WHEAT IS HIGHER

Bluestem Bought in Country on 90-Cent Basis.

ALL GRADES ARE FIRMER

Most of Business Is for Interior Warehouse Account — Local Flour Market Unsettled. Produce Is Active.

Wheat trading on a more active scale was reported from the country yesterday, but the amount of grain changing hands so far has not been heavy, and no general movement is likely before September. A good part of the business done yesterday was for country warehouse account, but there was also evidence of a milling demand, and there was likewise buying by exporters. Most of the trading was done in the Umatilla and Walla Walla sections. The market was firm, as a result of the strength of the Eastern markets and the transactions were on the basis of 87 cents for club, 88 cents for forty-fold and 90 cents for bluestem, track Portland.

The session of the local Board of Trade was quiet and prices there were entirely nominal.

Receipts for the day were 1 car and 855 sacks oats, 320 sacks flour, 100 sacks shorts and 1 car and 275 bales hay.

The range of prices was as follows:

WHEAT.

	Open.	High.	Low.	Close.
September	86	...	...	86
December	87	...	...	87

OATS.

	Open.	High.	Low.	Close.
September	1.20	...	...	1.20
December	1.22½	...	...	1.22½

BARLEY.

	Open.	High.	Low.	Close.
September	1.17½	...	...	1.17½
December	1.15	...	...	1.15

The local flour market is unsettled, as a result of the recent decline of 20 cents at Seattle and Tacoma, which puts these markets below Portland for the first time in several months. While no decline is openly announced locally, it is understood that the Puget Sound prices are being generally met by most of the millers of this section.

Broomhall's latest summary of foreign wheat crop conditions follows:

United Kingdom—There are continued complaints being received regarding the outlook for the crop, as much lodging is reported and the crop is thin. The districts with the largest acreage, however, are being harvested. The crop is expected to be smaller than last year.

France—The wheat crop will undoubtedly be a short one, with the quality low. Our Paris correspondent estimates the yield at 288,000,000 bushels and stocks at 40,000,000 bushels. The average yearly consumption amounts to 324,000,000 bushels. The weather has improved after the recent storms, and the crop outlook has generally been maintained.

Hungary—Our agent confirms the crop of good quality.

Roumania—Harvesting of wheat is in progress, the result of which is showing the yield to be below an average, while the quality is excellent.

Russia—Reports from the Southwest state the Spring wheat yield unsatisfactory. Our agent at Taganrog reduces his estimate to about an average. The outlook for oats in the southern region is favorable, and the outlook for corn in Southwest is highly favorable; some authorities give the condition at 100 per cent.

Spain—Outlook for the crop is fair.

GREEN PRODUCE CLEANS UP WELL

Washington Cantaloupe Shipments Will Start This Week.

The Front-street produce men brought their business to an early close yesterday afternoon in order to attend the ball game, but this did not prevent them from cleaning up nearly all the fruit they had on hand. Light receipts helped to this end. Aside from the customary watermelon arrivals, little came to hand.

Good peaches were decidedly scarce, but a considerable lot of inferior Oregon fruit was offered at low prices. The best grades of cantaloupes were advanced to $2.75. Prices otherwise were not materially changed.

Among the California receipts due Monday will be two cars of green fruit, mostly peaches, and a car of lemons. California advices note increased firmness in peaches, owing to the Eastern demand.

Washington cantaloupes will make their appearance this week in small quantities, the first coming from Toppenish. Yakima will also begin shipments this week, but not in large quantities for two weeks yet. Wenatchee reports that free shipments will not take place for three or four weeks. Payette wires that shipments of cantaloupes will start from there between August 15 and August 20.

California sweet potato shippers are offering carlots for shipment this week. This is a week earlier than last year.

CALLS HORST DELIGHTED DAMPER.

Satisfied With the Turn Affairs Have Taken in England.

The London correspondent of the Paris edition of the New York Herald announces the return to London of Paul R. G. Horst. The correspondent has got Paul confused with his brother, the Baron Louis, but this is a trifling mistake, as, to the average individual, a Horst is a Horst, no matter what his title.

"Baron von Horst," says the correspondent, "comes with a glad face because the tax on hops, of which he grows more than any one else in the world, will not be imposed by the English government.

"As I told you many months ago, Baron von Horst then described England as the dumping ground for his surplus growth of Californian hops. That raised merry Ned in England, got into Parliament, and also into the hop-growing districts in England, and brought about many meetings of indignation. The Baron quietly faded away to Germany when all this trouble was brewing.

"Few people knew, however, that at the big meeting at Trafalgar Square, protesting against the hop-growing legislation, Baron von Horst himself was present, and stood on top of a coach and allowed himself to be photographed. If the crowd had known it, I suspect that the Baron would have had his clothes pretty well damaged. Possibly he might have had a leg or arm pulled off, but he's a husky fellow, and I think he might have even stood that.

