JUDGE SNELL IN SENATORIAL RACE

Hopes to Win Because of Possible Deadlock Between Jones and Ankeny.

LAST HOUR CANDIDATES

Time for Filing Closed at Midnight Saturday—Lists of State, Congressional and Judicial Candidates.

OLYMPIA, Wash., Aug. 8.—(Special.)—The time for filing declarations of candidacy in the office of the Secretary of State for nominations under the direct primary law expired at 12 o'clock tonight.

At the office of the Secretary of State, where state filings are made, this, the last day, brought several surprises. Judge William K. Snell, of Tacoma, Republican, figuring on a deadlock between Jones and Ankeny, due to holdover Senators and unpledged Legislators, filed his candidacy for United States Senator. W. E. Cromwell, of Tacoma, who a month ago, while holding a place in line for Link Davis, decided to file his own candidacy for State Auditor and who, next day, withdrew and pulled down his fee, again filed for Auditor.

Other Late Filings.

Other filings today, up till 4:30 P. M., were as follows:

Nonpartisan—Byron Millet, of Olympia, for Superior Judge, Mason and Thurston Counties. Democrats—For Secretary of State, Otis Johnson, of Tacoma; Congressman First District, B. D. Brown, Tacoma; Senator Fifteenth District, Henry J. Snively, North Yakima; Senator Twenty-third District, Walter M. French, Rolling Rock; Senator Thirteenth District, Mitchell Stevens, Ellensburg. Other filings may be made tonight, as the Secretary will receive them at his home until midnight.

For state and Congressional offices the Republicans will have from 45 to 50 names to select from for the 14 offices to be filled, the number varying with the Congressional districts.

Democratic Candidates Scarce.

The Democrats will have less than half that number, and on their ticket the second choice provision will apply only to the office of Governor. With the Republicans it applies to Governor, Insurance Commissioner, Congressman Third District and Attorney-General, for each of which offices there are four or more aspirants for the nomination.

Forms which have been prepared by the Secretary of State for the guidance of the County Auditors of the state in preparing the official primary ballots show that the framers of the law did not give much consideration to the voters having poor eyesight or palsied hands. It will take care and time for the man of normal faculties to vote the ticket properly owing to the smallness of the voting squares. The squares are one-sixth inch square, or just the size of what printers call a pica M quad. The legal requirements as to the instructions that shall go on the ticket and the spaces to be reserved make the use of very small type necessary in some instances.

Ballots to Have 200 Names.

It is claimed that in some counties the many filings for county and precinct offices will make up a total of about 200 names on some tickets to be voted.

The complete state, Congressional and judiciary ticket is given herewith, with the offices and names of candidates arranged in the order they will appear on the official ballot.

(Residence of each candidate given herewith, will not appear on the official ballot.)

COMES 4000 MILES TO WED

FLORIDA GIRL BECOMES BRIDE AT MIDNIGHT HOUR.

Daughter of St. Augustine's Police Chief Made Mrs. Burrell on Reaching Pendleton.

PENDLETON, Or., Aug. 8.—(Special.)—To travel 4000 miles, from St. Augustine, Fla., to Pendleton, Or., to meet the man of her choice and then to be married to him at 1 o'clock in the morning, was the unique experience of Miss Edith G. Rantin, daughter of the Chief of Police of the oldest city in the United States. The lucky young man is Jesse B. Burrell, a photographer of this city.

The ceremony was scheduled to take place Thursday afternoon, or shortly after Miss Rantin was to have arrived. A train wreck in the South caused her arrival to be delayed and a consequent delay in the performance of the wedding ceremony. She did arrive at 1 o'clock yesterday morning and was met by the man who was waiting to make her his bride. It was a short drive to the parsonage of the Methodist Church and Rev. W. T. Euster, the pastor, had been prevailed upon to sit up, so that within a few minutes after the arrival of the train they were man and wife.

