MAKE BREAK IN LOSING STREAK

Portlands Finally Manage to Win Hotly - Contested Game With Angels.

DELMAS' FUMBLE DOES IT

Score of One to Nothing Brings Satisfaction to Local Fans, After Long Period of Depression Caused by Defeats.

Portland broke its long loosing streak yesterday, and had Johnson's drive been a little longer in the ninth inning, would have won the game without getting a hit. Through eight innings young Briswalter held the local batters helpless. He issued three walks and two mean reached Dillonville on errors. Not another of the Beavers felt the tread of the canvas bags until Delmas fumbled Cooney's grounder in the ninth. The little shortstop promptly purloined second and went to third on Easterly's high throw to centerfield.

He slid into the third sack, safe by a hair, and the crowd stood up on the benches, yelling and throwing their clothes. It was the first yell they had coming in a week, and they made the most of it. When their old favorite, Ote Johnson, stepped out, bat in hand, they went wild again. The Angel fielders backed toward the fence for one of the terrible Swede's smashes, but he fooled them all by hitting to short center, breaking up the game.

Los Angeles made two great bids for the game, but "Bobby" Groom was pitching some ball himself, which was only eclipsed by Briswalter's greater performance. Only three hits were registered off the long boy's delivery and one was a scratch that Oakes beat out.

In the fourth Oakes worked Groom for a pass. Dillon and Wheeler popped out, but Smith hit sharply to right, putting Oakes to third. Groom called out his best twisters and struck out Ellis. In the sixth Oakes beat out his bunt and stole second, only to die there while Groom fanned.

Again in the eighth, the Angels were flirting with the register. Easterly fanned and Briswalter got a clean two-bagger to right. Bernard's grounder put him to third, but Groom was there with the foolers and struck out Oakes. Portland came back strong while it was about it and did not make an error. Ryan pulled off two star catches in right, Cooney ate up several hot ones around short. Only one game will be played tomorrow, and a double-header will come off Labor Day. A local umpire, Cheney, is being tried out as a possibility for next year.

NATIONAL LEAGUE.

New York 5; Philadelphia 1.

PHILADELPHIA, Sept. 5.—A batting rally by New York in the sixth inning gave the visitors a victory today, 5 to 1. The visitors took rather kindly to McQuillen's curves, but a triple play saved him in the second inning, and New York scored a run in the third on a double by McCormick and a single by Bridwell. In the sixth inning New York hammered McQuillen's delivery hard and the latter became very wild.

Doyle opened this inning with a single and steal and scored on Bresnahan's double. An error by Bransfield and Donlin's bunt was followed by a single by Devlin and a single by Bridwell and two force outs. With three runs in, McQuillen made a wild pitch and gave two bases on balls, forcing in another run.

Foxen, who pitched the last three innings for Philadelphia, held New York in check, only ten batsmen facing him. The triple play was the feature of the contest. With Donlin on second and Seymour on first, Devlin hit to Doolan, who tossed the ball to Knabe, forcing out Seymour. Donlin rounded third and started for home, but Knabe headed him off. Donlin ran up and down the line and was finally put out by Doolin. The latter then snapped the ball to Grant and retired Devlin at third base. The score:

New York	5	11	2	Philadelphia	1	6	1

Batteries—Mathewson and Bresnahan; Foxen, McQuillen and Doolin. Umpires—Klem and Emslie.

Chicago 1; Pittsburg 0.

PITTSBURG, Sept. 5.—Over 11,000 spectators seemed to enjoy the affair at Exposition Park this afternoon, when the Chicago champions walked away with the game from Pittsburg by a score of 11 to 0. The fourth and fifth innings resembled a comedy of errors, the home team succeeding in placing five errors to their credit. These with seven hits secured by the visitors gave Chicago four runs in the fourth inning and five in the fifth.

The batting streak cropped out again in the ninth inning, when Chicago added three hits to their credit, for two runs. The home team did not seem to make any effort to score after the fifth inning. Reulbach pitched a splendid game for Chicago, allowing but four hits. The score:

Pittsburg	0	4	5	Chicago	11	11	2

Batteries—Vail, Young, Leever, Sullivan and Gibson; Reulbach and Kling. Umpire—O'Day.

Boston 4-0; Brooklyn 0-6.

BROOKLYN, Sept. 5.—Pitcher Rucker, of the Brooklyn team, established a record for the National League season in the second game against Boston today. He struck out 14 men and allowed no hits. Only three of the visiting team reached first base, and they got there on errors.

Cincinnati 6; St. Louis 5.

CINCINNATI, Sept. 5.—St. Louis gave Cincinnati a scare by scoring four runs in the ninth inning, a misjudged fly and an error assisting the visitors. Manager Ganzel was put off the field for disputing a decision. Hoblitzell and Bescher, new men, made a good impression with the local team. Score:

Batteries—Spade and McLean; Higgins, Sallee and Ludwig.

AMERICAN LEAGUE.

Chicago 7; Cleveland 0.

