

MURPHY'S FRODO OF HARMONY

Democratic State Convention in New York to Be Rough-House Affair.

BRYAN'S FRIENDS BITTER

Declare Boss Has Ruined Party's Chances and Threaten Vengeance. Throw Out McCarren Delegates Is Tammany's Order.

BY LLOYD F. LONERGAN.

NEW YORK, Aug. 29.—(Special).—That the Democratic State Convention, which will convene at Rochester on September 15, will be a regular Bonnybrook Fair is clearly indicated by recent developments.

The only thing left for real Democrats is to take a whack at every Murphy head, regardless of what office it may be a candidate for.

Some doubt had existed as to exactly how much "harmony" would be allowed by the rulers, or rather the ruler of the state organization.

Ask Murphy to Be Good.

He explained that a number of up-state counties were controlled by ardent followers of Bryan who never have had, and never will have, any use for Tammany Hall.

"We (Tammany Hall) want nothing of the collaboration of Kings except that they should send to the general councils of the party honorable and clean men, with whom decent men from other parts of the state may associate without shame."

"This last provokes from Comptroller Metz the following vigorous reply: 'Coming from Murphy, who formerly was a leader in an East Side grogery, this is the scream of the campaign. Brooklyn never had a red light district or legalized vice such as has flourished under Tammany Hall.'"

Murphy makes no account of the fact that if McCarren elects delegates to the state convention, that they will be unceremoniously fired out.

"Don't worry about the voters, Murphy will seat every man we sent to Rochester."

It is said at Tammany Hall that Murphy's declared aim is to make no peace with the McCarren organization was influenced to some extent by the fact that Governor Hughes is now assured of a renomination by the Republican State Convention at Saratoga.

Cold Comfort for McCarren.

The McCarren Democrats who desire to knife the Murphy ticket will be confronted with the alternative of voting for Hughes or supporting the Hearst candidate to be nominated by the Independence League.

There are men in the anti-McCarren organization who are not so full of fight as Murphy. These would be willing to agree to a compromise leadership which would be supposed to be fair both to McCarren and the men in the districts who now oppose him as county leader.

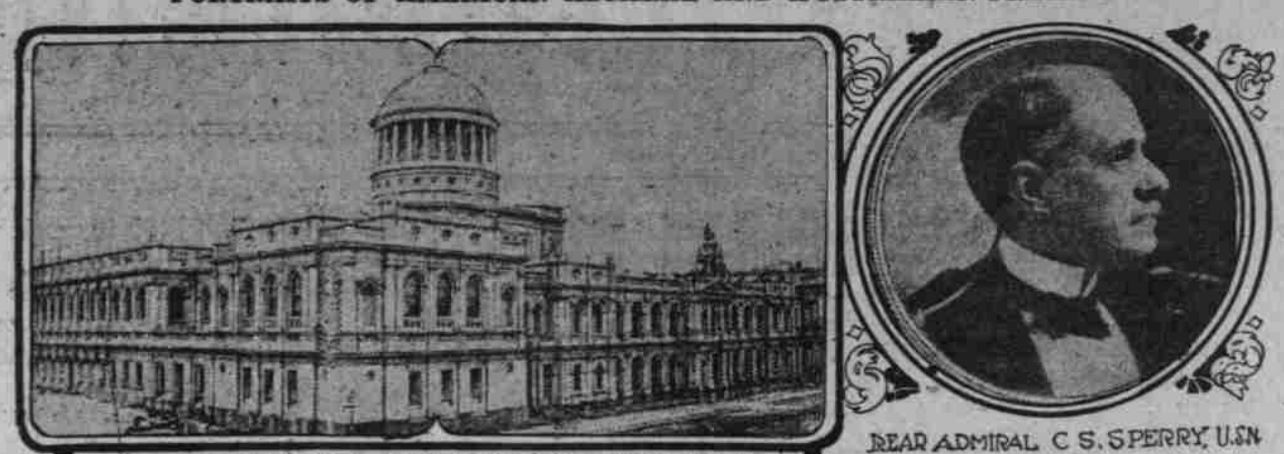

There is certain to be a rare mixup when the rival Democratic factions in Brooklyn come to put their respective tickets for local offices in the field. The allies of Murphy will lay claim to being the regular Democratic organization with the sole right to use the official party column on the ballot.

It is also likely that the defeated candidates will land on the ballots "in petition" and every good Democrat will be expected to cut his ticket freely.