"Now he is back and smiling, with a smile that won't come off. He has won out, and he can use England for a dumping ground for his own hops just the same as ever."

POOR OUTLOOK FOR POULTRY.

Prices Shaded to Clean Up Saturday's Accumulation.

The week in the poultry market ended with the expected slump. To clean up, hens were sold at 12 cents and Springs at 14 cents. The prospects for the coming week are not encouraging.

There was no change in the egg market yesterday. Receipts were above the normal, 325 cases. The demand for extras good, while the lower grades dragged.

Butter receipts were 89 boxes. Production is much decreased and as the inquiry continues strong a further advance in the market would not cause surprise. Some drawing on the storage supply is reported.

SAYS WHEAT IS TOO HIGH

MORITZ' THOMSEN'S VIEW OF EXPORT FLOUR PROSPECTS.

Improvement in Seattle Poultry and Egg Market—Strong Demand for Fruit.

SEATTLE, Wash., Aug. 1.—(Special.)—Moritz Thomsen, president of the Centennial Mill Company, said today that Coast flour mills will be unable to sell flour in the Orient this Fall, unless wheat prices are reduced from the present level. Like most millers and exporters here, he holds that opening prices are too high.

A decided improvement is noted in the egg and poultry market. While dealers are carrying over heavy stocks of hens and Springs, the demand is so active that prices were not cut this afternoon to clean up. There will be no reduction in prices in the country next week. Egg receipts are heavier and most eggs are selling at 30 cents. Cash sales go at 29 cents. Eastern eggs move freely. The market is supplied with some excellent April stock, for which dealers are asking as high as 27 cents.

Heavy receipts of watermelons have no effect on prices, owing to a strong demand. There were far from being enough berries to go around this morning. Cherries were also in light supply.

Beef is a half cent lower at 7½ cents for dressed steers.

The Pacific Coast Condensed Milk Company today advanced the price of condensed milk 40 cents per case. The Bordens expect to raise their prices in a few days. This ends a long-drawn-out fight between the two concerns.

Spirited Wheat Bidding at Weston.

WESTON Or., August 1.—(Special.)—No wheat has been sold in the local market until yesterday, when spirited bidding brought out 70,000 bushels. All of this was bought by S. A. Barnes, agent of the Pacific Coast Elevator Company, at from 73 to 76 cents, according to grade. The sellers were Moses Taylor, G. DeGraw, James Ritchey, A. B. Woods, G. W. Staggs, J. H. Coffman, Alex Johnson, J. C. Turner and J. N. York.

At Athena yesterday 78 cents was paid by Dave Taylor for the W. P. Willaby lot, for which there was special competition.

PORTLAND LIVESTOCK MARKET.

Prices Current Locally on Cattle, Sheep and Hogs.

The poor quality of a good many of the sheep and lambs that have lately arrived here had the effect of turning prices downward. Mixed sheep were quoted yesterday at a decline of 25 cents, ewes were off the same amount and lambs were quoted down to 4 cents. A further decline in lambs is probable. The former prices of best wethers was maintained. There is a good demand for good cattle at steady prices and the condition of the week's receipts was quite satisfactory. Hogs were scarce and firm all week. There were no receipts yesterday.

The following prices were current on livestock in the local market yesterday:

NEW HIGH LEVELS

Stock Market Strong Most of Day.

READING IS THE LEADER

Realizing Sales Later Weaken Entire List—Good Impression Is Caused by Pennsylvania Report of Earnings.

NEW YORK, Aug. 1.—Reading led the market to higher levels today in continuation of the sudden movement which developed in that stock late yesterday. Other coalers were not markedly affected in company. Conspicuous trading stocks, however, were active and strong and touched new high levels for the year. The coppers were subjected to new profit-taking sales, following yesterday's sharp rise, but continued to advance. The realizing affected the whole list decidedly at the last.

Further consideration of the Wheeling & Lake Erie note settlement and its consequences enhanced its importance in the speculative view. It was reported that the trunk lines had decided to defer until December 1 any attempt to advance freight rates, the criticism of the proposal having proved discouraging. Suggestions of possible Federal intervention to try to settle the wage controversy of the Delaware, Lackawanna & Western were received with some misgivings.

The material reduction in operating expenses in June, affected by the Pennsylvania system, made a good impression on security holders.

An upturn in the price of wheat kept attention focused on the Spring wheat damage reports. It was not until the closing that the profit taking was allowed to affect prices. Reading's net gain of ⅛, after having sold 1⅝ higher than last night, is a fair index of the day's market as a whole.

Bonds were steady. Total sales par value $1,816,000. United States 2s have advanced ⅛ per cent on call during the week.

