Rosette Patty Irons, one handle, two molds, price, each,50c
Come to the Cooking School and be shown how many nice dishes can be made with these irons.

Mrs. Wheelock uses the Garland Gas Range for the following reasons:

Burners are closer to the grates than any other stove manufactured. Oven is fitted with patent lighting device, which insures absolute safety; no danger of explosion.

The valves are fitted with lever handles, which enables the operator to see at all times the amount of gas she is using.

The oven construction is such that it will heat quicker with less gas than any other stove.

We carry a complete line of Gas Ranges. Prices \$11 to \$125 each.

Cooking School

Mrs. Wheelock, a cook of National reputation, will give free lessons during the coming week. She will lecture at 10:30 and 2:30 each day, with the exception of Monday and Saturday, at which time she will give only one lecture, and that at 2:30.

Ideal Steam Cookers

Cooking is a pleasure when you use the Ideal Combination Steel Cooker and Baker. Think what it means to place your whole dinner over one burner, going away and forgetting about it until the whistle calls you. If you are interested in learning to cut down the kitchen work and fuel bill, let us demonstrate the Ideal for you. Price from \$4.50 upwards.

Fireless Cookers

Mrs. T. B. Wheelock will give a few-minute lecture every day this week on fireless cookers. This is an article which is unknown to a number of housekeepers, but which will, in the course of a short time, be used very extensively. It is a cooker made from sheet steel, with thick insulation. An article is put in same when it is brought to the boiling stage, and it will cook without further attention from 12 to 24 hours.

to adopt a 45-year-old widow is sought in the Circuit Court. Edward Lees, a Chicago widower, who is at present in Guadalajara, Mexico, makes the strange request in a petition filed yesterday. Mrs. Marie Grace Lees, his daughter-in-law, who is now with him, is the person whom the petitioner would legally place on the same footing at law as though she was his own child. The court action becomes necessary in order that an insurance policy which Lees has carried for years will not become worthless.
