BUSINESS CHANCES.

COME TO BAKER COUNTY, where there is "elbow room for all." We need more people to share its advantages and prosperity.
A 30,000 population in Baker City by January 1, 1910. Everything here to justify this.
About 168 cars of flour and cereals, etc., shipped to Baker City in 1907, and thousands of pounds of dressed poultry, hams, bacon and eggs, that ought to and could be produced here.
We need people (workers) to till the soil. We have the market for all products at good prices.
More sawmills; an abundant supply of timber is at hand. An ideal spot for those who are seeking a home in a land of promise, plenty and prosperity. Beautiful mountain scenery not surpassed in any country.
Pure mountain water.
Woolen mill and wool scouring plant needed and would pay well. Vast quantities of wool produced here.
An up-to-date first-class day and night restaurant and bakery would pay.
The mining industry included many producing gold mines and the only operating smelter in the state. Copper mining is in its infancy.
Cheese factory and modern creamery would be successful from the start.
A cannery for fruits and vegetables would pay big.
In all that's good, Baker County leads.
A modern brick works would pay.
A natatorium and "hot spring" hotel would pay big. Natural hot springs in city limits await development.
Free franchise offered parties who will construct a city and suburban carline. Splendid opening for this.
Numerous other openings for safe investment of capital. For the dairy, stock and poultry farmer, men of limited capital, Baker County offers a sure, profitable market, and for the wage earner, who is willing to work, there is no locality on this earth offering better inducements.