Mrs. Burrell was born and brought up in St. Augustine and it was there that she made the acquaintance of the man who is now her husband, while he was stationed there in the naval wireless telegraph service. He recently resigned his position, however, and they will make their home in this city.

SELLS LAND FOR $410,000

Timber Deal in Washington County Involves 4800 Acres.

HILLSBORO, Or., Aug. 8.—(Special.)—One of the largest individual timberland sales ever made in this county's holdings was filed here yesterday, when a contract for the sale of 4800 acres in Washington County and 640 acres in Tillamook County was sent for record by L. B. Menefee, of Houston, Tex.

The seller was the John Schroeder Lumber Company, of Milwaukee, Wis. The buyer has six years in which to make payment, and until all is paid can cut no timber, the seller reserving the right to one-half of the mineral deposits. When half shall be paid, the buyer gets a deed and returns a mortgage for the deferred payments. The consideration was $410,000. This is over $75 per acre.

COUNTY'S RESOURCES VAST

Clerk Bailey, of Hillsboro, Gathers Land and Timber Data.

HILLSBORO, Or., Aug. 8.—(Special.)—County Clerk J. W. Bailey, in response to inquiries from the National Conservation Commission appointed by President Roosevelt, after meeting with the Governors, last May, has sent the following data relative to the natural resources of Washington County:

Total area in acres	440,000
Total acres cleared	94,215
Acres merchantable timber	250,000
Acres timber cut, 1907	1,000

Clerk Bailey reports an estimate of 4,500,000,000 of merchantable timber, and that but 15 per cent of the good standing timber is in the heads of farmers or individual holders.

SECURES CHEMICAL ENGINE

Hillsboro City Council Provides for Better Fire Protection.

HILLSBORO, Or., Aug. 8.—(Special.)—The City Council has received a new two-cylinder chemical engine for use in the Hillsboro Fire Department. This with the two hose carts and hook and ladder, will give the town adequate fire protection. The new steel reservoir, for supply purposes, is now being installed.

It is the intention to refer the matter of water supply from the mountains to the voters at the December election.

Death Claims Pioneer of '49.

ROSEBURG, Or., Aug. 8.—Death yesterday summoned one of Oregon's earliest pioneers, Enoch Wimberly, of this city, aged 78 years. A native of Mississippi, Mr. Wimberly crossed the plains into Oregon in 1846. He was a veteran of two Indian wars, serving first against the Cayuse tribe in the Walla Walla Valley, in 1847, and afterward, in 1856, against the Rogue River Indians in Southern Oregon.

Mr. Wimberly first settled near Salem, but discovery of gold in California in 1849 lured him to that state. Coming to Douglas County in 1854, Mr. Wimberly settled near Roseburg, and three years later married Miss Nancy A. Marks, an Oregon pioneer of 1853, who survives him, as do the following sons and daughters: L. Wimberly, editor and proprietor of the Roseburg Review; Ira Wimberly, a merchant of Drain; Mrs. C. L. Clevenger, of Grants Pass, and Elmer E. and Miss Elva Wimberly, of this city.

FIRE NOT CHECKED

Blaze in Woods Near Grants Pass Aproaches Town.

BURNING IN DRY GRASS

Flames Bear Down on Jones Valley and Threaten to Destroy Farm-Houses—Big Force Fighting Conflagration.

GRANTS PASS, Or., Aug. 8.—(Special.)—The forest fire burning north and east of town is still on the aggressive and is bearing down on farmhouses and ranches in Jones Valley, threatening to sweep that entire district, regardless of men who have been attempting to check it. About 50 men patrolled the district last night along the county road leading to Gold Hill and Jones Valley, but despite their efforts the fire leaped across the road and swept through the river bottom, burning fences and about 150 cords of oak and manzanita wood in its path.

Relief was sent out today and tonight automobiles are carrying to the front extra men for united effort to save Jones Valley and the surrounding country. There is some danger from that portion of the fire which crossed the county road and is now burning along the river bottom, coming through the dry grass into fields near the box factory, thus placing the entire east side of town in a disastrous position from grass fires.

