## Developing Bust and Chest

DEEP breathing helps greatly in developing the chest. Every morning upon rising, and at night before retiring; afterwards massage with **MELOROSE** Cream and three times a day take Willard White Co.'s Vaucaire Galega Tablets. Drink plenty of cold water, avoid all drinks containing acids, and within a short time the bust measure will have increased to the extent of several inches.—Mlle. Merlyn, America's great authority on health and beauty culture.

### Letter From Miss Margaret Nesbit

Willard White Co.'s Vaucaire Galega Tablets Helped Her

St. Louis, Mo., June 3, 1907.

Willard White Company—Gentlemen: I wish to thank you for what your Vaucaire Galega Tablets have done for me. I began taking them early last Fall and weighed but 117 pounds, was very sallow and had blotches on my face. I have taken in all one dozen boxes and weigh 149 pounds. My complexion is clear, cheeks rosy, eyes bright and my bust measure has increased four inches. I noticed that my general health began to improve from the time I had taken half of my first box of your tablets. Very truly,  
MARGARET NESBIT.

### Mrs. J. M. Pugh, of Jonesboro, Ark., Says: 'Your Vaucaire Tablets Are Almost Magical'

Jonesboro, Ark., March 8, 1908.

WILLARD WHITE CO.:  
Dear Sirs—Am in receipt of your letter asking to use my letter as testimonial. Indeed, I have no objection, for I really think your Vaucaire Tablets are almost magical. I can't say too much in praise of them. I have improved wonderfully in every way, especially my female health and my nervous system. The two dollars I have spent for the Vaucaire Galega Tablets have done me more good than hundreds I have spent in the past with physicians who did me very little good, if any. I feel so well now and enjoy every moment of my life. My daily duties are a pleasure instead of a task. I will gladly and conscientiously recommend your Vaucaire Galega Tablets. Am inclosing money order for another box of them. Please send them at once, as I am almost out.  
Very sincerely,  
MRS. J. M. PUGH.

## Perfection of Form

Nature, hygiene and modern chemistry seem to have formed a mighty tribune to preserve intact the beauty and charm of the Twentieth Century Woman.

A few years ago a maid or matron who was flat-chested thought she must remain so, but now all is changed, and newspapers and periodicals are recommending Vaucaire Tablets to build up the bust and fill out what the French describe as "salle sellars," those little hollows at the base of the neck, near the shoulders. The basis of this tonic is imported Galega, an herb that acts immediately upon the mammary glands, stimulating and building them up. It is put up in little tablets by the Willard White Company, and certainly, in this form, it fills a long-felt want. This article has accomplished wonderful results in a number of cases known to the writer.—Editorial, "Woman Beautiful."
