Railroadmen Cheer His Speech Which is Given at La Grande.

VISITS AT O. R. & N. SHOPS

Employees Listen Eagerly to Speaker's Reference to Judge Taft's Court Decisions in Favor of Rights of Workingmen.

LA GRANDE, Or., Oct. 31.—(Special.)—The Republican campaign in Union County closed with a monster rally in the upper-lodge, addressed by Judge Henry McGilver, of Portland. During the day Judge McGilver visited the large railroad shops in this city. As a result there were many employees of the O. R. & N. present to hear his remarks on the judicial decisions of Judge Taft in favor of the rights of the laboring man.

RIDDLES BRYAN'S THEORIES

Judge Lowell Calls Candidate Opposite of Romantic Dreams. OREGON CITY, Or., Oct. 31.—(Special.)—Despite the hard rain, several hundred Republicans came out last night to attend the only rally of the campaign at the Sibley Theater. Judge Lowell, of Pendleton, was the speaker and prior to his address Mrs. Imogen Harding Brodie sang patriotic songs from the platform. Judge Lowell was given a cordial reception and he dissected the theories of Bryan in a convincing manner.

BUTLER BACK AT CONDON

Returns Home After Speaking for Taft in Valley Towns.

CONDON, Or., Oct. 31.—(Special.)—R. Butler, Republican Elector, returned to Condon last evening after having held enthusiastic meetings in all the principal towns throughout the Willamette Valley. Mr. Butler speaks in the most forcible manner of the enthusiasm shown for the Republican ticket everywhere, and is confident that Taft and Sherman will carry Oregon by 25,000.

BIG RALLY AT GRANTS PASS

M. C. George Addresses Large Audience in Interest of Republicans.

GRANTS PASS, Or., Oct. 31.—(Special.)—A large audience gathered last night in the opera-house to hear the last campaign speech under the direction of Mr. Taft and Sherman Club. W. C. Hale, president, and O. S. Blanchard introduced the speaker, M. C. George, of Portland, who delivered a splendid address that was generously received and applauded. It was the last rally for Josephine County, and much enthusiasm was in evidence. Josephine County is sure to go for Taft with a big majority.

TAFT SUCCESS IN LEWIS

CHEHALIS, Wash., Oct. 31.—(Special.)—The Republican political campaign in Lewis County is being wound up this week with meetings at various places. W. H. Humphrey, of Seattle, had a fine meeting here Wednesday night, and the only other state orator, Henry McLean, of Seattle, is reported to have had a good meeting at Toledo tonight.

OFFICERS SHIFT POSITIONS

CHANGES IN WORKING FORCE OF O. W. P. DIVISION. F. D. Hunt Assumes Duties of G. C. Fields, Who Resigned as Superintendent.

Official notification was given Friday of the appointment of Traffic Manager F. D. Hunt to discharge the duties of Superintendent G. C. Fields, of the O. W. P. division of the Portland Railway, Light & Power Company who resigned early this week. Mr. Hunt adds the duties of Mr. Fields' position to those of his own, the title of superintendent of the O. W. P. being assumed by Mr. Fields. The appointment is effective November 1, and is announced in a circular issued by E. E. Fuller, vice-president of the company and general manager of the railway department.

Traffic Manager Hunt has made the following appointments to fill vacancies during the past week in Superintendent Fields' office following the latter's resignation: R. W. Edwards is made Traffic Manager, all dispatchers, inspectors and trainmen on the O. W. P. division will report to and receive instructions from him. This is a new position, heretofore held by Mr. Fields. Mr. Edwards is a former chief dispatcher, succeeding E. B. Heath. C. R. Bartlett is named first truck dispatcher, being promoted from third truck dispatcher, succeeding A. M. Smith. The position of chief clerk in Superintendent Fields' office, to succeed A. L. Gage, resigned, has not yet been filled, but Traffic Manager Hunt is looking for a man from the company employes. All these appointments are effective November 1. Mr. Edwards, who becomes Traffic Manager, entered the employ of the company about one year ago as expert on train rules, and for the last few months has been working in the power-house of the corporation. J. P. Roach, who is made chief dispatcher, entered the service as a motorman in August, 1902. The resignations of the officials of the O. W. P., whose places are filled by circulars issued yesterday, caused a sensation in local traction circles during the week. Friction between President Hunt and Mr. Fields, who is assigned as the cause of the changes.

BUILDING SITE SELECTED

PARK AND SALMON FAVORED BY ARLINGTON CLUB. Directors Are Authorized to Close Deal With Frank Warren, Owner, if Price is Satisfactory.

