

ENTHUSIASM HIGH AT TAFT BANQUET

Ratification Dinner Draws Party Leaders From All Parts of State.

ALL SPEAK FOR HARMONY

Election Victory Is Celebrated at the Masonic Temple and Predictions Made for Continued Success.

Not within recent years has there been another such representative gathering of Republicans as was gathered around the banquet board last night at the Masonic Temple...

The dinner was an informal function and while a number of the speakers whose names were down on the programme for the evening were not present...

The dinner was not a cut-and-dried affair, for Judge M. C. George who as a toastmaster is limited to his own wit...

Before Judge George introduced the first speaker of the evening, United States Senator Fulton, the toastmaster...

Senator Fulton responded to the toast, "Our National Legislature." He delivered an address that will long be remembered by those who listened to him...

"The Republican party has never made a promise to the people that it has not kept," said Senator Fulton...

Drifting away from what is going to happen at Washington Senator Fulton came close home and urged a return to the old methods of convention in choosing the Representatives to Congress...

"Oregon expects a great many things at the hands of Congress and it is of vital importance to the state when the people have to represent them. They should see to it that they are represented by members of the Republican party..."

Willis S. Dunlavy, who responded to the toast, "The State of Oregon," followed Senator Fulton and his speech was largely a warning cry to the Republican party...

Judge George next called upon Dan J. Shabaker, who responded to "The People Do Rule." Mr. Maloney said that he thought the vote that Taft received was enough to convince Bryan and the Democratic party that the people do rule...

Dr. Andrew C. Smith spoke on "Campaign Autopsy." Dr. Smith said that the subject reminded him of his second year at medical college when he was called upon to do the autopsy work...

Williams to Direct Fight. After assisting local Republicans last night to ratify the election of Taft and

Bring Your Eye Troubles to Experienced Men if You Want the Best Service.

Headache, Neuralgia, Nervous Prostration, Insomnia and many other nervous derangements are found to be the work of eye-strain.

Thousands suffer from eye strain without knowing the fact. They see well, and are not aware that a ruinous over-expenditure of nerve force alone enables the eyes to triumph over existing defects and serve obediently.

Thompson has given practical demonstrations of his new method of sight testing before the foremost oculists of England, Germany, France, Russia and Austria, and they unanimously claim his discovery a great aid to science.

PUTER IS SHOCKED

Land-Fraud King Has Only Praise for Heney.

Haas Was Nagged On to Desperate Deed by Prosecutor's Enemics, Is Belief of Man Convicted in Portland.

GIVES THEORY OF CRIME

S. A. D. Puter, land-fraud king, convicted by Francis J. Heney for his connection with a conspiracy to defraud the Government out of thousands of acres of valuable timberlands in this state...

Mr. Heney was one of the finest men I ever met," said Mr. Puter of the man who sent him to jail. "He is as square as a die. He is a relentless prosecutor, but for all that, he is a fair one. He does his duty and that is all. His aim is to convict and a conviction secured, his big heart shows itself and if there are ameliorating circumstances, Mr. Heney will do his utmost to soften the degree of the sentence."

URGE REPUBLICAN SENATOR

UNION REPUBLICAN BOARD TO ADOPT RESOLUTIONS.

Sets Forth Needs of Oregon and That Republican Can Best Serve in Congress.

Election of a Republican United States Senator will be called for by the Union Republican Club, the big political organization of Portland, next Thursday night at a meeting of its Executive Board. A resolution urging Republican members of the Legislature to elect a Republican, will be adopted by the Executive Board. The Board members number 20 lined up as follows: In favor of Chamberlain—John Gill, C. M. Ideman, Emmet Drake, R. W. Hoyt, Thomas McDewitt, against Chamberlain—P. E. Beach, Charles Cleveland, W. J. Miller, T. J. Monahan, H. C. Smith, Louis Kusan, W. W. Banks, W. H. Galvani, G. C. Moser, E. B. Colwell, James Kertcheg, R. W. Parker, W. C. North, Max Coxon.

The resolution will cite that Oregon needs all the influence at Washington it can possibly get; that it wants appropriations for rivers and harbors and public buildings and that a Republican will best serve the state in these respects. The resolution will call on the Legislature to amend the direct primary law so as to prevent Democrats from invading Republican primaries.

The constitution and by-laws authorize the Executive Board to declare the policies of the club.

Last Friday a resolution to the same effect—as to Senator—was presented by E. B. Colwell, and could have been adopted, since there were five members in its favor against two, but the majority decided to wait for a fuller meeting, and allowed the resolution to lie on the table until next Thursday.

CITY TAKES WATERWORKS

System at Eugene Will Be Operated by Municipality.

EUGENE, Or., Nov. 14.—(Special)—The Willamette Valley Company water plant was today transferred to the city of Eugene for the consideration of \$100,000, which was paid in 5 per cent bonds. The transfer includes the Skinner Butte property on which the two reservoirs are situated, the pumping station, the ground upon which it is located and some land across the Willamette River, besides the pipelines, fixtures, tools, etc. The transfer is dated July 1, that being the date originally agreed upon, but the transfer was not made at that time because the validity of the bonds was in question. The city will have all the receipts from water since July 1 and will pay for all improvements. A water commission will be appointed at once to serve until their successors can be elected.

