CRASHES INTO STREETCAR

AUTO DRIVEN BY MARGARET DANAHER IS WRECKED.

Almost by Miracle Miss Danaher and Three Others Are Uninjured. Streetcar Thrown Off Track.

In an effort to cross the Jefferson-street car tracks ahead of a west-bound car at Sixth street, just before noon yesterday, Miss Margaret Danaher speeded up the handsome automobile owned by her mother, but it was too late to clear the on-coming car and a collision resulted. The two vehicles crashed together with terrific force, tearing the front steps from the trolley-car on the north side, and wrecking the automobile. Fortunately, none of the passengers were injured.

It seemed to be a case of mistaken judgment on the part of Miss Margaret Danaher, who was driving the automobile, in which were her sister, a friend, Miss N. Kinney, and the chauffeur, George Upton. Miss Margaret evidently miscalculated on the time it would require to cross ahead of the trolley-car. She believed she could avoid an accident by speeding; to have attempted to stop her car would have meant at least a side-on collision, and she chose to take a chance to cross by putting on pressure.

The automobile was going south, the party being out for a pleasure ride about the city. All reside at the Hotel Portland, the Misses Danaher being the daughters of C. D. Danaher, formerly of Chicago. Miss Kinney is also a guest of the Portland. The machine, which was badly damaged, was owned by Mrs. Danaher. The collision threw the streetcar off the track, and shoving the automobile along, it crashed into a tree and telephone pole.

David Campbell, Chief of the Fire Department, was riding on the front seat of the streetcar and was in a position to witness the accident. When the collision occurred, he jumped from the car and assisted the young women from the automobile. It is regarded as remarkable that none was injured. They left the scene quickly, walking back to their hotel. The streetcar was in charge of Conductor T. M. Geer and Motorman L. S. Nasby.

BILLIARDS LOSING OUT

Tables Fewer in France by 16,000 Than Dozen Years Ago.

PARIS, Oct. 31.—(Special.)—It appears that the love for the noble game of billiards is dying out in France. In 1894 there were 85,000 billiard tables here which paid their tax. In 1906 there were only 88,000. And when the official figures were compiled for last year they showed only 79,000, or 16,000 billiard tables fewer than there were 13 years before. The explanation given by the officials is a curious one. Cards, they say, have to a great extent replaced billiards in France, and the bicycle and the taxicab have done the billiard table even more harm. It is a little difficult to see the connection, but the officials are certain that the modern Frenchman prefers to take exercise out of doors instead of around the green cloth.

ARGUMENT IS FORCIBLE

NEGRO SOCIALIST BREAKS SKULL OF DISPUTANT.

Remark Reflecting on Debs Is Resented in Street Meeting and Small Riot Develops.

H. W. Beatty, a citizen of Portland, who lives at 162 Park street, was set upon and beaten with a blackjack about 9 o'clock last night among a crowd of men who were holding a street meeting on Fourth street between Washington and Alder, and is now confined to his home in a serious condition with a fractured skull.

Beatty's assailant was a negro, who led a crowd of a dozen or more against him because of a political argument. A public speaker was extolling the Socialistic candidate for the Presidency, Eugene V. Debs, when Beatty interrupted the speech by saying that Debs was a fraud and had never done an honest day's work in his life. This sally was the signal for an onslaught on Beatty by the mob, with the black man in the lead.

When he got within striking distance of Beatty he drew a weapon from his pocket and struck him over the head, felling him to the pavement. Beatty emitted a scream of pain and some of the members of the crowd hurried to the police station to report the affair. Captain Moore dispatched Patrolman Burke and Detective Hawley at double quick, but the meeting had dispersed, so no arrests were made.

Beatty was assisted to the police station, where he was examined by City Physician Ziegler, who had the man removed to a hospital, where his head was dressed and he was then sent home. A description of the negro and his comrades was given the police and detectives sent out to apprehend them.

SHIPS FINNS TO NEVADA

Labor Agent Takes Miners to Relieve Shortage at Ely.

OGDEN, Utah, Oct. 31.—Two carloads of Finns, miners from the Lake Superior region, in charge of a boss on their way to Ely, Nev., are looked upon as the advance guard of a great army of iron miners to be placed at work in the mines of the Nevada Copper company. They are under contract to work for $2.50 and board, a scale much below the prevailing wages in Ely, yet George C. Butler, who is directing the party, anticipates no demonstration on the part of the union miners when the Finns reach their destination. Mr. Butler explains they are not strikebreakers, but are imported to meet a labor shortage.

DAVIS WINS PAPER CHASE

HUNT CLUB RIDERS GO OVER SPLENDID COURSE.

William Walters Takes Second in Race in Which More Than 20 Members Participate.

W. M. Davis, riding J. H. Bennett, won the first closed paper chase of the Hunt Club's cross-country season yesterday afternoon. The paper was laid over a course fully six miles long and over a country that gave the 20 odd riders a splendid ride. The trail was admirably well chosen by Mrs. F. G. Buffum and Miss Anne Shogren. The hares had placed their jumps nicely, one of the best being a long jump that not only tested the nerve of the riders, but the horses as well.

