PROSPERITY

Is upon us in **Portland now,** and millions of dollars of Eastern money is now being spent in great packing plants and other factories and milling propositions in Portland, and from present outlook, a great majority of them will be built on the **Peninsula.** Can you realize what that means to a party buying a lot in either **Loveleigh** or **El Tovar** at present prices? It means easily double the price paid for same. What better do you want? Look at Union avenue (the longest street in the city) — the contract to pave **two miles** of it has just been let, costing over $160,000. **El Tovar** is facing on this great business street, and **Loveleigh** is only two blocks west of it, and both of these beautiful additions are in the vicinity of where Swift Packing Company are spending millions, and so many other big concerns under consideration that it makes these two additions look unusually good to the investor. Every street in **Loveleigh** is graded and now laying water mains, a number of homes built and now building, and a great future for these additions is assured.

Building Restrictions, Graded Streets and Water Mains Laid Free to Buyer.

Price $350 and upward. Terms, $10 cash and $10 per month.

IN THE CIRCLE

Of as fine farm land as there is in the Valley. Only 8 miles from the Court House, 2 miles from city limits, less than 2 miles from Beaverton, where there are now 12 trains a day to Portland, 6 electric, 6 steam. And only $120 per acre. Think of it! **Don't** buy any farm land near Portland until you see this tract. It is the best buy that has been on the market for years. We sold acreage in Jennings Lodge a few years ago for $100 per acre and are now selling this same land for $1000 per acre, and this is better land, closer in, for $120. Can you see how you can help making money on this? We believe, and stake our reputation on it, that you will more than double the money it takes to handle this inside of one year. We have been in the business 16 years and we think this is the best thing we have ever offered our clients. There is not a single acre of cleared land around Beaverton or Reedville that can be bought for less than $300 per acre. This tract must be sold at once and we think that the first man we show it to that is posted will take it. The land lies fine for platting in small acre tracts. You can raise fruit, vegetables and mortgages on it. If not sold this week we will raise the price. Be sure and drop in and see us about it anyway. Our competitors say we have no land at this price, but come in and we can "show you." Call Monday for particulars and terms.

PERHAPS you do--PERHAPS you don't

If you are interested in economy and will attend our sale at 210 First street, we will convince you of this FACT—that we are selling the following goods for less money than any other concern in the city. We save you the JOBBERS' dividends and the RETAILERS' profits on groceries, farmers' supplies, plows, cultivators, implements, small hardware, tinware, graniteware, woodenware, furniture, steel ranges, rubber and steel-tire buggies, heating stoves, sewing machines, lawn mowers, etc. This immense stock comprises nearly everything you USE, EAT OR WEAR.

Farmers, Attention!

Do you want a plow, driving buggy or farm machinery at half price? Come this week.
