Misses Evidence Needed for Defense, but Fears Not Roosevelt.

JANGLE WITH POSTOFFICE

Tries to Frank Typewriter and Is Called On to Pay Postage—Refuses, Telling Postmaster It's Government Property.

NEARLY \$10,000 EXPECTED

CATHOLIC DONATIONS WILL SWELL RELIEF FUND.

Benefit Concert at Bungalow Counted On to Furnish Many Dollars for Stricken Italians.

Portland's Messian relief fund committee, and with the money which the soliciting committee obtained yesterday, together with that which will be raised by the concert at the Bungalow on Monday night, and that donated by the Catholic churches today, the fund will come very close to reaching the \$10,000 mark.

The collection taken at all of the Catholic churches will be turned over to the relief fund, in accordance with the announcement made last Sunday. Much money is reaching the hands of Colonel David M. Dunne, the treasurer, from outside of the city and these funds come from Mayors, churches and from business men of various towns.

CONFIDENT HE'LL PROVE INNOCENT.

Mr. Tillman devoted the entire day to the preparation of his reply to the President's charges, Senator Tillman has failed to find a number of papers bearing upon the Oregon land case, in connection with which the present controversy arose.

The Senator does not charge that the papers have been abstracted by a Government detective who may have been shadowing him, but does not say that it would be impossible for such officials to gain access to his room and to his desk, both of which were fastened only with ordinary locks, and the papers, he says, are very important in the preparation of his case and would go far to substantiate his defense.

WILL EMIT 7000 WORDS.

His speech will be about 7000 words in length and delivered from manuscript. Mr. Tillman is a rapid talker and it is not believed that he will consume more than an hour of the Senate's time. Comparatively few Senators have called on him today, in his failure in this respect, say the Senator's friends, has been due rather to a desire to afford him an opportunity to get out his statement without interruption than to a lack of interest in him.

TRIES TO FRANK TYPewriter.

Mr. Tillman is affording an illustration of the old adage that "what never comes singly." In addition to the difficulty about the Oregon land, Postmaster Barnes, of Washington is trying to collect from him a bill of \$16 for carrying through the mails a typewriter which the Senator had franked from his home in South Carolina to Washington. Mr. Barnes insists the Senator should pay postage at letter rate. The postmaster's notification to Mr. Tillman was contained in a letter, in which he said:

Inasmuch as neither of the character is made either by transmitting through mail or by carrying through the mails, it is never come singly. In addition to the difficulty about the Oregon land, Postmaster Barnes, of Washington is trying to collect from him a bill of \$16 for carrying through the mails a typewriter which the Senator had franked from his home in South Carolina to Washington. Mr. Barnes insists the Senator should pay postage at letter rate. The postmaster's notification to Mr. Tillman was contained in a letter, in which he said:

I have your letter notifying me that the typewriter mailed at Trenton, N. C., under my frank and addressed to you, is being held for postage. This typewriter is being held in the Senate, typewriters have been franked to and from the same place as public documents and I was not aware of any law or ruling on the subject. The typewriter being sent to the Senate and not to me and has been used in my public correspondence. Under the circumstances, I believe that the \$16 demanded, because it is not justly mine. You may sell the typewriter or deliver it to the sergeant-at-arms of the Senate, but I had no intention that it was not franked and I could have shipped it by express or freight. But in this case it would be one of the most expensive pieces of property of another party to the Government for the collection of postage on matter that has always been franked heretofore.

CONGRESS TAKES AGGRESSIVE

Orders Searching Inquiry Into Government Detective Work.