The start was made just beyond the Irvington Tennis Club courts and the finish was a three-quarter mile stretch on the Sandy road. Over the route, Mrs. Buffum and Miss Shogren placed a number of tantalizing blinds, and several of them were so placed as to mystify the riders. This, together with just enough brush work, made the ride a very pleasant one. In the absence of E. T. Chase, the master of hounds, James Nicol officiated. He had the big field of riders well bunched when he signaled that the finish was near.

The trail led out of the brush into the Sandy road, but as an extra hazard, the riders had to avoid a lot o. wire which linemen were stringing. Mr. Nicol warned the riders of this. When the whistle was blown, Mrs. Dr. W. L. Wood, on Snap, Mr. Davis and several other riders were well bunched. Mr. Davis' horse had the foot of the party that was close to him and he finished first with ease. Close up was William Walters, on Frank, who, in spite of the fact that the big jumper bled, passed Mrs. Wood. Rey Dare, who was ridden through his first paper chase by Will G. MacRae, finished fourth and would have been closer up had he been within striking distance at the red paper.

Those who took part in the ride were Mr. and Mrs. Harry Skuse, Miss Loewenberg, Mr. Grutter, Miss Sally J. Leadbetter, Mrs. J. E. Gantenbein, Miss Katherine E. Cronin, J. Cronin, Mrs. M. E. Wortman, Miss Monroe, Miss Mabel Lawrence, Ben Neustadter, E. R. Eldredge, Dr. W. A. Cumming, Harry Kerron and Walter Volmann. This will be the last time that Mr. Volmann will ride with the club for a year. He left last night for an extended trip in the Orient.

EARLY DAYS RECALLED

Arthur Endersby, Pioneer of Oregon, Returns on Visit.

Arthur Endersby, of Henry County, Iowa, arrived in this city last Friday, after a prolonged trip through Canada, particularly the Alberta country. He comes to Oregon to visit a son, U. S. Endersby, of Juniper Flat, Wasco County, his cousin, Mrs. Elizabeth Clark, a pioneer of 1850, residing at 111 Glisan street, and Frederick L. Wiegand, an old Iowa neighbor, who has been a resident of Portland about 12 years. Mr. Endersby is an Oregon pioneer of 1857, and drove an ox-team across the plains into Jackson County.

He found his first employment on the farm of the late Judge James C. Tolman, near what was then known as Ashland Mills, now the thriving city of Ashland, and remained with him nearly two years. Among other incidents that he recalls, after a lapse of over 50 years, is a discussion with Judge Tolman relative to the probability of the region adjacent to Ashland Mills being a good fruit country. Finally the Judge decided to test the question by planting an orchard. In this work Mr. Endersby assisted, and it was one of the earliest orchards in that part of the then Territory of Oregon. He also remembers that in the upper part of the rude casings of the front door of the Tolman cabin there were the marks of two bullets that were fired at the occupants of the cabin by Indians who were prowling in the vicinity during the Rogue River Indian war of 1855-56.

As Mr. Endersby lived in the vicinity of Salem, Henry County, Iowa, as early as 1846, he remembers the starting out of Henderson Luelling with the "traveling nursery," bound for Oregon, in April, 1847, which arrived at Milwaukie in November of that year, and was the starting point of the fruit industry of the Pacific Coast.

PETITION NOT ENTERED

Federal Court Adjourned and Scriber Case Goes Over.

On account of the absence of Judge Charles E. Wolverton, who was called to Albany by the death of Mrs. Wolverton's mother, the petition in bankruptcy, filed yesterday by J. W. Scriber, cashier of the Farmers & Traders Bank, of La Grande, was not entered, and will not be until Judge Wolverton convenes his court on Monday. In his petition Scriber estimates the value of his estate at $97,000 and places the amount of his indebtedness at $94,000.

No mention is made in the petition of the depositors of the Farmers & Traders Bank, which Scriber is charged with wrecking. Many stocks are listed among the assets, most of them at their face value, while other stocks have been named that will not bring their face value. Among the secured claimants are:

The First National Bank of Baker City, $2500; German-American Bank, Portland, $2200; Mrs. M. M. Hassett, $3000; Capitol National, Salem, $1000; Merchants National, Portland, $13,000; P. L. Willis, Portland, $5000, and Ladd & Bush, Salem, $7500.

Scriber lists the ownership of real estate in La Grande and vicinity valued at $42,000, all of which is town property with the exception of 120 acres of grazing land valued at $600. His personal property is listed as being worth $10,200. Ten thousand dollars of that represents notes given by George Kreiger, Walter M. Pierce and J. B. Thorson, all of the notes being pledged by Scriber as security for other loans.

He has an equity of $2500 in a life insurance policy in the New York Life. The amount of unsecured debts is fixed at $23,405, and is said to represent money borrowed upon personal notes.

THINK BURGLAR CAUGHT

Police Arrest Joe La Barge, With Criminal Record.

