TAFT ELECTRIFIES KANSAS FARMERS

Greeted by Many Monster Meetings.

GIVES FIGURES ON PROSPERITY

How They Have Grown Rich Under Republican Rule.

TARIFF REVISION PLANS

Candidate Pledges Word to Secure Reduction Equal to Reduced Cost of Production—Hoch Predicts His Election.

TOPEKA, Kan., Oct. 3.—Beginning at Syracuse, on the western line of Kansas, at 6 o'clock this morning, and ending at Topeka with two monster meetings tonight, W. H. Taft today reached the climax in crowds and enthusiasm of the campaign trip he began 11 days ago in Cincinnati...

"In my 27 years' residence in Kansas and by 25 years of experience in campaigning, I have never seen anything to equal the triumph of Judge Taft today," said Governor Hoch.

"The crowds in Kansas have been phenomenal, and the interest of his people most inspiring. The day's developments leave no doubt that Kansas will be right on election day," said Mr. Taft.

In the 14 speeches delivered during the day and evening by Mr. Taft he not only talked in detail of the tariff and trusts and labor, but furnished Kansas farmers an itemized account of the increased profits they made in the last year because of the operation of the principle of protection, as he termed it, over what they made under the Democratic enforcement of free trade...

Taft Answers in Affirmative.

A bit of Kansas humor was injected into the early hours of the candidate when he was awakened to answer this telegram, which he did in the affirmative: "Syracuse, Kan.—To W. H. Taft: Hello, Bill. We live in the short-grass country, we never saw a President and we probably never have the chance again, and we are going to see if you intend the Roosevelt policies enough to take your toddy early and let us take a look at you at 6 A. M."

The "look" seemed very satisfactory to the several hundred people of Syracuse who came to the station, and Mr. Taft not only gave them a short speech, but divided his time with Mr. Stubbs, candidate for Governor, who took occasion to make a strong endorsement of the National candidate as a man of deeds, not words, in distinction from his opponent, Bryan, whom he declared to be a man of words, not deeds.

The endorsement was said to be important from the further declaration of Mr. Stubbs that he is making a campaign on the La Follette ideas, of which he declares Mr. Taft to be the logical supporter.

The speeches of Mr. Taft tonight were devoted to a discussion of labor, the trusts and the tariff. On the labor and tariff issues he laid the most stress. He went over again, as he has done repeatedly on his present trip, the decisions he rendered while on the bench. Mr. Taft regards a discussion of the tariff as decidedly important. He summed up the question briefly in the following manner: "One of the important issues of the campaign is the tariff. For 44 years out of the last 48, the business of this country has been on the basis of a protective tariff. It has produced a condition of diversified industries and increased the number of...

WILL GO HUNTING WITH BRASS BAND

COREY TAKES TWELVE PIECES TO GAME PRESERVE.

Head of Steel Trust Predicts Taft's Election and Denies Wife Will Act Again.

CHICAGO, Oct. 3.—(Special.)—W. E. Corey, president of the United States Steel Corporation, with Mrs. Corey and a party of guests, a trained nurse and an orchestra of 12 pieces, stopped in Chicago today, on the way to Mr. Corey's 15,000-acre hunting preserve near Ironwood, Mich., for a 10-days' outing. While the women of the party were taken for an automobile spin about the city, the steel magnate remained during most of the forenoon in the lobby of the Auditorium Annex. "There has been a 20-per cent gain in the steel trade since the low mark of last fall," said Mr. Corey. "The business is still 35 per cent below normal. I look for a continued steady gain, and believe that by next Spring the normal level will have been reached."

The Steel Corporation head at first refused to discuss politics, but at length consented to say this much: "Speaking as an individual, I should say Mr. Taft is a man of great ability, and I believe he will be elected."

He was asked if his wife formerly Isabelle Gilman intended to return to the stage, as had been reported. "I don't care to say anything about it," he replied. "I have found the quickest way to bury a truthless story is not to discuss it."

ALL AUTO RECORDS SMASHED TO BITS

Frenzied Speed Shown at Brighton Beach.

ROBERTSON WINS FIRST PRIZE

One Dead, Five Injured and Six Autos Wrecked.

STRUGGLE IN LAST HOURS

Score of Wild Excitement Mark Speed Contest in Which 70 Miles Are Added to Record Day's Run.

SERIOUSLY HURT IN RACES.

Thomas D. Fickett, special officer, struck by car while crossing track; both legs broken and internal injuries; may die.

BRIGHTON BEACH RACE TRACK.

New York, Oct. 3.—Amid the wildest scenes, George Robertson, driving Simplex car No. 6, flashed across the finish line at the Brighton Beach Race Track at 10:30 o'clock tonight, the winner of the second international 24-hour automobile race of the Motor Racing Association. Harry Cobb, driving a 30-horse-power Losier machine, was second, and Montague Roberts at the wheel of a 72-horse-power Thomas, was third. Six cars finished, all of them being Americans. The foreign cars, two French and two Italian, were put out of the contest by accidents, as were three American cars. The final score was:

Score of Finishing Autos.

Table showing race results with columns for Number, make and driver, and Distance in miles.

Struggle for Second Place.

The best previous record was 107 miles. The struggle for second place threw both grandstands into the wildest tumult. Roberts, driving the one possessed, again and again caught up with and passed the Losier car driven by Cobb, cutting down the distance from nine to four miles in the twenty-third hour. But Roberts' car could not stand the strain and, just as it seemed as if second place was his, the motors went wrong and he had to retire to his camp for new rubbers.

