Our tuning and repairing department has for years been considered the finest on the Coast, but realizing that the best was not good enough for our patrons, we engaged the services of Mr. A. Shaw, a piano and player-piano expert of wide experience in Eastern factories. Mr. Shaw has surrounded himself with a corps of trained tuners and repair men and the quality of their work has met with our entire approval. Last year under our \$5.00 per year contract—\$1.50 Piano House tuned over 7000 pianos of various makes and styles. This season, with our doubly efficient corps of tuners, we expect to add greatly to this number. Let us explain to you how our yearly contract will save you money, will insure your piano always being in tune, and, best of all, will prevent your piano from depreciating in value.