WASHINGTON, Jan. 9.—That the House does not intend to stop with its action of yesterday in rebuking the President in connection with his strictures regarding the Secret Service, was evidenced today when at the instance of Tammey of Minnesota and without a dissenting vote it adopted a sweeping resolution of inquiry into the amount of money appropriated for the present fiscal year for detecting frauds and the efforts made to bring to trial offenders against the law. The resolution calls for the appointment of a committee of five members by the Speaker with power to administer oaths. The sum of \$5000 was appropriated. After providing that the committee shall ascertain the amount of money appropriated for the present fiscal year that could be used to prevent frauds, the resolution instructs the committee to ascertain what part of the public service is in whole or in part out of the United States Treasury, are authorized or are in existence and supported by appropriations made by Congress, whether such duties are to detect and prevent frauds, or to apprehend and bring to trial and punishment persons charged with violating the laws of the United States, whether such branches of the public service or any persons employed therein, have been or are engaged in any duty not contemplated by the law or the appropriation establishing the same, or providing for the same, the names of the persons employed for any period in each branch of such service during the current and last fiscal year, the rates of compensation and allowances paid or being paid to each of them, by whom they are appointed and on whose recommendation, and a statement of the

STILL MEDITATING ACTION

Congress Thinks a Little Longer Over Secret Service "Insults."

WASHINGTON, Jan. 9.—Acting Chairman Hale, of the Senate committee on appropriations, today appointed Senators Gallinger, Hemenway and Clay as a subcommittee to consider President Roosevelt's reference to Congress in the portion of his annual message which deals with the Secret Service. At the meeting of the appropriation committee today, the committee reported on the President's reply to Mr. Hale's request for information concerning the activities of the Secret Service under the different executive departments was exhibited but not read.

THROUGH TO MEXICO CITY

PORTLANDERS MAY SOON GO THROUGH WITHOUT CHANGE.

Harriman's Extensions in Mexico Will Make Possible Unbroken 3500-Mile Journey.

CHICAGO, Jan. 9.—(Special.)—Within a very short time it will be possible to travel in a Pullman sleeper without change from Portland and Seattle to Mexico City through Sacramento, San Francisco, Los Angeles, Mazatlan and Guadalajara, a distance of 3500 miles. This remarkable journey will be made possible by the extensive railroad construction which Edward H. Harriman is rapidly prosecuting to a completion in Old Mexico.

When the main line of this work is completed, Harriman will have the longest north and south railroad line in the entire world. Its importance is greatly enhanced by the semi-official announcement that he is to construct a road from a point east of El Paso through the new oil fields of the state of Chihuahua and then on to a connection with this north and south line on the west coast. The new north and south line through Old Mexico joins the Southern Pacific at Tucson, Ariz., and within a short time, probably less than a month, through sleeping-car service will be established between that city and Mazatlan, a distance of 900 miles.

SOLDIER FALLS OUT RANKS

Salvation Army Worker Confesses to Stealing Cornets.

But a short time ago a member of the Salvation Army in Portland, one of its most energetic street workers, David Moren, a Swede, 25 years old, but now termed by his comrades a "backslider," is a prisoner in the City Jail, a confessed thief. He was arrested last night by Detectives Craddock and Mallet for stealing musical instruments belonging to the Salvation Army from the hall at 275 1/2 Market street. Captain V. Lundgren, in charge of this branch of the Salvation Army, reported to the police several days ago that the hall had been entered and robbed of two handsome silver cornets, with gold bells, each valued at \$60. Detectives Craddock and Mallet had been put on the lookout at the various second-hand stores for the stolen property. Last night Moren was seen by them to enter one at Third and Pine streets. He sold one of the instruments for \$4, when the officers placed him under arrest. They forced him to pay back the money he had received for the cornet and took charge of them. Moren was charged with larceny and locked up in a cell. The police have received information which causes them to suspect that Moren has been guilty of other burglaries during the past weeks, since his fall from the ranks of the religious workers.

TAKES \$50,000 FEET OF LUMBER.

ASTORIA, Or., Jan. 9.—(Special.)—The steam schooner Yosemite cleared at the custom house today for San Francisco with a cargo of \$50,000 feet of lumber, loaded at St. Helens.

The Needleriff Shop, formerly located at 32 Wash., now on 8th, between Morrison and Alder, Jan. needleriff sales on.

