BIG FILL IS COMPLETED.-The Pacific Bridge Company completed the fill on East Stark street, between Grand ave-nue and East Sevently street, yesterday afternoon. This embankment is 500 feet afternoon. This embankment is 500 feet long and probably extends further below the surface of the slough than above, although it is over 30 feet high. This is the most expensive fill yet made on the East Side. More than 100,000 cubic yards of material have been poured into the slough on East Stark street. While at the top the embankment is 60 feet wide, at the bottom it is probably 200 feet wide, the great weight having caused the lower portion to settle in the slough and lower portion to sattle in the slough and spread. On the south side of the embankment several slides were repaired last week. Completion of this fill will enable the company to start work on the East Morrison-street fill.

Herman Enke, proprietor of the City Steam Dyeing and Cleaning Works, and B.

M. Fisch, manager, left Saturday evening for Detroit, Mich., to attend the convention of the Dyers' and Cleaners' Association, at which there will also be a display of the latest improved machinery. This will enable Mr. Enke to keep in touch with the latest improved methods as it is the intention of the City Steam Dyeing and Cleaning Works to maintain the high standard of workmanship they have always enjoyed. Mr. Enke and Mr. Fisch expect to be absent three weeks.

Receipts for July Show Increase of 6.09 Per Cent.

Postmaster J. W. Minto reports that

the sale of stamps at the Portland post-

office for the month of July shows an

increase of 6.09 per cent over the receipts from the same source for the corresponding month a year ago. Last month stamps were sold at the local

office to the amount of \$55,121.49, as against \$51,953,48 for July, 1907. The total increase in these receipts was \$3158.01, or more than \$100 a day.

"Considering that the month of July ordinarily is a quiet month, by reason to the fact that so many people are

of the fact that so many people are away on vacations, the record of stamp sales is entirely satisfactory," said Postmaster Minto yesterday. "During the months of July and August we nat-urally expect a falling off in these re-ceipts, but the showing for July merely

confirms the fact of an increasing pop-ulation in Portland. As in preceding months, the bulk of this increased busi-

ness is reported from the stamp win-dow in the main corridor of the build-ing, where the sales range from 5 cents to \$1."

THE LATE MR. AND MRS. R. R. THOMPSON.

THE LATE MR. AND MRS. R. R. THOMPSON.

News of the death of Mrs. Harriet Thompson, widow of the late R. R. Thompson, the millionaire steamboat man, was contained in a dispatch from San Francisco received late Friday night by Mrs. Thompson's son, R. H. Thompson. Mrs. Thompson was born in Ohto in 1822 and crossed the plains to Oregon with her husband in 1845. They settled at Portland, where in the '50s Mr. Thompson engaged with E. F. Coe in the steamboat business on the Upper Columbia, and accumulated a large fortune. Mr. and Mrs. Thompson removed to San Francisco years ago, where their fortune was further increased. Mr. Thompson died on March 10 last, leaving an estate valued at more than \$2,500,000. At that time Mrs. Thompson was named as sole executrix. The property in Portland belonging to the estate consists of real estate valued at approximately \$885,000. This property is among the most valuable in the down-town district. The various pieces are: The entire block bounded by Third, Fourth, Ash and Pine streets; half block at Second and Davis streets; half of Fleischner-Meyer block; three-fourths of block bounded by Ash, Pine and Front streets; 24 acres on White House rosd; one-fourth block on Third and Ash streets. A farm in Yamhill County owned by the estate is estimated to be worth \$50,000. The real estate holdings in Tacoma are given at \$20,000. The state will be divided among Mrs. Thompson's eight children, who are: Lew Thompson, Yamhill, Or.; R. H. Thompson Portland; Walter S. and Frank Thompson, of San Francisco; Mrs. Eliza King, Mrs. E. A. Pollock, Mrs. Lillian Yates, Mrs. Ivey Borden, all of San Francisco. R. H. Thompson left Friday night for San Francisco to attend the funeral.

EXPERIMENT WITH PAVEMENT, Superintendent Donaldson of the Street Cleaning Department and City Engineer Taylor ing Department and City Engineer Taylor are experimenting with tarred macadam. The street chosen to lay the pavement was Main from Fourth to Fifth. The surface of the street was picked up and then rolled with a heavy roller. On top of this was poured crude oil to fill all the interstices, and a layer of sand was placed on top of the oil. Another coating of oil was then applied, and a top dressing of nearly two inches of sand was added, and the roller applied again. It is believed the street will shed water in Winter and will be without dust in the Summer, thus making it an ideal pavement for residence districts. The cost of making the pavement will be loss than \$50 for a block 200 feet in length.