FAMOUS BIG TREES ARE SAFE

Fire in Calaveras County Brought Under Control.

STOCKTON, Cal., Aug. 8.—Special telephone messages to the Mail from Angels and Sonora are to the effect that the forest fire, while covering a wide area, has only burned scrub timber. Only three bents, or 60 feet of the Utica Company's flume was burned and repairs have already been made.

The report that the fire is under control has been confirmed, though it is still being fought. It has jumped the North Fork of the Stanislaus River, but has not yet reached the Middle Fork.

The fire approached the famous Calaveras big trees, and was only stopped by the heroic efforts of 600 men, who worked with the forest rangers in fighting the flames. Deer and other game were driven into the valley by the hundreds. It is believed that all danger is over.

PERDUE'S BODY EXHUMED

Coroner Brown Secures Further Marks of Identification.

HILLSBORO, Or., Aug. 8.—(Special.)—Coroner E. C. Brown early this morning exhumed the body of E. Perdue, the man found murdered near Timber, the latter part of July. Exhumation was made in order to examine the man's teeth to ascertain whether or not there was an upper plate, in response to inquiry from a Portland man, who believed the dead man might have been his brother.

The examination showed that Perdue's teeth were all in excellent condition and there were no identification marks save the two upper and two lower back teeth, in the left jaw, which were filled with amalgam.

The Coroner discovered three sharp holes in the right coat sleeve, close to the wrist, and he thinks these were made by the sharp prong of the timber board fulcrum, a piece of wagon tire, 18 inches in length, and with which the murdered man was struck on the head. This is the instrument found at the Burkholzer cabin and it is covered with congealed blood.

PLAYS INDIAN; LOSES EYE

Eight-Year-Old Pendleton Lad Receives Serious Arrow Wound.

PENDLETON, Or., Aug. 8.—(Special.)—While playing "Indian" with other little boys, Albert Follett, aged 8 years, received an arrow shot in the eye, which will leave the sight permanently injured, if not totally destroyed. The arrow, which was fired from a bow in the hands of Harold Godeck, struck the unfortunate boy in the left eye, piercing the outer coatings just above the pupil.

A physician was called and everything possible is being done to save the sight, but as it is almost improbable that the wound will heal without leaving a scar, there is little doubt but that the sight will at least be dimmed during the remainder of his life.

Tomorrow, Monday, will positively be the last day for discount on West Side gas bills. Portland Gas Company. **

TAX DECISION IMPORTANT

TONGUE COMMENTS ON COLUMBIA COUNTY'S VICTORY.

Believes Timber Holders Will Not Appeal From McBride's Decision—Millions Involved.

HILLSBORO, Or., Aug. 8.—(Special.)—District Attorney E. B. Tongue, who so successfully tried the Columbia County timber tax cases, is very much gratified over the decision of Judge McBride, sustaining the assessments, in the main, of standing timber.

Mr. Tongue, in commenting on the cases, and their importancet to affairs of taxation, said that, had the timber companies won out, Columbia County would have lost thousands of dollars annually, in taxation, which would have fallen upon small holdings. The Blodgett Company asked for a reduction of nearly $250,000 on their assessment, while the Benson Logging Company wanted a cut of 50 per cent on nearly $2,000,000 assessed values. Mr. Tongue said:

"It is hardly likely that the timber companies will appeal to the Supreme Court, although the litigation involves millons of dollars in the end. The assessment of standing timber has not long been in vogue in Oregon, and its introduction into the administration of public affairs came when big corporations commenced getting title to valuable timber for speculative purposes. Columbia County was not over san guine as to the result of the cases, because of the differential of values between the Columbia River slope timber, and that over in the Nehalem, where it was much harder to get out to traffic channels. The decision is of much value to Oregon counties where timber is an asset of considerable dimensions."

Gilbert Hedges and the Columbia County deputy, W. H. Powell, assisted Mr. Tongue in briefing the cases tried.