COOK TO REOPEN CANNERY

Portland Packer Makes Announcement at Port Townsend.

PORT TOWNSEND, Wash., Nov. 14.—(Special)—J. W. Cook, the Portland salmon packer, announced tonight after spending a day in Port Townsend, that his plants would be in operation for the expected heavy run of sockeye salmon next year. Mr. Cook's two properties here and at Blaine have been idle for several seasons. He states that plans for the coming year have reached a point where contracts with cannery laborers are being made and preparations are being made to handle a capacity pack of both plants.

Sims & Willey, who have operated the Cook cannery here for a pack of 20,000 cases of Fall fish, have secured the Hillside cannery for operation next year.

IDENTIFY GUNNESS RINGS

Jeweler Clinches Evidence in Ray Lanphere Murder Trial.

LA PORTE, Ind., Nov. 14.—For the purpose of taking advantage of every opportunity to finish the trial of Lamphere before Thanksgiving, the Circuit Court continued in session today. Prosecutor Smith was well satisfied with the progress yesterday. He said:

"We have shown by the testimony of Coroner Mack, Sheriff Smutzer and Drs. Wilcox, Long and Gray that two rings, introduced by us in evidence, were taken from the fingers of the adult female body found in the fire. Sheriff Smutzer swore they were similar to the rings he had seen on the finger of Mrs. Guinness during her life, but he will establish their ownership without question by the testimony of Herman Ekobang, a jeweler, who had them in his possession for clean-

ing and had several times seen them on Mrs. Guinness' fingers. Neighbors will also support this testimony. This we will follow up with the introduction of dental work found in the ruins near the body, and by the testimony of Dr. Norton we will prove that the bridge had been made for Mrs. Guinness and fitted in her mouth. Dr. J. L. Gray, who yesterday testified that in his opinion the cause of death on the adult female body found in the ruins was apoplexy, resumed the witness stand today for completion of his cross-examination.

Gypsy Not Wanted at Yakima.

OAKLAND, Cal., Nov. 14.—Rebekah Butler, the gypsy arrested here two days ago on a charge of having fleeced a farmer of North Yakima, Wash., out of \$2000, was released today. The police, after telegraphing the authorities at North Yakima, learned that no warrant had been issued there and that her arrest in this city was the result of spite.

Joggi Awarded \$2000 Damages.

OREGON CITY, Or., Nov. 14.—(Special)—At 10 o'clock this morning the jury in the case of George Joggi against the Willamette Pulp & Paper Company brought in a verdict in favor of the plain-

tim for \$2000 damages. The action was brought by Joggi to recover \$20,000, of which \$10,450 was claimed on account of negligence of the company in permitting a pile of pulp to fall upon him while working at the paper mills, in August, 1907, and the remaining \$10,000 was claimed for the alleged malpractice of the defendant's surgeon, Dr. Carl, in setting the plaintiff's fractured leg. The jury returned a verdict for the defendant on the cause of action charging the doctor with malpractice, thereby exonerating the surgeon.

Colonel John Adair, of Astoria, a pioneer of 1840, and a son of General John Adair, the first Collector of Customs for the District of Oregon, has been a visitor in the city for a few days.

President William N. Ferrin, of Pacific University, and Rev. Arthur J. Folson, superintendent of the Congregational Home Mission Society for Oregon, both of Forest Grove, were in the city yesterday.

Mrs. James A. Lowden, of Santa Maria, Cal., has been in the city several weeks visiting her sister, Mrs. Ruth H. Soule. Both ladies are native daughters of California, their parents being early pioneers of the golden state.

Seth Biggs, one of the business men and farmers of Polk County, bought a lot at 42 Market street a few months ago, where he had erected a handsome residence into which his sister, Miss Emma Biggs, and himself have recently removed from their Polk County home near Rickreall. They will make Portland their permanent home.

Dr. Thomas Van Buren Embree, of Dallas, Polk County, a pioneer of 1844, went to Rufus, Sherman County, yesterday with Thomas A. Fowler, who became a citizen of the latter county three years ago. They were born near each other in Missouri in the thirties, and grew up together as children and school fellows. In 1842 their ways diverged, and they never met until the tenth of this month in this city, in a purely accidental way, neither knowing that the other was in Oregon.

NEW PORTLAND AGENCY

IVERS & POND PIANOS

We beg to announce that we have just made arrangements for the exclusive representation in this territory of the justly celebrated Ivers & Pond Piano. Some beautiful samples were received yesterday and are now on display at our warehouses.

The Ivers & Pond, with the fourteen other makes we already control, gives us a line of high-grade pianos second to none in the city.

We invite your careful inspection. 374 Morrison St. Corner West Park. Step in and listen to the wonderful "Apollo" 88-Note Player Piano.

Hovenden-Soule Piano Company

SOLE AGENTS DUNLAP HATS

FOR OUR PROFITS

We rely on the man who comes back each season and buys from us his clothes and his fixings, because he found out that we told him the truth about them. A lot of men buy from us for that reason. It never occurred to them, but it's the truth. We believe in Stein-Bloch Smart Clothes, and we have brought a lot of men in this town to believe in them. We told the truth about those clothes and they backed us up by fitting and wearing and looking stylish, when other clothes failed to make good.
