CAPTURED BY OREGON SCENERY.

Barry, of Dayton, Or., returned yesterday from Des Moines, Ia., where he attended the annual convention of the American Association of Mutual Insurance Societies. The next convention will be held in Portland, the exact dates to be selected later. Mr. Barry said it was an easy matter for the Oregon delegation to capture next year's convention on account of the widespread interest in this state that is shown throughout the East. A great help in securing the convention, said Mr. Barry, was the set of enlarged photographs of Oregon scenery furnished by the O. R. & N. Co. W. C. Haggerty, of McMinnville, was elected vice-president of the National association. It is expected that about 600 insurance men from all parts of the country will attend next year's session in this city.

WANTS TO WED BY PROXY.

An immigrant from Holland, who would give his name, applied to County Clerk's office yesterday forenoon for a marriage license. When asked where the prospective bride was, he said she had not arrived yet from Holland, but is expected in Portland within the next five months. He suggested that the license be made out in favor of his brother, now in Holland, who might give his name as proxy. He said that practice is commonly followed in his native country and was inclined to be indignant when told he would have to wait until the bride-to-be arrives before he can marry her in accordance with American laws and customs.

At that meeting arrangements will be made for regular meetings for a time at least. Proposed amendments to the charter will first be considered by this committee and then submitted to the Charter Board. Mr. Rice said yesterday that the purpose of the advisory committee has been well commended.

LIGHT FOR DANGEROUS CORNER.

H. W. Hodges, secretary of the Mount Tabor Improvement Club, will, in behalf of that organization, ask for an electric light on Base Line road at its intersection with Scott avenue. There is constant danger of accident at this point. With an electric light, however, it would be greatly lessened. City Electrician Savarian and assistants yesterday began the placing of new fire-alarm boxes in what is known as the underground district, including all of the business section on the West Side. The system does away with all overhead wires so far as the Fire Department is concerned.

SAY THEY ARE GUILTYLESS

ALLEGED POSTOFFICE ROBBERS IN COURT. Government Inspectors Believe Their Prisoners Participated in Two Other Crimes.

Bert Allen, George Dunbar and James Davis, alias "Blackie" Davis, charged with robbing the Troutdale postoffice last month, were arraigned before United States Commissioner Cannon yesterday. Being not guilty, their preliminary examination was set for September 5. In the meantime the trio will be held in the Multnomah county jail in default of their release.

POSTAL INSPECTOR RICHES SUSPECTS THE THREE MEN OF THE DALLAS ROBBERY.

Postal Inspector Riches suspects the three men of the burglary of the Troutdale and Kelso postoffices but will endeavor to connect them with the Troutdale crime when robbers took \$245 of the funds of the Government and nearly \$500 belonging to a storekeeper in whose place of business the postal station was located.

THE NAMES GIVEN BY THE THREE MEN, who were arrested at the Dallas robbery, are known to be assumed, but the Federal authorities have knowledge that Allen was arrested in Tacoma June 23, last, on a charge of carrying concealed weapons.

THE NAME OF BURR, who was arrested in a sentence in jail. As for Davis, representative of the Government have been notified of the robbery of the Troutdale robbery. At that time he was suspected of the crime and when detected at the Dallas, he and his two companions were taken into custody. Davis has served a term in the Dear Lodge (Montana) penitentiary.

MONEY ORDER FORMS STOLEN

Postal Authorities on Lookout for Attempts to Pass Them.

Postal authorities at Portland have been notified of the theft of money-order forms 4501 to 4800, inclusive, from the Postoffice at Seaside, Nev. Twenty-three of these blanks already have been forged and cashed, while 101 of the orders, numbered 4700 to 4800, inclusive, have been recovered, leaving 68 others unaccounted for. The last attempt made to pass these money orders was on July 15 last, so far as the Postoffice at Seaside is concerned, but it is suspected that efforts will be made to obtain money on the other 68.

CO-OPERATION OF MERCHANTS AND ALL classes of business men is necessary if the guilty parties are to be apprehended.

"The favorite scheme of thieves taking these money-order blanks at a store on merchants and saloon men Saturday nights. They never undertake to cash them at the Postoffice, knowing that they are sure to be detected, and for that reason they rely on the unsuspecting business man to accept these forged money orders. If merchants will be on the lookout and notify us of any attempt to cash suspicious money orders they can assist us greatly in running down the men for whom the Postal authorities are searching."

Blanks Are Sent to All Eligible Who Make Request of Quartermaster-General's Office in Washington.

There would seem to be some sort of misunderstanding in the ranks of veterans of the war with Spain and subsequent Philippine insurrection concerning proper method to be observed in obtaining the Congressional medal. The War Department's regulations are simple enough, and those who served in the volunteer and regular service and who are entitled to receive these medals only have to make application to the Quartermaster-General's department, Washington, D. C., for the award of one of these medals and forthwith he will be sent an application blank to be filled in. If he is entitled to receive the award, it will be forwarded to him upon the return of the blank.