While Murphy will not comment on the interview he issued the other day, his leader who is close to the Big Chief had this to say:

"It will be a fight to a finish, without truce or quarter, until there is an end of the Brooklyn Senator's leadership. Many up-state leaders have been trying to bring about harmony, but Murphy, playing an open-handed fight to stab the back. He is convinced that McCarren will do all he can to beat the state ticket regardless of any attempts that might be made to placate him. McCarren's organization will send delegates to the Rochester convention,

NEGRO BISHOP VEHEMENTLY ASSAILS REPUBLICANS.

Says Candidate Is Party With Roosevelt in Conspiracy to Assist 'Lily Whites.'

NEW YORK, Aug. 29.—Henry Watters, of Kentucky, editor of the Louisville Courier-Journal, today gave out in this city an advance copy of an address which he is to issue by Bishop Alexander Walters, of the African Methodist Episcopal Church, to the colored people of the country.

Watters accuses President Roosevelt and the Republican candidate of having "practically endorsed the 'lily white' movement in the South, which has for its ultimate object the practical elimination of the negro from politics."

Watters also adds that the appointment of the Hon. Luke E. Wright, of Tennessee, an ex-Confederate soldier and Democrat, to succeed Mr. Taft as Secretary of War was "a bid for Democratic support."

"The Republican party," he continues, "has shown itself impotent to enact their legislation in our interest. This is evident from its failure to have Congress pass a bill to have lynchings tried in Federal Courts."

Watters also accuses the Democratic party of having "practically endorsed the 'lily white' movement in the South, which has for its ultimate object the practical elimination of the negro from politics."

BANQUET TO SPERRY

MAKES CALL ON GOVERNOR

Crowds Cheer American Naval Officer as He Is Driven Through Streets of City—Elaborate Programme on Monday.

MELBOURNE, Aug. 29.—The first day of the sojourn of the American fleet in this port has seen little ceremony, as Monday is the day set for the formal landing and the public reception.

After imposing progress of the American warships through Port Phillip Bay this morning to their anchorage in Hobson's Bay, where they lie white and glistening off St. Kilda, Admiral Sperry, the commander-in-chief, accompanied by the members of his staff, landed at the St. Kilda pier at 3.30. The Americans were escorted to carriages and driven four miles through the suburbs into Melbourne proper.

The principal function of the evening was a state dinner to the senior officers of the American fleet at the Government House. Forty covers were laid, and the guests included the British and American Admirals, the senior officers and the federal and state ministers.

The Swagger Sort

Good Dresser, he must know that his clothes are PUT UP RIGHT. There can't be any of the EAR MARKS of Shelf Goods on them. You might as well try to fool a Bank Teller with a BUM COUNTERFEIT as to expect PEOPLE WHO KNOW to think you were wearing SWAGGER CLOTHES when you were flashing HAND-ME-DOWNS. Dont take the advice of "Mr. Few Clothes" that you can PUT UP THE FRONT just as strong with two new CHEAP SUITS as with one MADE-BY-A-TAILOR Suit. The public doesn't size you UP by the number of suits you wear, but by the QUALITY AND FIT of your clothes. You dont have to DIG any harder to wear clothes of the SWAGGER SORT, than for those that look always as though they had been BORED for the occasion. We BUILD TO YOUR MEASURE Clothes that always make you feel WELL DRESSED, no matter where you are. The College Fellows know this. They tell us our clothes are the PROPER DOPE at school. This Fall our stock is full of the latest patterns for College Clothes. Suits that MAKE THE BIG HIT can be had at TWENTY TO THIRTY PLUNKS. Remember the Place. and we will kick them out. At the Carnegie Hall gathering we gave Pat a chance to make a roar, but we will not do it this time. He will be thrown out on the spot, and neither the state committee, which makes up the temporary roll, or the committee on credentials will devote a minute's attention to him.

Both will proceed on the theory that the number of votes cast for McCarren cuts no figure in the matter at all. He is an outlaw and a traitor, and has no more right to intrude on a Democratic convention than would the Sultan of Turkey or the Ahkood of Swat. He will simply be told to go away, and if he doesn't start quick the sergeant-at-arms will throw him out bodily. If McCarren wants to talk he can write to newspapers, or hire a hall of his own. But real Democrats will not consent to associate with him on any terms whatever. McCarren came out a while ago and said that "any candidate for Governor or any other state office who wears Murphy's tag will be defeated, horse, foot and dragons." Well, we will give him a chance, to prove it if he can.

