The Great Majestic Range

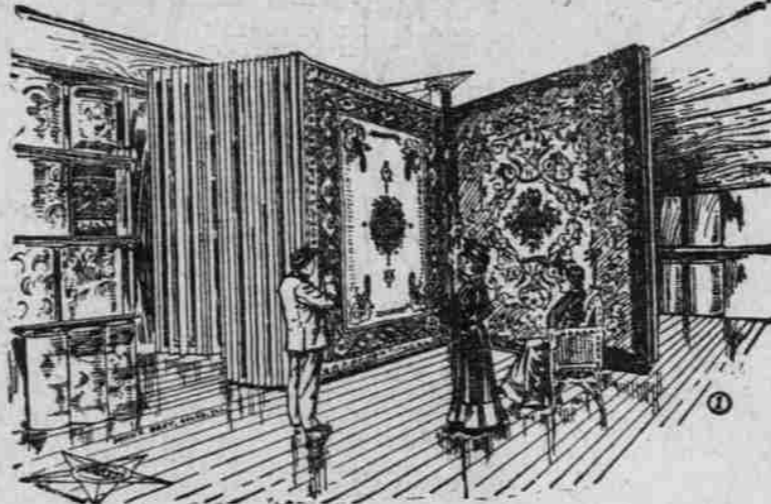

Not Cheapest, But Least Expensive

Requires fewer repairs, uses less fuel, bakes perfectly and gives abundant hot water. The oven is absolutely airtight, heat can be applied as needed. Water front is separate from oven, so water cannot affect temperature. Patent anti-clinker grate is suitable for either wood or coal. Firebox is heavier than that of any other range on the market. The Majestic has the only oven bottom which can be guaranteed against warping. All exposed parts are of malleable iron—guaranteed not to break under any circumstances. We take your old stove and allow you all its worth as part payment for a new one.

WE'RE UNDERSELLING THEM ALL ON HEATERS

FAIRY OAK FOR COAL OR WOOD

This is one of the very best medium-priced heating stoves we have ever carried. It is attractive in appearance, easily operated and gives a splendid satisfaction. Has heavy steel body, front feed door, heavy draw-center grate and nickel cam-screw draft. The top ring, footrests, swing-off top and urn are nicely nickeled. Nickeled footrests are somewhat larger than those shown in illustration. Sizes and prices:

| No. | Diameter, Inches. | Height, Inches. | Price. |
|-----|-------------------|-----------------|---------|
| 212 | 12 | 37 1/2 | \$ 8.00 |
| 214 | 14 | 40 | 10.00 |
| 216 | 16 | 42 | 12.00 |

Last week witnessed tremendous buying enthusiasm in the Stove Department. Those who had looked elsewhere were emphatic in their declarations that our prices were far below those of every other concern. We know we are lower—much lower—in our prices on heating stoves. You can't match our prices any place—it's impossible. We'll put into your home one of the best heaters made and save you a considerable amount in the cost.
