270 East Salmon street, Portland; George Harty, farmer, Amity, Yamhill County; S. B. Bain, farmer, Corvallis, Benton County.

Two Veniremen Excused.

Judge Wolverton yesterday sustained the challenges by the defense and excused as Jurors Samuel Osborne, machinist, residing in Albina, Portland, and Thomas R. A. Sellwood, orchardist, of Milwaukie, Clackamas County. In the examination of Mr. Osborne a question arose as to his citizenship and the further questioning of the juror was suspended while he could return to his home and produce in court what he thought were his final citizenship papers. It developed that the juror had taken out only his first or declaratory papers as a citizen, whereupon Judge Wolverton excused him as ineligible for jury duty.

Could Be Unbiased.

In the course of his examination as to his qualifications as a juror, Mr. McKinnon said he was a traveling salesman for the Goodyear Rubber Company of this city, working on a salary and commission basis. He admitted that the Booth-Kelly Lumber Company was the largest patron of his house in his territory, but felt confident his business relations with

Council Majority Said to Be Breaking Up.

When the jury had been completed and sworn, Judge Wolverton requested counsel to indicate what length of time would be required to conclude the trial. Answering for the Government, United States Attorney McCourt said he believed the prosecution would be able to introduce its testimony in three or four days. In that event, Judge Webster, for the defense, agreed that the case should be concluded by Saturday of this week. But, judging from the time that has been required to try similar cases, there is but little probability that the one on trial will go to the jury before the middle of next week, and perhaps not before the end of the week.

Summons Score of Witnesses.

It is known that the Government has subpoenaed a score of witnesses. In addition to their testimony, there will be the usual volume of documentary evidence. This will be offered in corroboration of the testimony relating to the process of filing on a quarter-section of timberland and its subsequent transfers, out of which arose the charge of conspiracy to defraud the Government, alleged in the indictment.

Song Recital at the White Temple

BY J. M. QUENTIN
TALK of heretofore worshipful if any one had predicted in advance that at a concert held at the White Temple on the night of July 17, a season so warm that we affect trolley-car rides and cool drinks, that every seat in the church would be occupied by an enthusiastic crowd paying for the concert, each to be there, that the prophet's reputation would be shattered. But it happened all the same. The main attraction was Fred Butler, the basso, who made such a hit in opera and with "Dear Little" evangelists, assisted by Miss Kathleen Lawler, soprano; Miss Ethel Shea, contralto; J. W. Belcher, tenor, and Edgar E. Coursen, accompanist.

BANFF HOT SPRINGS.

The Canadian Pacific will sell you a ticket to Banff Hot Springs and return for \$25. Situated in the very heart of the Rocky Mountains, it is an ideal spot for a Summer's outing. Excellent hotel accommodation. Unparalleled scenic attractions. Apply at local office, 112 Third street, for full particulars.

Losses Race With Death.

CRESTON, Iowa, July 18.—Racing with death from Coast to Coast, Miss Della Dalton, daughter of a wealthy New York merchant, died on Burlington train No. 2 as it was pulling into the station here last night. The young woman was returning to the East from a search for health in the West and was accompanied only by a nurse. The body was prepared for burial and was shipped today to Jersey City, N. J., her former home. Miss Dalton's race with death started on the Pacific Coast.

DRISCOLL IN BAD HUMOR

Declares That He Will Retaliate on President Willis for Latter's Vote Against Pullman Saloon License.

A fierce fight is raging among the members of the so-called "solid ten" in the City Council, which threatens to disrupt what for many months has been an inviolable coterie, forming the majority of that body, and absolutely controlling municipal legislation in Portland. The main war is between President A. N. Willis and M. J. Driscoll, but involves others, and bids fair to cause no end of strife and knife-wielding.

MOON RISES JUST OVER MOUNT HOOD

RESIDENTS of Portland are not exactly pagans in their adoration of Mount Hood, but those who were privileged to see the moon rise from behind the big snowcapped peak last night, were treated to a sight that impelled sensations to mountain and orb. The impulse seized the watcher to make obeisance as pagans in its devotion to the planet of night as ever was that of the sun worshipers of the African desert or our own ancients of the Southwest land.

KILL OUTLAWS IN SLEEP

MEXICO CITY, July 18.—Details of the killing of the famous bandit, Conobio Rodriguez, "El Jorobado," and his two companions, Antonio and Policarpo Reyes, have just reached here. The bandits charged with killing H. S. Jones, an American, were shot while they slept. Three rurales sent out to capture the gang made a mock attack on a hacienda near which the robbers were encamped. The latter took the supposed recruits in. The rurales watched and traveled with the bandits for five days, waiting the chance to catch the real robbers off guard and execute the orders of the Governor of the State of Durango to take the men dead or alive. Finally the bandits, who had been suspicious of the recruits, relaxed their vigilance and went to sleep together. The rurales promptly shot them to death.
