MASKETTE WINS GREAT FUTURITY

Slim Crowd Sees Keene's Filly Take Race Worth \$25,000 to Victor.

BIG FIELD STAND EMPTY

Strict Enforcement of Anti-Betting Rules Cuts Attendance From Possible 50,000 to 12,000—Madden's St. Martin Second.

NEW YORK, Aug. 29.—With both the law and the management of the Coney Island Jockey Club frowning on betting, and the racing public knowing it only too well, there was, in comparison with former years, only a corporal's guard in attendance this afternoon at the running of the Futurity at Sheepshead Bay when J. R. Keene's brown filly, Maskette, easily captured the classic event. The spectators numbered about 12,000, while the record for attendance on this feature is close to 50,000. But an entirely different impression was created by a view of the great three-decked field stand, devoid of a single spectator, where on former occasions there have been such enthusiastic thousands. The immense grandstand and the spacious lawn in front of it in reality were only sprinkled with devotees of the sport, for 12,000 or so that were present were hardly enough to give the appearance of filling the great place.

Select Crowd Attends.

Everybody agreed that the character of the attendance was very high and also it was held by all that the glorious weather ably supplemented the magnificent field that was entered for the race in attracting as many as did attend.

There was absolutely no betting. The Futurity was the fourth race on the card and it is said some attempts were made to lay some wagers on the first race, but a quietus was put on it. The Jockey Club had posted notices about the grounds warning against betting, and the same notice, drawn up as drastically as the stewards could make it, adorned the programme.

There were nine starters in the Futurity, only one more than last year, when the entries were the smallest in number that ever competed in the race, J. R. Keene had two entries and there were experts galore at the track who figured that he would win both first and second places. He got first with Maskette and third with Helmet. The filly ran a pretty race all the way and won by fully three lengths in the magnificent time of 1:11.1-5, thus equalling the best time for the race.

Sir Martin Is Second.

J. E. Madden's chestnut colt Sir Martin, running fifth all the way, rapidly forged to the front near the end and got second place by a head from Helmet. Mr. Keene's other entry, The value of the race was \$25,000 to the winner.

A striking fact in connection with the Futurity field this year was that practically only very wealthy men had horses considered good enough to strike for the rich prize.

Of the nine starters, J. R. Keene owned two, Harry Payne Whitney two, August Belmont, Herman B. Durvea and P. S. P. Randolph one each, and John E. Madden two.

READVILLE MEETING CLOSES

DeWit Wins \$9000 Massachusetts Stakes in Three Straight.

BOSTON, Aug. 29.—DeWit, owned by E. S. Burke, Jr., of Cleveland, and driven by Billy Andrews, the Buffalo reinsman, headed the summary of the classic \$9000 Massachusetts stake at Readville race track today, the closing day of the grand circuit meeting, by capturing the first two heats, the final going to the California product, Carlokin. Andrews led all the way in the heats he won with DeWit, and in the last was not headed till in the very last strides, when Carlokin nosed him out. The Eel had everything his own way

in the Readville, George Gano, the second best starter, not being capable of extending the winner. Edgers was back of George Gano. The Eel is the property of F. W. Estricker of Woodstock, Ontario, and is the pacing sensation of the Grand Circuit.

John Madden's noted trotting mare, Hamburg Belle, played wits, the field opposing her the Ponka-Pog and it was Andrews' second victory of the day. Locust Jack, the entry of the Farley stable, caught the judge's eye for second place. Chance won, Bell-ancker second, Esther B. third; time, 1:41.

One mile—Piquet won, Corytus second, Black Dress third; time, 1:43.

EWING FOR EIGHT CLUBS

FAVORABLE TO M'CREIDIE'S PLANS FOR LARGER LEAGUE.

Declares, However, Obligations to Southern California Must Be Considered First.

SAN FRANCISCO, Aug. 29.—(Special.)—Speaking with particular reference to the agitation that is going on in Portland for an eight-team league with four cities in the North and four in the South, J. Cal. Ewing, president of the Coast League, who returned a couple of days ago from Los Angeles, said:

"At our last annual meeting in December, at which time all of the clubs were represented personally, we agreed to give a franchise in Southern California to R. F. Goings and his associates, the location of the club and other data to be decided upon at some later time. I have never been unfriendly to the eight-club league as spoken of by Judge McCreddie, of Portland, but was obliged to go to Los Angeles to look over the field.

"There I found there was a general demand for continuous baseball and as the people were prepared to put up their money, the league was obliged to live up to its obligations in the matter. I have already written Judge McCreddie to look over the northern field. If he can find two more clubs, I am heartily in favor of an eight-club league. I have asked him to give the subject thorough consideration, and have also asked him if he will be able to present at a meeting to be held in this city some time before September 15, in order to finally settle upon our plans for the coming year. We appreciate what Portland has been to us, but there are certain obligations in this state that we must carry out."

Chehalis 6; Vancouver 1.

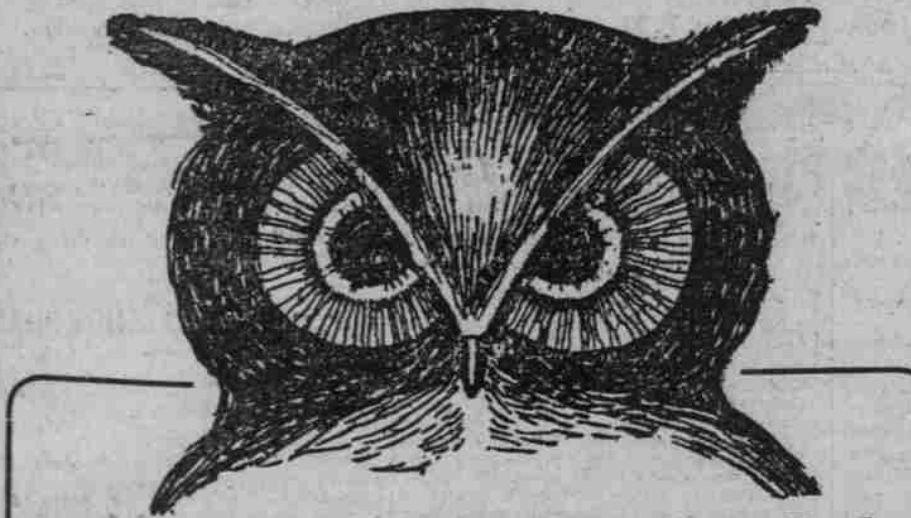

CHEHALIS, Wash., Aug. 29.—(Special.)—Chehalis defeated Vancouver, of the Tri-City League, this afternoon in a one-sided game, the final score being 6 to 1. This makes the twenty-sixth victory for Chehalis, which beats the world's record by five games. Batteries: Chehalis—Osborne and Ruff; Vancouver—Conannon and King. Osborne struck out three, passed four and allowed but three hits. Conannon struck out one, passed two and was touched up for 12 hits, six of them being in the first inning. Empire-Downa.

Duck Season Opens Tuesday.

With the opening of the duck season Tuesday about 150 hunters from Portland are expected to journey out to try their luck at the sport. Plenty of birds are reported and the season, it is hoped, will be good. Deer Island, Savies Island, Scappoose and Columbia Slough will be the reserves most hunted. The steamers Iraida and America leave at 2:30 P. M., and the Astoria train at 6 P. M.