CHICAGO, Sept. 5.—Chicago put itself within one game of the lead today by defeating Cleveland, 7 to 0. Walsh, pitching his fifty-first game of the season, was practically unhittable, allowing only five singles and striking out eight men. Joss was hit fairly hard and his support was discouraging. Bemis and Stovall put Joss out of the running with costly errors.

Land, the Cleveland new catcher, was no improvement over Bemis and Chicago continued running the bases at will. Perry played a remarkable game at short, handling 14 chances out of 15 offered. Score:

Chicago	7	10	1	Cleveland	0	5	6

Twenty-two thousand people filled the grandstand and overflowed onto the field when the game was called. Neither side scored until the tenth inning. Score:

BODIES FLOAT IN HARBOR

Hideous Sight as Result of Typhoon at Hongkong.

VICTORIA, B. C., Sept. 5.—Steamer Glenfarg, which reached port this morning from Hongkong via Japanese ports with 3698 tons of cargo, arrived at Hongkong three days after the disastrous typhoon of last month and some awful scenes were witnessed. As the steamer entered port the police launches were actively engaged in picking up the floating bodies, bloated by immersion in the heated waters, and clearing up the wreckage of overturned junks, sampans and other harbor crafts. The debris had scattered about the harbor. A number of bodies were floating past the Glenfarg as she came to her moorings.

GO TO ALSEA BAY

Trip Made by Autoists Without Mishap.

TWO FACTIONS DISAGREE

Eastern Associations Raise Question of Authority in Regard to Racing and Towing—Women Want Club Recognition.

"If you want to have a good and safe time on an automobile trip, I would advise you to take two machines. Then, when one is in trouble, the other can pull you out."

This is the advice proffered by F. S. Dunning, who, with his son, V. C. Dunning, has just completed what may be considered a remarkable automobile trip over some of the roughest roads in the state, and into a section where the most experienced automobile drivers had never ventured; and yet they got home without a bad accident, without a breakdown or a tire-puncture.

It was the first long trip either had taken, and both were without experience. They left in the early part of July, equipped with camping outfit and first went to Salem, then passed through Albany and Corvallis and then pushed on to Philomath. At this point experienced automobile owners said they could get no further. A physician said they could not get to Alsea Bay, their destination; that he had tried with his machine and failed, as the roads were filled with stumps and were impassable. But they would not turn back.

They found the road as bad as represented, but they climbed over the logs and stumps and went on without any mishaps of consequence. From Alsea they "floated" to Wallport. At one point on a grade the machine F. S. Dunning was driving went off the grade and Mrs. Dunning was pitched into the top of a fir tree, but was not hurt. The "derailed" machine was pulled back into the road by the other automobile.

As they sped through the country their approach to the villages was announced by means of the farm telephones, so that the people were on the lookout for the two automobiles, which were passing through a country never before visited by such vehicles.

At Wallport they were accorded quite a reception, and were treated with the fat of the land. They passed a field in which there was a band of goats which had never seen nor heard of a horseless wagon, and jumping a high fence the animals disappeared in the forest.

On the whole the excursionists traveled between 700 and 800 miles, saw new and fine country, and had one of the most enjoyable of trips. There was something novel and interesting every day and every mile of the way.

The controversy that exists between the American Automobile Association and the Automobile Club of America in the East grows deeper every week and auto enthusiasts are watching with interest to see which one will win out.

Until this Spring the A. A. A. had been the recognized authority in this country in regard to racing and touring rules and sanctions, but the A. C. A. has seen fit to oppose them and seems likely to win out. The trouble all arose over the rules laid down by the A. A. A. for the coming Vanderbilt Cup race, and upon its refusal to change them, at the request of the A. C. A. the Savannah road race was gotten up by the latter club.

This race bids fair to eclipse the Vanderbilt in point of prominent entries, there being some 25 assured for it, while only about five have entered the Vanderbilt. It is likely, though, that on account of the immense wealth in the vicinity of New York, a special effort will be made to boost the Vanderbilt race, as manufacturers are racing for money and not glory.

Quite a number of women who are their own chauffeurs have spoken favorably of the plan to form an annex of the Automobile Club for Women, and it is probable that something definite will be done this week toward holding a meeting for the election of officers. The plan is pronounced a good one, and if carried through, will give the women who are interested in motor cars an equal chance with men of attending lectures this Winter at the club.

BET ON NELSON AND ATTELL

Moran and Gans on Short End in San Francisco.

SAN FRANCISCO, Sept. 5.—Patrons of the ring are obliged, for the first time in many months, to divide their attention between two contests of more than ordinary importance scheduled for next week—the international featherweight event of 23 rounds between Owen Moran, of England, and Abe Attell, of San Francisco, which takes place at 3 o'clock Monday afternoon, and the third meeting between Joe Gans and "Battling" Nelson, also a championship event, which is scheduled to go 25 rounds at Colma the afternoon of Admission day, September 9, at 2:30 o'clock. Latest advices from training camps of all four participants indicate that in each instance the men are likely to enter the ring in good shape.

