ORATOR SCORES FOR TAFT

Makes Strong Point of Judge's Labor Decisions—Enthusiasm Is at High Pitch and Hundreds Are Unable to Get Into Hall.

PENDLETON, Or., Oct. 31.—(Special.)—Judge William Howard Taft is the best friend of the laboring man as has been demonstrated by the cause of labor that any man who ever sat upon the bench in this or any other country, declared Judge Henry McManis, of Portland, in addressing the greatest political rally held in this city since the famous campaign of 1906.

McManis then proceeded to quote three decisions which had been handed down by Taft and which were in favor of the man who labors, being careful to explain in each instance that the decision favored the laboring man, not because he was a laborer, but because Taft has right on his side.

Butler Also Makes Talk. McGinn was preceded by R. R. Butler, the Republican Presidential elector, who spoke for nearly an hour and a half. Tonight's big rally, which winds up the campaign in Umatilla County so far as the Republicans are concerned, was started with an illuminated parade of nearly four blocks in length, between crowds which lined the streets several deep for about the same distance.

CROWD GREET'S M'CAMANT

Many Women Present at Final Rally at Eugene. EUGENE, Or., Oct. 31.—(Special.)—The Republican National campaign in Lane County was brought to a close here tonight by the address of Wallace McCamant, of Portland, who spoke to a crowded house at the County Courthouse. Mr. McCamant was introduced by Helms Thompson, president of the Lincoln Republican Club, and the speaker was well received from the opening to the close of his address.

TAFT MAKES HOT FINISH

On his special train for Buffalo, where he will spend Sunday with Mrs. Taft. "Mr. Bryan has always won in August and September," said Mr. Taft in one of his speeches today. "This grows out of the character of the politics he advocates. They are always plausible, they are always useful for the first two months, on the stump, and then the power of logical analysis that the American voters bring to bear in the long educational campaign that precedes a Presidential election, scatters his policies to the wind, as they ought to be scattered. It does not happen by accident. It happens because of the character of the man and the character of the platform and principles advocated by the Democratic party."

Officeholders Get Busy. PARKERSBURG, W. Va., Oct. 31.—George I. Neal, vice-chairman of the Democratic State Committee and active head of the Democratic campaign in this state, sends a telegram today to a resident Roosevelt complaining of the activity of certain officeholders in the campaign. The telegram follows: "The Federal officeholders in this state are making your position of not permitting pernicious political activity by Federal officers the laughing stock of the state, especially refer to Frank H. Tyree, Marshal for the Southern District; Charles D. Elliott, Marshal for the Northern District, and George M. Bowers, Fish Commissioner. Their pernicious political activity in this campaign is of common notoriety. We are ready with positive proof, at any time, of their guilt."

GRATEFUL TO OLD KEYSTONE. Taft Praises Pennsylvania—Says Victory Will Clinch Prosperity. WASHINGTON, N. Y., Oct. 31.—I want to pay testimony to the gratitude that every Republican in the country owes to the Republicans of Pennsylvania,

because they go ahead voting the Republican ticket without any hope of reward except that kind of reward that comes from virtuous practices only," said Mr. Taft. "The country in New York is just about as Republican as Pennsylvania is, only when you get down into New York City the masses of unrighteousness is introduced in the shape of Democracy. My friends, we are going on, I am sincerely hopeful, to a return of the prosperity with which we were blessed for ten years. All we need to do is to clinch the progress we have made by a Republican victory in November. We would not be so if we were to put Mr. Bryan into power. Mr. Bryan is a great orator, a leader of men. He is a man of good judgment, however, and you cannot afford to put him in the White House."

TAFT SPEAKS ON LABOR

Binghamton Turns Out Cheering Thousands to Greet Him. BINGHAMTON, N. Y., Oct. 31.—The big day meeting of W. H. Taft in his New York State campaign today was held here. He was escorted through the principal streets and lastly cheered through out. At the Armory Theater an audience of several thousand greeted him with a great demonstration. After being introduced as the "man who has done things in distinction to Mr. Bryan with his oratory," Mr. Taft, who was in splendid voice, talked for an hour, paying particular attention to labor issues. Referring to Mr. Bryan, he said: "What we ought to do with Mr. Bryan

SILVERTON COUPLE WHO WILL BE MARRIED

John T. Tweed, Miss Maude M. Barkus.