Among several pieces of property considered by the members of the Arlington Club Friday night as a site for a new club-house, the lots bounded by Park and Salmon and West Park streets were most favored. This piece is 100x100 feet in size, and is at the end of the park blocks. It is owned by Frank Warren, and while a definite offer to the club was not announced, it is believed some understanding exists between the owner and the directors as to the valuation placed upon it. The meeting last night was called for the purpose of considering a proposal to move the club from its present location, and about 30 different properties were suggested by the directors, among them being the Judge Williams block at Couch and Eighteenth streets. This piece was announced, in a circular, a few days ago, as purchasable at \$100,000. Another suggested purchase was the present site, owned by the Arlington Building Association, the figure named for this being \$120,000. The members of the club authorized the directors to close a deal for the Salmon-street property if it could be done at a reasonable price, and also favored a bond issue of \$100,000 to provide for the purchase of the ground and erection of a club building. The directors will probably report at the annual meeting of the organization in December on the final action of the board.

BEGGING IS LUCRATIVE

John Navona Says He Makes More Than \$40 Each Day at Business.

John Navona, a beggar, with \$25.46 in his pocket, the product of less than a day's begging, tackled a young man in the person of a plain clothes man, and was promptly taken to jail. Judge Van Zante sentenced him to two weeks on the rockpile. Navona came to Portland from San Francisco on one of the big Coast steamers first class, and began to ply his trade here. He had a note from the Y. W. C. A. to the Y. M. C. A., suggesting that the latter institution render what assistance it could to the "unfortunate man." He says that his profession is a lucrative one and brings him in an income of about \$40 a day. A patent has been granted upon an incandescent lamp filament made of nitride of calcium.

DEATH SNATCHES SOCIETY'S QUEEN

Aged Mrs. William Astor Passes Away at New York Residence.

ESTABLISHED FAMOUS 400

Heart Disease Which Troubled Her for Years Finally Carries Her Off—Survived by Son and Two Daughters. NEW YORK, Oct. 31.—Mrs. William Astor, who for 30 years has been regarded as the social leader of New York, died last night of heart disease at her home on Fifth avenue.

WAS SHE THE COUNTRY'S SOCIAL LEADER?

Mrs. William Astor, Mother of the Astor Family, Who Died Friday. The Rev. Mr. Nichols, in his list of persons he considered in the fashionable society of the United States, placed Mrs. William Astor at the head. Mrs. Astor was the widow of William Astor, who was a grandson of John Jacob Astor. He died in Paris in 1822. The present John Jacob Astor is her son.

her home on Fifth avenue. For nearly four weeks Mrs. Astor, who was 82 years old, had been in a critical condition, owing to the return of a heart ailment that had given her trouble for years. Despite her advanced years, she continued to hold her social domination up to a year ago, when failing health compelled her to retire into comparative seclusion.

BROKE DOWN IN 1907.

It was in the Summer of 1907 that Mrs. Astor's friends learned of her ill health. While she was abroad last year her son, John Jacob Astor, made the announcement that, because of the illness of Mrs. Astor at Newport, the world would not be opened, and this led to the discovery that she was in poor health. Word came later from Mrs. Astor, while she was in Paris, that she would open her Newport villa after all and that she would make the season there one of the gayest in years. This promise was not fulfilled, for when she came back from abroad, she broke down in Boston and had to return to New York.

REIGNED OVER NEW YORK 400.

The society functions given and presided over by Mrs. Astor were among the most brilliant on record. It is said that the ballroom in the mansion on Fifth avenue would accommodate 1000 persons. It was Mrs. Astor who established the famous "400," her visiting list being confined to that number of names. In 1905, however, she was said to have "let down the bars," when she invited 1200 persons to one of the most memorable social events ever given in New York.

HAD ONE SON, FOUR DAUGHTERS.

Mrs. Astor before marriage was Miss Caroline Schermerhorn, daughter of Abraham Schermerhorn, a well-to-do merchant. She was married to William Astor September 23, 1828. John J. Astor was their only son. There were four daughters. Two of them, Mrs. Oelive Hale and Mrs. Orme Wilson, are now living. The eldest daughter, Miss Emily Astor, who married E. J. Van Alen, died some years ago, as did Miss Helen Astor, who married James Roosevelt.

USE AUTO WITH AIRSHIP

HUGE GAS BALLOON CARRIES UP 24-HORSEPOWER CAR.

AERIAL TRIP LASTS TWO HOURS—AVIATORS RETURN TO STARTING PLACE IN MACHINE.

