Not Cheapest—but Least Expensive

Requires fewer repairs, uses less fuel, bakes perfectly and gives abundant hot water. The oven is absolutely airtight, heat can be applied as needed. Water front is separate from oven, so water cannot affect temperature.

Patent anti-clinker grate is suitable for either wood or coal. Firebox is heavier than that of any other range on the market.

The Majestic has the only oven bottom which can be guaranteed against warping. All exposed parts are of malleable iron—guaranteed not to break under any circumstances.

We take your old stove and allow you all it is worth as part payment for a new one.