SILVERTON, Or., Oct. 31.—(Special.)—John T. Tweed and Miss Maude M. Barkus, of this city will be married in the M. E. Church here Wednesday, November 4. After the ceremony, the couple will go to Portland for a visit with friends, and will then go to reside in Salem.

JUDGE SPENDS BUSY DAY

Delivers Six Addresses and Shakes Many Hands. ELMIIRA, N. Y., Oct. 31.—William H. Taft arrived here early today and delivered a brief address on his closing tour of the state. Six other speeches were on his schedule for today. After a demonstration at Rochester tonight, Mr. Taft will proceed to Buffalo, where he will be joined on Sunday by Mrs. Taft. She will accompany him to Youngstown and Cincinnati, where he closes his campaign. Despite the early hour of Mr. Taft's arrival here, he spoke to a large crowd, and was enthusiastically received. A passageway was made from the Taft car to the platform along the railway station, but the police had a hard time keeping the crowd back, and it took five minutes for Mr. Taft to reach the platform, which was only 50 feet from the car, because of handshaking he was compelled to do on the way. He was introduced by Representative J. Sloat Fassett. After discussing the panic of last Fall, Mr. Taft concluded: "The man who control capital in Europe and this country are the men who insist on having a certain business future, and unless they invest their cash the wheels will not go round, new construction will not begin and the depression will continue for four years. Then, my friends, I don't urge you to vote the Republican ticket. I only point to the result, and I know by looking into your eyes and seeing your long heads what the result is going to be."

SENDS MESSAGE TO HIS HOME

Taft Expresses Confidence and Asks Big Cincinnati Vote. CINCINNATI, Oct. 31.—That the thoughts of W. H. Taft, practically on the eve of election, turned toward Cincinnati, his home, is shown in the following message sent from Elmira, N. Y., to his friends here through the Times-Star: "The issues of the campaign are now understood by the American people, and the lines are drawn. I have no fear, no doubt, as to the outcome. I believe victory to be assured. I hope that supporters of Republican doctrine and policies will get out a full and early vote, and that my Cincinnati friends and neighbors, whose encouragement has been a source of pride and inspiration, will personally contribute toward that end."

BOYS TERRORIZE ASTORIA

Three Lads Confess to Thefts and Implicate Many Others. ASTORIA, Or., Oct. 31.—(Special.)—A gang of upper town boys, ranging from 8 to 12 years old, have been terrorizing that portion of the city for some time. While they have been committing petty thefts and doing small damages, the police have found it difficult to apprehend them. On last Tuesday night a scow was broken into during the absence of the owner and a \$10 gold piece stolen. Suspicion turned on John Avila, John Flink and Tony Stanovich, the first being 8, the second 11 and the third 12 years old. They were placed under arrest and after being locked up in the City Jail acknowledging their guilt, told how the scow was broken into and how the money was divided among them. After they started to talk they told of other boys engaged in the same business and gave a list of those who carried revolvers at all times.

PREDICTS CLEAN SWEEP

Bingham Says Republicans Will Elect Entire Ticket in Clark. VANCOUVER, Wash., Oct. 31.—(Special.)—A. J. Bigham, chairman of the Republican County Central Committee, sums up the political situation in Clark County as follows: "The total vote in the county will be about 2000. The majority will sit at the present time and bets are freely offered with odds 2 to 1 on Pullman."

PULLMAN LEADS IN BAKER FIGHT

BAKER CITY, Or., Oct. 31.—One of the hottest city campaigns that has been experienced here for years is being waged over the election to be held Monday, at which time a Mayor, four Councilmen and a police judge will be elected. William Pullman, Citizens' candidate, seems to have the best of his opponent, F. M. Saxton, at the present time and bets are freely offered with odds 2 to 1 on Pullman.