Excitement in Plenty.

As the nerve-straining contest drew to a close a crowd of more than 30,000 gathered at the little race course by the sea. There was excitement a-plenty from start to finish of the race, for hardly an hour went by without an accident happening. The terrific speed maintained by the racers cut the soft track into deep ruts and every now and then the automobiles would swerve into the low fence.

Excitement in Plenty.

There was keen disappointment in the record this evening when car No. 6, a Renault, driven by the team of Strang and...

BOLD THUG ROBS EIGHT IN SALOON

LINES THEM UP AGAINST WALL ON EAST SIDE.

Erick A. Huseby and Patrons Relieved of \$73 by Determined Thug Who Escapes.

Singlehanded, one determined thug held up and robbed the saloon of Erick A. Huseby, 406 Hawthorne avenue, last night shortly after midnight, at a time when, besides the proprietor, the resort contained seven men, all of whom fell victims to the boldness of the robber's coup. Out of the cash register he took \$83 and from...

W. E. Corey, President of Steel Trust, Who Goes Hunting With Brass Band.

the pockets of his victims he gathered \$10 more. Then he made his escape, and a few minutes later the police were scouring the East Side looking for him. No trace of the robber was found. The seven patrons of the saloon were: A. V. Butts, W. H. Butts, T. Smith, J. A. Gilmore, F. Gilmore, A. R. Boswell and J. A. Crippin. The men were all lined up at the bar when the front door opened and the masked robber strode inside, closed the door and faced the crowd with his revolver pointed at them. His orders rang out sharp and clear. "Now, men, I mean business. Obey my orders and all will be well, but if you don't I will shoot to kill. Turn your faces to the wall and put your hands in the air."

Webster Held to Blame.

The jury has also been able to arrive at a final conclusion concerning the long estrangement that has existed between Sheriff Stevens and County Judge Webster. Sheriff Stevens is relieved of all blame and the trouble is traced to failure of the County Court to turn over to the Sheriff custody of county prisoners. The report in this particular reads as follows: "The County Court and Sheriff have not been acting in harmony and it is evident that the friction is due to the avoidance by the court of compliance with the law vesting in the Sheriff the custody and control of county prisoners."

Sheriff Should Have Charge.

"The wishes of any man or set of men must not be allowed to thwart the will of the people and the custody and control of prisoners at Kelly Butte should be placed in the hands of the Sheriff. The jurors are very direct and certain of opinion on the subject of the demoralization. With reference to this class, the following appears in the report: "We suggest the enactment of a law placing lewd women under strict police regulation and regret the existence of the present law which allows the crusade inaugurated against lewd women of the North End."

Fear Evils Will Result.

"We do not do this with any desire to shield them from the crimes for which they may be liable for punishment, but we are concerned for the evils which are sure to result from the scattering of them (Concluded on Page 5.)

MAYOR'S CRUSADE OPPOSED BY JURY

Would Not Eject North End Women.

COUNTY COURT IS CENSURED

Sheriff Upheld in Fight Over Prisoners.

LIMELIGHT ON ROCKPILE

County Convicts Secure Liquor and Optium and Superintendent Briggs Is Unfitted for Position, Find Grand Jurors.

REPORT OF GRAND JURY.

The county grand jury reported that the women of the North End should be allowed to remain in the city under strict regulation. There has been friction between Sheriff Stevens and the County Court and that the County Court is to blame. The County Courthouse has lived its usefulness and should be replaced by a large, modern structure. Superintendent Briggs, of the county rockpile, is unfitted for his place. Liquor and opium have been available to prisoners at the rockpile. County prisoners are missing from the rockpile. The County Jail, under Sheriff Stevens, is well and properly conducted. There should be a better law applying to criminal operations. Men convicted of contributing to the delinquency of little girls should be given the limit of the law.

Important public questions are dealt with in the final report of the first county grand jury provided under the new law.

The jury made its report late yesterday afternoon after a month of busy work. Lewd women should not be ruthlessly driven out of the city. That is the unanimous recommendation of the seven grand jurors. Just what bearing it will have on the crusade of the city administration, which has ordered these women to reform or leave the city by next Tuesday remains to be seen.

Webster Held to Blame.

The jury has also been able to arrive at a final conclusion concerning the long estrangement that has existed between Sheriff Stevens and County Judge Webster. Sheriff Stevens is relieved of all blame and the trouble is traced to failure of the County Court to turn over to the Sheriff custody of county prisoners. The report in this particular reads as follows: "The County Court and Sheriff have not been acting in harmony and it is evident that the friction is due to the avoidance by the court of compliance with the law vesting in the Sheriff the custody and control of county prisoners."

Sheriff Should Have Charge.

"The wishes of any man or set of men must not be allowed to thwart the will of the people and the custody and control of prisoners at Kelly Butte should be placed in the hands of the Sheriff. The jurors are very direct and certain of opinion on the subject of the demoralization. With reference to this class, the following appears in the report: "We suggest the enactment of a law placing lewd women under strict police regulation and regret the existence of the present law which allows the crusade inaugurated against lewd women of the North End."

Fear Evils Will Result.

"We do not do this with any desire to shield them from the crimes for which they may be liable for punishment, but we are concerned for the evils which are sure to result from the scattering of them (Concluded on Page 5.)