Police officers arrested Joe La Barge, a young man with a criminal record, yesterday at noon at Grand avenue and East Alder street, and are confident they have the burglar who three nights ago, sawed a panel out of the rear door of the drug store of R. A. Wilson, 133 Grand avenue, and stole $13.20 and some articles of jewelry from Jeweler F. Frederickson, who rents half the store from Wilson.

A watch and some of the missing jewelry trinkets were found in La Barge's possession and they secured evidence which points to his complicity in other crimes on the East Side. They are now working on the case. La Barge, although young, has been one term in the Reform School and two terms in the penitentiary, the police say. He is being held under the charge of vagrancy until the investigation is completed.

Million for Better Streets.

ABERDEEN, Wash., Oct. 31.—(Special.)—This city has carried forward in the past few months improvements in the way of permanent streets, estimated at $350,000, and with improvements ordered and the proposed filling of the tideflat, at least $1,000,000 will be put into permanent public improvements before the close of the next fiscal year.

Mayor France, early in the year, put a ban on planked streets in which the city had sunk about $300,000.

S.S.S. CURES RHEUMATISM

This is just a short talk on Rheumatism, pointing out its causes and some of the reasons why so many fail to find a cure for this painful, and often far-reaching trouble.

No other disease is more persistent and discouraging than Rheumatism. Those persons in whose blood this painful ailment has taken root, often grow disheartened, and sometimes conclude there is no permanent cure. Patiently they have blistered and rubbed their aching joints and muscles with liniments, oils, etc., and faithfully taken potash and other mineral salts, only to find when the treatment is left off the disease returns, and usually with increased severity.

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually regarded as of no importance. Nothing applied externally can ever reach this trouble, while potash and like mineral medicines really add to the acidity of the blood, and this vital fluid, therefore, continually grows more acrid, sour and weaker.

Rheumatism can never be cured until the blood is purified and built up. S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and expelling the foreign matter from the system. It strengthens and invigorates the blood so that instead of a weak, sour stream, constantly depositing acrid and corrosive matter in the muscles, joints and bones, the entire body is nourished by rich, healthful blood, which completely and permanently cures Rheumatism. S. S. S. contains no potash, alkali, or any other harmful mineral, but is made entirely of blood-purifying and healing roots, herbs and barks which enrich and freshen the circulation while curing Rheumatism. Book on Rheumatism and any medical advice furnished free to all who write. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

A GREAT SUFFERER FROM MUSCULAR RHEUMATISM.

Hopkinville, Ky.

Gentlemen: It is with pleasure I write to tell you of the wonderful cure I experienced from the use of S. S. S.

For over two years I suffered excruciating pains in the shoulders, caused by Muscular Rheumatism. I kept using liniments all the time, but the pains continued to increase. Finally I decided to try S. S. S., and after using several bottles had no more pain. To make sure, however, I continued to use your medicine so that my blood would be entirely purified. Although this was twelve years ago, I have never been troubled with rheumatism in any form since. I feel so indebted to S. S. S. that nothing I can say would be too high praise for it. With best wishes for the success of S. S. S.

Yours truly,

209 Liberty St. C. B. WEST.

COULD NOT WALK FOR MONTHS.

Victoria, Texas.

In 1900 I had a severe attack of Rheumatism and my entire system was out of order. For months I was not able to walk. I tried other remedies without benefit and then commenced to take S. S. S. I took it for a while and saw that it was benefitting me and continued to use it until I was entirely cured of the Rheumatism. I was confined to an invalid chair for eight months at one time, but I have been absolutely free from pain since S. S. S. cured me. B. H. BORING.

REPEATED FAILURES, THEN RELIEF.

Mr. Wm. L. Hill, of Winston, N. C., at one time traveling salesman, and well known in North and South Carolina and Virginia, says: "Two years ago my blood was in a wretched condition, and in addition to other bodily ailments I suffered severely from Rheumatism. After repeated failures to secure relief from the use of other remedies I began S. S. S., and it acted like a charm. The rheumatic pains left and my general health was built up as well. I have the highest opinion of S. S. S., for it is the only medicine that did me any good."

RHEUMATISM ALL GONE.

Mrs. Ida M. Palmer, of 196 Fulton St., Brooklyn, N. Y., writes as follows: "I wish you to know what great benefit I have received from the use of S. S. S. I have been afflicted with Rheumatism for twenty years, sometimes being entirely laid up by it and always lame in some part of my body. It grew worse until it was misery to attempt to walk at all; my right knee was nearly twice its natural size and was drawn up considerably shorter than the other one. A friend advised me to take S. S. S. which I commenced. I had tried so many things that I must say that I had very little faith that it would do me any good but I was willing to try anything that promised relief. Before I had been using it long I was greatly relieved, and continuing the medicine I soon found that I was entirely cured. The lameness and soreness all left, I can straighten, move or bend my leg as well as any one and I have never known what Rheumatism was since. I am 65 years old and feel deeply grateful to S. S. S."