RAISE \$15,000 FUND

Eugene People Pleased With Publicity Work Results.

MAKE STILL BETTER TOWN

Business and Professional Men All Pulling Together to Accomplish Results for What They Believe Is Best City in the State.

BY ALLEN EATON. EUGENE, Or., Oct. 31.—(Special.)—After one year of experience in advertising the interests of Eugene and Lane county, the people of the university town have contributed \$15,000 for the promotion work for the coming year. And these contributions were made just on the eve of the National election, which in former years would have been a positive obstacle in the way of securing such a fund. But

ILLINOIS AND MICHIGAN SAFE.

Michigan will go for Taft, but the state fight is very close. What is regarded as a conservative estimate places the plurality of Governor Warner at 20,000. Some congressional losses in Michigan probably will be sustained by the Democratic party. The Republicans seem to be winning everything in Illinois. Taft's plurality in this state is likely to be enormous. Mr. Chafin, the Prohibition candidate for President, who is very unfriendly to Mr. Taft, says the Republican National ticket will have at least 100,000 excess votes. There has been a ripple of excitement over the Governorship, but apparently Governor Deneen, Republican, is to win over Adlai E. Stevenson, Democrat, by approximately 100,000. The Republican state committee claims Deneen's election by 380,000 plurality, while the Democratic state committee asserts that Stevenson will win by 20,000.

MAY DIVERT RADICALS.

It has taken political observers some time to get their bearings in Colorado, but it is now said that the state will go for Taft by 10,000. The state ticket is in doubt, as is the Legislature, which will elect a successor to Senator Henry M. Teller. Whether the statement of John D. Rockefeller that he would vote for Taft will drive any of the labor and radical vote still secured back to Bryan remains to be seen.

NEW HAMPSHIRE FIGHTS STATE ISSUES.

CONCORD, N. H., Oct. 31.—The campaign in New Hampshire is closing with all parties active and the managers declare one of the heaviest votes in New Hampshire's history will be cast Tuesday. Interest centers mainly in the long agitated state issue of alleged corporation influence in the Legislature. The Democrats profess to expect the election of a Democratic Governor.

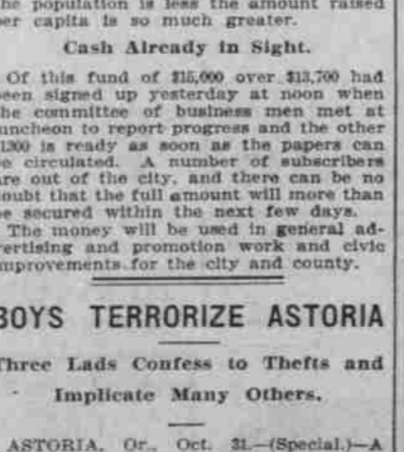

SOUTH DAKOTA FOR TAFT.

SIOUX FALLS, S. D., Oct. 31.—Republicans tonight asserted with much confidence that they will carry the state for Taft and elect every man on the Republican state ticket. The Democrats say they are certain to elect their nominee for Governor.

CASH ALREADY IN SIGHT.

Of this fund of \$15,000 over \$12,000 had been signed up yesterday at noon when the committee of business men met at luncheon to report progress and the other \$3,000 is ready as soon as the papers can be circulated. A number of subscribers are out of the city, and there can be no doubt that the full amount will more than be secured within the next few days. The money will be used in general advertising and promotion work and civic improvements for the city and county.

PIANO LOGIC

If we advertise to sell you a piano today for \$223.00 that was \$446.00 yesterday, would you not think the man who paid \$446.00 was wronged?

We have no reason for offering a \$400.00 piano for \$200.00. Values do not fluctuate in this way. Our \$400.00 values are worth \$400.00. Our \$200.00 piano is worth \$200.00. Why should your neighbor pay twice as much as you pay for the same article?