To Improve Astoria Phone System.

ASTORIA, Or., Aug. 8.—(Special.)—M. J. Dillman, special agent of the Pacific States Telephone Company, has arrived in the city from San Francisco, and says his company will put in an entire new system here, including the erection of a brick building for the company's headquarters.

ENTERTAINED AT MEDFORD

Portland Y. M. C. A. Boys Dined and Driven About City.

MEDFORD, Or., Aug. 8.—(Special.)—Fifteen members of the Y. M. C. A. of Portland arrived in this city this morning enroute to Crater Lake, to which place plans had been made to proceed on foot, taking the trip by easy stages and completing it in about four days. Medford, however, did not see fit to allow these young men to pass on in this manner, and on arrival of the train a number of representatives of the city were present to meet and escort them to the Hotel Nash, where an elaborate luncheon was given in their honor.

The president of the Commercial Club gave an address of welcome to the party, and after luncheon was served the entire party was taken in automobiles about the city and fruit orchards and then to the Bybee bridge on Rogue River, where camp for the first night had been arranged. There the party will fish tonight and spend Sunday, and on Monday morning will proceed on the journey toward the lake.

WANT TO BUY WATER PLANT

Grants Pass People Complain of Present Company's Service.

GRANTS PASS, Or., Aug. 8.—(Special.)—One of the largest petitions ever presented to the Council came before that body last night and was granted. About 300 business men and taxpayers represented that it was the wish of the public that water-consumers be given an opportunity to vote on the question of buying the Rogue River Water Company, or installing a new plant to be owned by the city.

The Council finally decided to put it to a vote to buy out the local company for $94,000. Present water rates are regarded as practically exorbitant.

WOMEN AID IN CIVIC WORK

Auxiliary to Commercial Club Organized in Dayton.

DAYTON, Or., Aug. 8.—(Special.)—The women of Dayton have organized an auxiliary to the Dayton Commercial Club and will give an entertainment once a month to raise funds for civic improvement work.

Officers of the new organization are: Mrs. Mary A. Gilkey, president; Mrs. Martin Miller, secretary. The first event was a festival in the City Park today. A programme was rendered. Patronesses of the event were Mesdames Gilkey, Barry, McCann, Swick, Miller, Wamsbgans, Filer and Woolworth.

Death of Samuel Thomas Roman.

OREGON CITY, Or., Aug. 8.—(Special.)—Samuel Thomas Roman, son of J. A. Roman, died at the family residence at Mount Pleasant on Friday evening at a late hour, after an illness of several months of catarrh of the stomach. Mr. Roman conducted a small printing establishment in this city. He was a prominent Mason, being Tyler of Multnomah Lodge No. 1, A. F. and A. M. The funeral will be in charge of that order and will take place at 2 o'clock this afternoon at the residence. Mr. Roman leaves a father, mother, six sisters and one brother.

Float Anubis Today or Monday.

SANTA BARBARA, Cal., Aug. 8.—The wrecked steamer Anubis, if all goes as expected, will tomorrow or Monday be on its way to San Francisco. Satisfactory progress has been made in removing the barley in the hold with pumps. It is believed the holes in the hull can be patched up so that the vessel can be towed to port.

HUNTED FOR GOLD IN 49

HENRY ALLEN, OF SILVERTON, DIES AT AGE OF 80 YEARS.

Crossed Plains Twice and Settled on Farm in Marion County in Fall of 1852.

SILVERTON, Or., Aug. 8.—(Special.)—After an illness of several months, Henry Allen, one of the first settlers of Silverton, died at his home in this city at 4 o'clock yesterday afternoon. The funeral will be held in the Methodist Church Sunday afternoon, Rev. Paul Bandy, of Salem, officiating.

