Powers' Celebrated Ajax Steel Range

\$27.75 A \$36.00 VALUE \$27.75

THE AJAX STEEL RANGE is a model of simplicity. The walls are made double, and heavy asbestos is used as an interlining to prevent heat radiation. These walls are covered with blue polished steel that will not rust, chip, peel or turn white when heated. THE AJAX STEEL RANGE is made to suit the housewife, and every new improvement has been thought out and each new feature is practical.

THE AJAX STEEL RANGE has every new feature, every improvement of the 1908 style—it has a six-hole top, 2 16-inch oven, large-size warming closet, is beautifully nickel-trimmed and is made throughout of polished blue steel. This one item alone will be appreciated by the careful housekeeper, as there is no paint to burn off, and they will always keep their original beautiful finish.

An Ideal Christmas Gift

Nine-tenths of kitchen labor and worry is caused by ill-working cook stoves and ranges; by ranges that draw poorly; that have such complicated draughts that only a skilled mechanic can manage them; whose grates are so constructed that it is a strong man's work to shake them down; ranges which work well when the wind is in a certain direction, but act like a fiend at other times; ranges whose work is so unreliable that the housekeeper is in a constant nerve-racking worry lest the meals be late or the baking spoiled.
