So strict were the regulations for keep-ing the people off the streets, that the Mayor caused a postponement of the opening performance of "A Broken Idol," a new musical opera which was to have been presented by the Whitney Musical Company, of Chicago. One of the num-bers in the performance entailed the ap-pearance of white men in the guise of negroes and it was largely on this acint that the Mayor took this action.

Another Wounded Man Dies.

One death was recorded today as a result of the riots. John Caldwell, who was a spectator of the fighting in East Spring-field, died in a hospital from the effects of a bullet wound in the stomach. His death brought the total up to three, the other victims being Louis Johnson, who was killed when Loper's restaurant was wrecked, and Scott Burton, an aged ne-gro, who was lynched at Twelfth and Madison streets early this morning. Of the wounded, Frank Delmore and Theo-dore Scott, both of whom were shot through the lungs, are not expected to live through the night. William Bowe has a fighting chance for life, according physicians. The other seriously in

Governor Relieves Negroes.

All day timid negroes have been leav ing the city with their families and such possessions as they could hurriedly pack. This exodus took place despite the assurance of the Governor that full pro-tection would be afforded to those who remained in their homes. The Governor aiso took steps to alleviate the distress of the families whose homes or places of business were destroyed by the mob. A refugee eamp was established at Camp Lincoln, and Companies D and H of the Fifth Regiment were sent to guard it. Loper Flees to Michigan.

Harry Loper, whose restaurant was wrecked after he had assisted the Sheriff in spiriting away two negro prisoners from the jail, left late today for a resort in Michigan. He took the members of his family with him, but refused to disclose their destination. Mr. Loper, in common with other property-owners who suffered loss at the hands of the mob, was notified by the insurance companies foday that all policies were rendered void by the riot. Under the statutes the city and county are each responsible for the property losses and special assessments will be levied to cover the damages.

Mr. Loper said of the riot:

"I have been through one riot, in Cincinnati in 1883, the greatest in this country, when 180 men were killed. It was to avoid loss of life that I took those men out of town. I did not favor the men; I have no interest in them whatever, land would go just as far to punish them as anybody, but after going through the Cincinnati riot, and knowing his Sheriff as I do I knew he would be this Sheriff as I do, I knew he would be killed first before he would let the jail be taken. I thought I would save lives by removing the colored men.

And the performance, likewise, is on a grander scale. It is European in makeup, embracing the noveliles that have recently appeared abroad. The feature of the circus is the dual automobile somersault act with the name "Autos that Pass in the Air." It reaches a point of daring that is beyond undergranding and more wonderful still.
