All late shades of guaranteed silks, made in many styles, and every skirt will be on special sale Monday at **1/4 Off**

LE PALAIS ROYAL 375 Washington

It's the Vehicle That Makes the Horse Show Up as it should at the Horse Show

Our vehicles are not made in any old factory and in any old kind of way. They are made in the most up-to-date factories in the United States, such as the H. H. Babcock factory at Watertown and Moyer of Syracuse, N. Y., and the Staver Carriage Co.'s factory at Chicago. All of these builders have made a specialty of building high-grade vehicles that will be as monuments to their names.

We are not in the business today and out tomorrow, and we know that we cannot hold trade by selling poor quality vehicles; therefore, we have selected goods from the factories which we know turn out the best grades of vehicles. You will find it to your advantage to pay us a visit.

We Have Them and Lots of Them What? Why High-Grade Vehicles of Course

You can't make a good showing in a poor rig, and it is just as cheap in the long run to buy the best vehicles. Our vehicles are exclusive in design and style, they are built by men who have the knack of combining beauty and comfort. Not only are these rigs attractive in appearance, but they are more durable than any other class of vehicles on the market. We have a fine line suitable for the Horse Show. At the present time we are offering liberal reductions on all high-class jobs, and whether you buy or not, we will be pleased to show you our stock.