Visit our store—every piano marked in plain figures. Every figure is right. Every piano worth what the figures say. It is worth something to know the value is right. It is no mistake to buy where you get "An Honest Piano at an Honest Price."

didates who have no opposition, the balance of the Republican county ticket will be elected by majorities ranging from 300 up, with the exception of two candidates. In the case of these two there will be some scratching. Cosgrove, for Governor, will run parallel with the head of the ticket. The Republican organization in the county is in excellent condition and each of the 27 precinct men have done effective work. We have held meetings this week at practically every schoolhouse and hall in the county. These meetings have been well attended and much has been accomplished by them for Republicanism. "We will wind up the campaign with a rousing meeting Monday evening, at Rockinton, the speakers to be James P. Stopleton, W. W. Sparks, E. M. Rands and P. J. Kirwin."

GIVES TAFT SAFE LEAD

(Continued From First Page.) whether the peculiar announcement by John D. Rockefeller, that he would support Taft can be turned by the Democrats into an argument which may swing some close states back to Bryan. The Democratic campaigners are making use of the incident with all the avidity with which a last card is seized upon in the closing hours of the campaign. So far as the New York Governorship is concerned figures and comment printed elsewhere in the forecast of the election has a small lead; that the tide seems to continue to run in his favor, but that the contest is so close that at the last moment something might develop which would change the conditions.

There appears to be some element of doubt in Ohio, but the latest testings from that state say that it will give Mr. Taft a plurality of more than 20,000, while Harris, Republican, will probably be elected Governor. The Republican managers have been in a desperate frame of mind over Mr. Taft's home state, because of the peculiar conditions existing there and because the expected large drop in the plurality from 255,000 for Mr. Roosevelt in 1904 allowed no reliable basis for calculation.

SHOT IN DRUNKEN BRAWL

JAMES GOODELL RECEIVES BULLET IN FACE; MAY DIE. William Reno, Under Arrest at Chehalis, Declares Wounded Man Pulled Trigger in Scuffle.

CHEHALIS, WASH., OCT. 31.—(Special.)

Last night William Reno shot James Goodell in the face, near the nose, the bullet lodging in Goodell's brain. The shooting occurred while the men were driving to Ethel, where they had been working at Keller's sawmill. Reno, Goodell, Jesse Moore and Bob Waunch were in the rig. The men had been working at the mill and were paid off yesterday. They came to Chehalis and Reno and Goodell filled up on liquor. As they were driving along the public road a short distance beyond Forest, about 10 miles southeast of town, Goodell is alleged to have pulled a pistol from his pocket and remarked that anyone who attempted to touch him would be shot. Afterward, according to Moore, Goodell pointed the gun backward and fired two shots, whereat Reno, who was in the back of the rig with Waunch, jumped up, grappled the gun from Goodell and fired it. An examination showed that Goodell was shot. The rig was driven back to Forest and later Goodell was brought into town and Dr. Daw and Deputy Sheriff King summoned. Reno went to the home of L. W. Kaylor, beyond Forest, and gave himself up. He was brought in this morning. His story is that he and Waunch were drinking in the back of the rig. That he and Goodell had had trouble a short time ago, and that for a week they had not spoken. Goodell suddenly began shooting and making threats to the effect that he would kill Reno. Reno grappled Goodell's gun, and during the scuffle, Reno says, it was pulled off by Goodell's own finger. The two men are about 20 years old. They were hired at a camp near town here about three weeks ago. Goodell is at the St. Helens Hospital in Chehalis.

A Strong Point

quite as essential as the style in clothes is the tailoring. Style is comparatively of a day's duration unless backed up by workmanship which will insure the retention of shape and proportion during the life of the suit. One of the cardinal features in Chesterfield Clothes is the making. The reputation we have achieved on Chesterfield Clothes is most enviable, and the greatest feature in gaining this reputation was the tailoring, enabling us to give a guarantee given on no other make of ready-to-wear or custom-tailored clothes. Guarantee: If front of coat of any Chesterfield Suit or Overcoat sold by us breaks or loses shape in one year's wear, customer can have new suit free. Suits and Overcoats priced \$20.00 to \$60.00.