Brooklyn Bunch Knockers. "This Brooklyn bunch have always been knockers. You never can count on their voting the ticket. They are always screaming, and this year we will give them something to scream about."

McCarren replies to Murphy by calling him a "fig head" and a few other pleasant things. The Brooklyn leader believes Murphy's outburst will help him at the primaries on September 8, and that is the general opinion in the City of Churches. The Senator's chief asset in the primary fight has been that the opposition to him was engineered by Murphy, who planned to Tammanyise Brooklyn. This, says the McCarren men, has been absolutely proved by the boss himself, and they figure that it means many thousand additional votes.

"We are chastened by long suffering," said one district leader today. "We have had more (political) bolts than Job, and more trouble than Jeremiah. And we are prepared to stand anything except the kind made into a tail of the Tammany kite. Murphy has helped us by talking against us."

Another distinguished patriot who is going around these days uttering wild yelps of sorrow is the Hon. Sam Gompers, boss of the American Federation of Labor. Gompers has not yet recovered from his visit to the Central Postal Union in Manhattan, where he introduced resolutions tending to pledge labor to Bryan. Long before the meeting agents of the Gompers gang were out recruiting labor to defeat its enemies at the polls. The Republican party was not mentioned, but the anti-union plank of the Denver convention was warmly praised.

After Gompers had made a plea for funds "to aid in the defeat of the enemies of labor," he was voted the princely sum of \$15, but only after a running debate that rocked the building.

Plain Talk to Gompers. Here are a few things that Gompers was told, "right in open meeting": That time and again the trades unions had been warned to steer clear of politics. That there was no reason why the Central Postal Union should become an ally of the Democratic party. That the only Democratic President in forty years "sent U. S. troops into Chicago to shoot down American Railway Union strikers." That Governor Flower, the last Democratic executive in this state, sent militia to cow the miners in Colorado, and that in Pennsylvania, under Governor Pattison (Dem.), a militiaman was strung up by the thumbs for sympathizing with strikers.

Vice-President Albert Abraham pointed directly at the president of the Federation of Labor as he said, "Gompers has gone to the Democratic party because the Republican party would do nothing for him. The Democratic party has not stock enough to proclaim its own bankruptcy. It is a political dead horse and that is why Bryan needs all the help he can get."

Treasurer Morris Brown of the Central Postal Union, arose to remark "what the Republican party did or did not do for labor is well known. But the Democratic party is even worse than the Republican party. The Democratic party is every bit as bad as the Republican. We got a lemon at Denver as well as at Chicago."

Here is the resolution which Gompers tried to have endorsed. The opposition to it was so bitter that its advocates did not dare to allow it to go to a vote:

Text of Rejected Resolution. "The Democratic party indorses labor's demands and pledges itself to carry them into effect if it is put into power. We earnestly ask you to make the choice which is in accordance with the best interests of yourselves and of all the people. If the men of labor and our friends fail to do their duty they will have to reckon with even a worse condition of affairs than now obtains. We now call upon the workers of our common country to stand faithfully by our friends, oppose and defeat our enemies, whether they be candidates for President for Congress or other offices, executive, legislative or judicial."

So all Bryan has made out of his "labor campaign" in New York City is \$15. And that will not pay the hotel bill of President Gompers for the time he spent in missionary work here.

SCORES RAILROAD OWNERS

Indianapolis Manufacturer Says Management Has Been Inane.

CHICAGO, Aug. 29.—"If the railroads would conduct their affairs along the lines of any well-managed manufacturing or other corporation and not a proper amount of their earnings into betterments, there would be no necessity for increasing rates, and public animosity would not be aroused. The railroads have pursued the policy of the Arkansas farmer. When it rained they couldn't fix their roof, and when it did not rain they did not need to fix it."

This is the keynote of a letter received yesterday by the Illinois Manufacturers' Association from C. C. Hanck, of Indianapolis, vice-president of the National Manufacturers' Association, in reply to a pamphlet favoring an increase of freight

rates recently issued by A. H. Mullikan, of Chicago.

Mr. Hanck admits the necessity for enormous expenditure upon the part of the transportation companies, but denies a general increase in rates is necessary. He asserts that the railroads themselves are to blame for hostile legislation. Many practices of the roads are criticised severely by the writer, who says that large communities in many cases have been built up at the expense of the smaller cities on account of railroad discrimination, rather than by reason of natural advantages of location.
