

Taft Men Fear For Indiana

More Honest Doubt Exists About That State Than Any Other.

FORCES EVENLY DIVIDED

Republicans Express Confidence as to Result, but Find It Hard to Prove Claim—Bryan People Hopeful.

INDIANAPOLIS, Ind., Sept. 19.—(Special.)—Of all the so-called battleground states in the present political campaign, unquestionably more honest doubt exists regarding Indiana than any other. Here, outwardly at least, the Republican and Democratic forces appear to be very nearly evenly divided. Politicians are complaining that never before have they experienced such difficulty as at present in determining how the voters are going to cast their ballots November.

MR. BRYAN, HIS GRANDDAUGHTER, AND CHAIRMAN MACK.

Watson had selected a most inopportune time in which to try to realize his ambition to be Governor of Indiana.

HARD FIGHT ON HEMENWAY.

The Republicans will have a majority of nine hold-over members of the State Senate, and but for that fact Mr. Hemenway's chances of re-election would be slim. The Republican majority in the Lower House now is only six, and the Democrats seem likely to make some gains, as a hard fight is being made against Mr. Hemenway.

BROTHER ACCUSES SISTER

(Continued From First Page.)
cure the entire estate of the sister and prevent him from receiving one-half, to which he was entitled as her heir at law. The mental condition of his sister, he asserts, precluded the making of any valid transfer of her property to the defendants after she was taken to their home.

STOPPED ON EVE OF DEPARTURE.

The Moultons came to Washington several weeks ago to adjust Mrs. Moulton's interest in the estate left by her father. An estate reported to have been worth \$100,000 is said by Mr. Moulton to have been divided between the two brothers and the Moultons were preparing to return to Portland when they were served with notice that an adjustment of the sister's estate before they passed out of the jurisdiction of the District of Columbia courts.

BRYAN CLINGS TO SILVER

(Continued From First Page.)
reem personal favor of May 12, in reply to my letter to you of March 23 last, wherein you state that your argument in 1892 in support of free coinage of gold and silver at the ratio of 16 to 1 was the same now as then, it would be an issue and that you would support it with the same energy you did then, in answer thereto I beg leave to submit the following:

WATSON HAS HANDICAP.

The gubernatorial situation is entirely different. James E. Watson, a prince of good fellows, after a long and honorable career in Congress, with his eye for many years upon the Governorship, seems at this writing to be doomed to have his ambition defeated through a combination of circumstances for which he is only partly responsible. In the first place he is forced to bear all the odium of party mistakes and rascality in Indiana for the past 12 years, and there is much that is odious. He suffers from having been a part of the Cannon organization in Congress, because he was the party whip in the House, and the Democrats the torch-bearer in the Legislature, hence why should it wait until after election to carry out its pledge? Do it now and show the people we mean what we say, is his contention.

HANLY AND LOCAL OPTION.

To add to the Republican troubles Governor Hanly, an ardent temperance advocate, called an extra session of the Legislature which met yesterday and one of the chief things he urges in his message is a law providing for the county unit local option plan. He argues, and it must be admitted that he has the logic of the situation on his side, even if the politicians do criticize the wisdom of it from a political standpoint, that the party is committed to that plan, it has a majority in the Legislature, hence why should it wait until after election to carry out its pledge? Do it now and show the people we mean what we say, is his contention.

CHINESE IN LOAD OF HAY

Antonio Downey to Be Tried for Smuggling Them.
LOS ANGELES, Sept. 19.—Antonio Downey was arraigned before Commissioner Williams of the Federal Court today on a charge of smuggling Chinese over the border from Mexico into the United States at Tia Juana. His bail was fixed at \$2500 and his hearing was set for September 29.

ST. PAUL DIRECTORS START WEST.

MILWAUKEE, Sept. 19.—Five directors of the Chicago, Milwaukee & St. Paul Railway Company whose terms expired today were re-elected at the annual stockholders' meeting as follows: Henry H. Rogers, Frank S. Bond, C. W. Harkness, Walter O. Bliss, of New York, and A. J. Easting, of Chicago. The board of directors later re-elected all the old officers. At the conclusion of the meeting a number of officials left on a special train for Seattle, Mont., to inspect the new Pacific Coast extension.

HARD TO IMPRISON TRUST MAGNATES

Bonaparte Says Roosevelt Anxious, but Law Prevents.

LIMITATIONS BLOCK WAY

Answers Bryan's Oft-Repeated Demand by Citing Legal Obstacles and Difficulty of Getting Evidence to Convict.

BALTIMORE, Md., Sept. 19.—Attorney-General Bonaparte, who was in Baltimore today, made answer to the charge W. J. Bryan has been repeating frequently of late that the present administration has not squared itself with its promises by putting some trust magnate in jail.

SAVED BY LIMIT OF TIME

"In the case of nearly all the great trusts, the combinations and consolidations to which individuals prominent in their management were parties as such took place 10 to 20 years ago, and, even if they occurred after the enactment of the Sherman anti-trust law, had long since been barred by limitations when I assumed my present office. You will remember that with respect to crimes against the United States the period of limitation is only three years. In our report upon the postal frauds I do not doubt to be lengthened and the President so recommended, but the Congress took no action on the subject."

HARD TO CONVICT INDIVIDUALS.

"It is of course true that officers of the corporations can be held responsible criminally for corporate acts in which they are proved beyond a reasonable doubt to have individually participated; but while it is comparatively easy to prove the act of the corporation, it is usually very difficult, if not altogether impossible, to obtain legal evidence to convict individual officers as participants.

The "Insides" of a Selz Royal Blue Shoe

The parts you can't see in a shoe are just as important as any parts of it—the inner soles, the counters, the parts that help or lessen the wear. It's an easy way for makers to cheat in shoes, and even experts can't see the fraud after the shoe is made. You never have any doubt about a Selz Royal Blue shoe; they are not cheapened by poor materials in any way.
