THE WILSON BUNGALOW BOOK
New (3d) Edition Just Ready

The readers of the paper in and near Portland bought more than 40 copies of the last edition of the BUNGALOW BOOK, and I trust they will be glad to lay of this new edition greatly improved, containing twice as many plans as the old book.

THE ONLY PRACTICAL BOOK OF BUNGALOW PLANS EVER PUBLISHED. See description and price, as follows:

50c
THE BUNGALOW BOOK (3d Edition) contains several plans of which the following are representative: 1. The Wilson Bungalow, a suburban house of one story, of modern design that is particularly adapted to the small lot, and is more economical than a large house of two stories. 2. The Portland Bungalow, a two-story house, with a basement, complete with all modern conveniences. 3. The Wilson Block, a modern block of five houses, each of which is a complete unit. 4. The Portland Block, a modern block of five houses, each of which is a complete unit. 5. The Wilson Manor, a modern, well-designed house, complete with all modern conveniences.