Betting on the Moran-Attell fight is 10 to 6⅘, with the Englishman on the short end in spite of the fact that he fought an even draw with Attell on the occasion of their single meeting, which took place in this city about eight months ago. The odds in Wednesday's contest are about 10 to 6⅘, with Nelson a strong favorite.

MARINES BEST MARKSMEN

Carry Off Rifle Honors at Seagirt.

Hessian's Great Record.

SEAGIRT, N. J., Sept. 5.—The honors of the second day of the big shooting tournament here were carried off by the United States Marine Corps. One of its teams captured the Briggs trophy in the interstate regimental team match, and two of its members landed prizes in the off-hand match.

John W. Hessian, of Wilmington, Del., established another record today, scoring 21 consecutive bullseyes at 600 yards in the individual contest.

In the interstate regimental team match at 200, 600 and 1000 yards the prize-winners were: First, United States Marine Corps, score 805; second, United States Marine Corps, second team, score 786; third, District of Columbia, score 781; fourth, Seventy-first New York Regiment, score 771.

In the old guard trophy match at 600 yards the scores of the four leaders were: Seventh New York, winner, 234; Seventy-first New York, 232; New Jersey State Rifle Association, 232; United States Marine Corps team, 227.

In the off-hand, 50 shots at 200 yards, Sergeant P. Lund, of the United States Marine Corps, won, score 47, with Lieutenant Baker, Fourth New Jersey, second, score 46.

TWO FIGHTERS REACH WEIGHT

Ketchel and Papke Ready, With Odds on Former.

LOS ANGELES, Sept. 5.—Both Stanley Ketchel and Billy Papke are about down to weight, 158 pounds, for their 25-round fight at Vernon Monday afternoon next. Both men said today that it was their intention to work right up to the last minute. Neither one is overlooking anything in the way of advantage to be gained from proper condition.

The betting on the fight here remains steadily at 2 to 1, with Papke the shortender. Considerable of the 2 to 1 money is being taken, however, and the odds may be changed before the fight takes place.

Champion James J. Jeffries will referee this fight and a decision will be rendered in the ring, the Vernon Club being located outside of the city limits.

LAND AND SEA BREAK EVEN

Association Football Game Ends With Honors About Even.

A match of Association football, organized by the Seamen's Institute, was played yesterday afternoon on the grounds at East 13th and Davis streets, between the city team and representatives of the following British steamers in port: Cambrian King, Falls of Nith, Queen Amelia and Strathlyon.

The game was an evenly contested one from first to last, and resulted in a tie, one goal being scored on each side.

The "Citizens" did well, but, in spite of their efforts, the seafarers, who showed excellent form, held their own in capital style and, with a little more practice, would probably have been the victors.

"The best aggregation of sailors we have ever met," was the opinion of more than one of the landsmen.

The spectators included a number of women connected with the Institute, and Captains Carter, Griffiths, Mackay and Ritson.

PORTLAND BANKERS SCORE

Willamette Iron and Steelworkers Defeated, 6 to 5.

The Portland Bankers team defeated the Willamette Iron and Steel Workers nine at Multnomah Field yesterday afternoon 6 to 5 in a practice game preparatory to their game Labor Day with the Seattle Bankers. The Seattle team will be met this morning at the train with automobiles and shown the city. In the afternoon they will be the guests of the Portland Bankers at the Los Angeles game and tomorrow night, after the game, will be entertained at the Danmoore with an elaborate banquet.

The game tomorrow is a return match, the Portland Bankers having defeated the Northwesterners in July. The proceeds are to be given to the Open Air Sanitarium.

MISS WILLIAMS CHAMPION

Wins Title Fourth Consecutive Time at Salt Lake.

SALT LAKE, Utah, Sept. 5.—For the fourth year in succession Miss Kate Williams successfully defended her right to the Inter-Mountain women's tennis championship by today defeating Miss Humphries, the winner of this year's tournament on the Country Club courts. Miss Williams took the first set, 6-3, Miss Humphries won the second set, 6-4, and Miss Williams won the third and deciding set, 8-6.

Latourette to Be Coach.

Football affairs at Hill Military Academy are slowly but surely rounding into shape. This afternoon arrangements were completed by which John R. Latourette was definitely engaged as coach for the season of 1908. Latourette captained the '05 championship team of the University of Oregon, where he filled the position of quarterback from 1902 to 1905. He has more than once been chosen for the same position on the All-Northwest team and received excellent coaching under Dolph, "Locomotive" Smith, D. R. Smith, Bruce Shorts and Bezdeck. Last year he attended the Columbia Law School and at the same time improved his opportunity to enlarge his knowledge of the new game by studying the tactics of the Yale coaches. Among the old players returning to the academy are Captain W. Graham, Manager Carruthers, Fullback Hill, S. Graham, Thompson, Shearer, Mills, Baker and Hughes. A number of new men are expected to enroll at the academy this Fall, and there seems to be much promising material to choose a team from. Quite a few former High School players are thinking of joining the ranks of the cadets and a few experienced men from outside cities.