SMALL DECREASE IN CASH

SUBTREASURY OPERATIONS INFLUENCE BANK STATEMENT.

New York Institutions Now Have Percentage of 29.38 Reserve to Deposits.

NEW YORK, Aug. 1.—The Financier will say:

The official statement of the New York Associated Banks for the week showed an actual decrease in cash, instead of a comparatively small gain as was expected from the preliminary estimates. This loss was doubtless due to the operations of the Sub-Treasury with the banks, largely through the payments through these institutions to the Government of $5,000,000 on account of the Central Pacific subsidy indebtedness, which was finally cancelled last week, and also of transfers of $3,000,000 gold to Canada. It may be noted, however, that the average statement indicated a gain of about $4,000,000 cash and there was an increase in reserve shown by such statement of $2,567,325, whereas the report of actual conditions showed a loss of $1,144,250 to $57,263,475. Computed upon the basis of deposits less those of $9,228,000 public funds, there is a decrease of $1,148,275 reserve to $59,570,475. Loans increased $2,309,500 according to the averages; there was a decrease of $444,700 as shown by the actual conditions. Average deposits were greater by $6,413,100, while actually they were $869,800 less. The banks now have a percentage of 29.38 reserve to deposits; state banks show 30.60 and trust companies 26.60 per cent.

The statement of averages of the clearing-house banks for the week follows:

		Increase.
Loans	$1,273,230,900	$ 2,309,500
Deposits	1,365,401,300	6,413,100
Circulation	56,149,900	61,100
Legal tenders	79,120,500	*531,900
Specie	321,311,100	4,702,500
Reserves	400,433,900	4,170,600
Reserve required	341,350,325	1,403,275
Surplus	59,083,575	2,567,325
Ex-U. S. deposits	61,393,950	2,562,805

*Decrease.

The statement of banks and trust companies of Greater New York not members of the clearing-house shows that these institutions have aggregate deposits of $1,005,379,400; total cash on hand, $97,876,500, and loans amounting to $907,476,800.

SPRINGFIELD, Ill., Aug. 1.—Preparations are being made for the celebration on an elaborate scale of the 100th anniversary of the birth of Abraham Lincoln, on February 12, 1909. The exercises will be held in this city. The entire proceedings will be under the general direction of the Lincoln Centennial Association, of which the following are the charter members:

Melville W. Fuller, Chief Justice of the United States; Senators Cullom and Hopkins, of Illinois; Speaker Joseph G. Cannon, Adlai E. Stevenson, Governor Deneen, James A. Rose, Secretary of State of Illinois; Congressman Benjamin F. Caldwell, ex-Governor Richard Yates, of Illinois; Melville E. Stone, New York; John W. Bunn, of Springfield; Horace White, New York; William Jayne, of Springfield.

Invitations have been issued to the President, the members of his Cabinet, and to the Ambassadors, Ministers and Consuls of the foreign governments. Among those who have already agreed to be present if possible are Ambassadors Bryce and Jassuranb, William J. Bryan and William H. Taft.

The programme in Springfield will consist of formal ceremonies at the grave during the morning, a public meeting in the afternoon and a banquet at night. Two features of the celebration have been practically agreed upon and the educational authorities of each state will be asked to carry them into effect. These are that the same programme which will be carried out in Illinois be also observed in every schoolhouse in the country, and that at a certain hour of the day every school child in the land shall stand, and while facing in the direction of Springfield repeat the brief speech that Lincoln uttered as he bade farewell to his friends and neighbors in Springfield the day he left for Washington in 1861.

RUSH TO COVER

Scramble by Shorts Causes Bulge in Wheat.

CHICAGO JUMPS 2 CENTS

Big Advance at Minneapolis Taken as Confirmation of Damage Reports—Corn and Oats Are Also Higher.

CHICAGO, Aug. 1.—The bulls captured the wheat market this morning with the assistance of hot weather in the Northwest, the effect of which on the ripening crop may be detrimental. Black rust was a contributing factor. The market opened steady, September but slightly changed at 90⅛@90¼c to 90⅛c. A big advance at Minneapolis was taken as confirmation of damage reports and under excited covering by shorts. September advanced to 92½c and closed only a shade below this.

Corn was influenced by the continued dry weather over a large portion of the territory, where previous suffering has been reported. Reports were again numerous of damage aleady done and with this taken in connection with the strength of wheat, the market received a strong start and held it until the end. September sold between 74½c and 75⅛c and closed ⅛c up at 75c.

The oats market was firm in sympathy with other cereals. The general trade was light. September sold between 44@44⅛c and 45¼c and closed 1 cent over yesterday at 45@45⅛c.

Provisions again ruled firm. September pork closed at $15.85; September lard at $9.55, and September ribs at $9.07½.
