

ANNOUNCEMENT EXTRAORDINARY!

Peoples Clothing Company, 106 Third Street, Abington Building beg to announce that they have reopened at the old stand with an absolutely new and up-to-date stock of Men's and Young Men's Clothing, Furnishings and Hats. Owing to extensive repairs to the building, which was badly damaged by the fire of July 23, our opening has been delayed for over two months. Our stock of Fall and Winter clothing which was ordered long before the fire destroyed our store, has been arriving daily, and had to be stored in a warehouse. We are reopening under a great disadvantage, as the front of our store is obstructed by building material. The balance of the season being short, and not wishing to carry over any part of our Fall and Winter goods, we intend disposing of our entire stock of Suits, Overcoats and Cravenettes

At Manufacturers' Cost

Remember, every article in our stock is absolutely of this Fall's style, nothing whatever left over from the stock we had on hand before the fire

Captain Almost Takes Shot at Mayor

Dr. Lane, Up Betimes to Inspect Cement Sidewalk, Alarms W. C. North, Who Trains Trusty Weapon on Executive.

"CAPTAIN" W. C. NORTH, who lives on Killingsworth avenue, near Union, was aroused the other morning at 6 o'clock by continual tapping somewhere in the neighborhood. Thinking that a burglar was trying to pick the lock of his front door, he hero of the Philippine War grabbed his gun and silently crept to the front door, and with hammer cocked listened intently.

All was stillness outside and inside, except the ticking of the alarm clock. Colonel North returned to bed, but had scarcely fell into a doze when again came the ominous "tapi-tapi-tapi." Again picking up his artillery, Colonel North resolved that he would ascertain the meaning of the noise "above his chamber door." Stealing stealthily to the front door, he opened it.

"I TOLD YOU SO"

About Dangerous Hair Dyes!

In 1906 and 1907 I published in the leading papers of this country a large advertisement called "Dangerous Hair Dyes," in which I set forth the dangers and disadvantages from the use of strong two-bottle dyes and particularly the lead and sulphur preparations with the thick sediment.

Now does it not seem significant that as soon as the pure food laws went into effect, makers of various preparations, which I warned you against at an earlier date, were forced by the new laws to change their labels and correct their unreasonable claims, and in many cases they have even changed their formulae and no longer claim to restore the color to gray and faded hair.

I have not changed my formula of the truly wonderful colorific preparation called Mary T. Goldman's Gray Hair Restorer, because it always was, and still is, harmless and good. It will convert to gray or faded hair the color that it originally was in a week or 10 days without making

the hair appear dyed. It is clean, and the treatment is as simple as combing a little water onto the hair. As it contains no lead or sulphur, there is nothing to wash or rub off and it does not make the hair greasy, nor yet harsh, just leaves the hair to appear as it was in a natural state.

I believe we are selling more of Mary T. Goldman's Gray Hair Restorer than all similar preparations put together, in spite of the fact that we do not advertise much, and advertise only because we want the credit for exposing the worthless preparations long before the food and drug laws proved that I was right without the question of a doubt.

On request we will send to those interested a copy of our advertisement referred to above, called "Dangerous Hair Dyes," which gives information worth knowing for those whose hair is gray or faded.

Mary T. Goldman's Gray Hair Restorer is \$1.00 per bottle and will be sent direct by express, prepaid, on receipt of price. Address Goldman Bldg., St. Paul, Minn. It is also for sale and highly recommended by leading stores in all cities.