INDIANAPOLIS, Oct. 31.—Something new in aeronautics was attempted here yesterday when a monster balloon with a capacity of 110,000 cubic feet of gas shot up into the air with an automobile placed where a basket is usually suspended. The ascension was made at 4 P. M., the balloon carrying two occupants, Carl G. Fisher, of Indianapolis, and C. L. Bumbaugh, of Springfield, Ill. The idea of the aeronauts is to be able to will to load up the balloon in the automobile. The machine used was a new 24-horsepower, four-cylinder touring car, and when striven at all unnecessary equipment, weighs 1500 pounds. The balloon descended near Southport, Ind., a distance of seven miles from Indianapolis, after being in the air two hours and ten minutes. The automobile was freed from the balloon and the aeronauts came to Indianapolis in it. "The trip was without incident," said Fisher. "The only trouble was the lack of air currents. We hunted for them high in the air, but there were none stirring. In landing we came down close enough to the ground to drop a drag rope and several of the men in the crowd that had gathered grabbed it and pulled us easily to earth. The automobile did the landing without the least mishap and was in perfect condition."

FARMAN IN FAST FLIGHT

FARMAN MAKES RECORD WITH MACHINE IN FRANCE. Reached Height of 150 Feet, Flying in Direct Course Without Single Mishap.

MOURMELTON, FRANCE, OCT. 31.—HENRY FARMAN YESTERDAY FOR THE FIRST TIME MADE A PRACTICAL DEMONSTRATION OF THE POSSIBILITIES OF THE AEROPLANE BY FLYING DIRECT FROM THIS PLACE TO RHEIMS, A DISTANCE OF 20 MILES, WITHOUT MISHAP.

He ascended at a cockle this afternoon and after encircling the field once, turned his machine in the direction of Rheims. Soaring over the tops of trees, the aeroplane rapidly disappeared from view. An hour later a telegram was received from France announcing his safe arrival at Rheims. The time of the flight was 29 minutes, and the height reached was between 120 and 150 feet. The course was literally as the crow flies, over trees, fields and streams.

RHEIMS, Oct. 31.—Learning that aeroclub commissioners had arrived at Mourmelon to witness his attempt tomorrow at a record for height, Mr. Farman abandoned his idea of flying back in his aeroplane to Mourmelon and returned here with his machine.

CAR THROWN OFF RAILS

Breaks Water Plug and Whole Neighborhood is Flooded.

Part of the new pavement on Killingsworth avenue was badly damaged Saturday morning by being flooded with water from a freeping at the corner of Killingsworth avenue and Union avenue, which knocked off by Vancouver car No. 62. This was the last car into the city from Vancouver and was proceeding down Union avenue at a lively pace, when it jumped a Y at this corner and ran into a telegraph pole across the street. The pole fell across the car, crashing through the roof, and injuring Motorist McAllister in the back. Three passengers were on the car as well as the conductor, all of whom escaped without injury. After hitting the pole, the car turned over on its side and broke off a freeping, letting the water out in torrents.

The lawns and basements in the vicinity were flooded and much damage was done to the surface of the new pavement that has just been laid on Killingsworth avenue. It was several hours before anyone could be secured who could turn off the water. The water while the water was pouring into the street without hindrance.

The car was in charge of Conductor White, J. P. in the back. The motorist was J. Z. Champlin, Goble, Or.; H. B. McDonald, 546 Williams avenue, and R. G. Hedden, 473 Yamhill street. The motorist was taken to the hospital, and the passengers escaped without accident, almost by a miracle.

Leaning out of the window at 123 Twelfth street Friday night at 10 o'clock to get a breath of fresh air, H. B. Mitchell, a middle-aged merchant who formerly lived at The Dalles, Or., lost his balance and fell from the second story to the back yard, where he was found in an unconscious condition. His death of fresh air may cost him his life, for he is seriously injured, and it is believed that his neck was broken by the fall. The surgeons attending him are uncertain of his recovery.

Mr. Mitchell, accompanied by his wife, was visiting a relative, Miss E. F. Wiseman, a dressmaker, who occupies a flat at this address, and prior to a trip to Ocean View, Wash., was staying in Portland for a few days for the purpose of having his teeth fixed. To steady his nerves for the ordeal which he underwent at the dentist's yesterday, Mr. Mitchell had taken stimulants several times during the day, and last night was feeling indisposed. At the time of the accident he was lying down in a rear room, while his wife and Miss Wiseman were sewing in a front room. Just a few moments before the disaster Mrs. Mitchell had looked into the room to see if her husband were resting quietly, and then had rejoined Miss Wiseman. Conversation between the two women was suddenly interrupted by a violent crash from the rear of the house and, rushing into the room, occupied by Mr. Mitchell, they found his lounge unoccupied and the window open. They looked out and saw him lying on the ground 25 feet below. As no one had been near the room, the only way the accident could be accounted for was by the supposition that he had sat on the window-sill to get fresh air and had lost his balance and fallen.

The Red Cross ambulance was summoned and the injured man, accompanied by his wife, who insisted on riding by his side, was conveyed to St. Vincent's Hospital. The surgeons who examined Mr. Mitchell last night said that he probably would not be able to recover from his injuries.