Henry Allen was born in Tennessee June 6, 1828, and moved with his parents to Pike County, Illinois, in 1830, where his father, Abner Allen, engaged in farming. During the gold excitement of 1849 and at the age of 21 years he joined with a party of young men and crossed the plains to California, where for some time he engaged in searching for the precious metal. Being moderately successful in his work, he invested his money in a pack train, which he purchased for $4000, and started from what was then known as the Trinity district to Shasta County, carrying with him all kinds of precious tools. On the Trinity River Indians surprised his camp at supper time one evening and took from him his entire possessions, killing all his mules. He then went into the rich placer mines now known as French Gulch, where he soon regained his losses and returned to his home in Illinois late in 1851 by way of Lake Nicaragua and New Orleans.

On February 14, 1852, he was married to Miss Frances Elmira Rockwood, daughter of Roderick Rockwood, also a pioneer settler of Pike County, Ill. Soon after their marriage Mr. and Mrs. Allen joined with his father's family and crossed the plains with ox teams, arriving at Salem, Or., late in October, 1852, where they lived until early in 1853, when they moved to a farm on Waldo Hills, near Silverton. In 1866 Mr. Allen purchased and moved upon the Pitman donation land claim three miles south of Silverton, where he resided with his family and engaged in farming until 1902, when he rented his farm and purchased a home in this city, where he resided with his wife and daughter, Della, until his death.

Mr. Allen is survived by his widow, Mrs. Frances E. Allen, three sons and two daughters, namely: Timothy D. Allen, of Silverton; Roderick D. Allen, present County Clerk, Salem, Or.; and Harvey L. Allen, of Missoula, Mont.; Mrs. L. F. Mascher and Miss Della Allen, of Silverton.

Mr. Allen is survived by only two members of his father's family, viz.: Mrs. Francis Coolidge, wife of the late A. Coolidge, and Mrs. Mary Blackerby, both sisters, living in Silverton. His mother died in the Rocky Mountains while en route to Oregon in 1852, and his father died in 1891 at the advanced age of 89 years.

Henry Allen, of Silverton, Who Died at His Home.

SURGEONS OPERATE AT SEA

Liner Cedric Stopped in Midocean to Aid Them.

NEW YORK, Aug. 8.—While in midocean the Cedric, of the White Star Line, was stopped for nearly three hours last Sunday afternoon so that a surgical operation could be performed on Mrs. Thomas Trebell, of New York, a cabin passenger.

Mrs. Trebell, who was returning with her husband from a visit to friends in England, was taken suddenly ill, and the doctor called in consultation. He decided that an operation was necessary to save the woman's life.

Captain C. A. Bartlett, commander of the Cedric, was informed that the least possible motion of the ship was required in the operation-room, and a notice was posted telling the passengers that the ship would be stopped for a time after 1:30 o'clock on Sunday afternoon.

Two surgeons participated, and the hospital staffs and nurses on the ship were through with their work after an hour's delay, but the condition of the patient was so critical that the ship was not sent ahead at her normal speed for two hours more. On her arrival yesterday Mrs. Trebell was taken to the New York York hospital, and it is believed she is on the road to permanent recovery unless new complications set in.

PRINCIPALS IN PRETTY FOREST GROVE WEDDING

DR. AND MRS. C. E. MORRISON.

Miss Jessie McDonald, oldest daughter of Mrs. E. L. McDonald, of Forest Grove, and Dr. C. E. Morrison, of Pullman, Wash., were married at the residence of the bride's mother on Wednesday afternoon, August 5, Rev. Herbert Boyd officiating. Miss Pearl Harrison, of Walla Walla, was maid of honor, and Miss Jessie Morrison, sister of the groom, played the wedding march. The ceremony was performed in the main parlor in a bower formed of palms, ivy and ferns, the entrance being draped with tiny ribbons.

At the conclusion of the ceremony Dr. and Mrs. Morrison received the congratulations of their friends, after which refreshments were served by Misses Helen Bishop, Vera Leach and Lila McDonald. Later Dr. and Mrs. Morrison left for Portland. They will probably make their home in Philadelphia.