BLIZZARD TRAINS RELEASED AGAIN

Rotary Plows Clear N. P. Tracks at Rate of Less Than Half-Mile Hour.

SNOW IS 12 FEET DEEP

Coal Famine Develops at Garrison, Mont., and Relief Train is to Be Sent Out From Missoula With Fuel.

MISSOULA, Mont., Jan. 9.—According to the Government gauge a depth of 20 inches had been recorded when the snow ceased falling here at 10:30 this morning, after a continuous precipitation of more than 12 hours. The thermometer, which, at 5 o'clock stood at 15 below zero, is steadily falling, and no more snow is expected.

Reports from various points in this vicinity show record snowfalls, ranging in depth from three to five feet. At Lookout, on the summit of the Bitter Root Mountains, the snow is 12 feet deep, and at Lothrop, on the Coeur d'Alene branch of the Northern Pacific, it stands five feet one inch on the level.

Trains Come In.

With clear weather, the Northern Pacific snowplows were able today to partially clear the lines east and west of here and trains are again moving on slow schedule. Nos. 3 and 5, of January 9, and No. 15, west-bound, all arrived about 5 P. M. No. 3 had been stalled in the Mulin tunnel for three hours.

No. 2 and No. 16, of January 8, and a consolidation of No. 6, of January 8, and No. 4, of today, east-bound, which were held on sidings at Dixon, reached Missoula tonight. Delayed trains which were held here, left this afternoon, the procession continuing until late tonight.

There has been no attempt to operate any train service on the Coeur d'Alene line today, and only one passenger train was sent over the Bitter Root branch.

Coal Famine On.

A call for assistance has been received from Garrison, 75 miles east, where a fuel famine threatens, and a coal train will be sent from Missoula.

IDAHO TRAIN IS SNOWBOUND

Stuck Fast by Drifts and Slides Between Enaville and Murray.

MISSOULA, Mont., Jan. 9.—A special to the Missoulian from Wallace, Idaho, says:

TWO VICTIMS OF BLIZZARD

Lineman and Rancher Badly Frozen in Cattle Country.

HELENA, Mont., Jan. 9.—J. C. Brindley, the Postal Telegraph Company's lineman, and Jack Jarvis, Dawson, a ranchman, are the first known victims of the blizzard now prevailing. The former had both legs badly frozen while working near Bearmouth, and the latter was in a pitiable condition after making a 50-mile drive into Glendive.

The temperature in Helena today is a trifle milder, the thermometer showing 20 below this morning. Twenty-four inches of snow is falling, and the storm in splendid shape.

NEVADA TOTALLY SNOWED IN

Trains Run With Difficulty—Snow-fall Foot an Hour.

RENO, Nev., Jan. 9.—Storm conditions in and about Reno are growing worse. There is no telegraph communication west of Reno and Southern Pacific trains are being run with the greatest difficulty. Snow is falling at the rate of a foot an hour at Truckee, 25 miles west. The storm has not been equalled in the history of the state, making the trip over the Sierra only with the greatest difficulty and no effort is made to maintain a schedule.

BUTTE WITHOUT CAR SERVICE

Twenty-four Inches of Snow So Far This Week.

BUTTE, Mont., Jan. 9.—Butte was without streetcar service today because of a blizzard last night. Twenty-four inches fell this week. The Great Northern train which left Helena at 6 o'clock last evening was stalled 15 hours in the mountains. The Short Line and Burlington are open, as other roads are blocked.

Five Freeze in Alberta.

EDMONTON, Alberta, Jan. 9.—Five Frenchmen who left Story Plain for MacLeod River three days ago, were frozen to death three miles west of the nine-mile house on the Grand Trunk Pacific Railway survey.

REVIVE STEAMER LINES

Gomez Takes Preliminary Step by Annuling Decrees.

MAGPIES EATING HOG EARS

Sty of Hundred Porkers Defenseless Against Feathered Flock.

SOUTHERN TRAIN DELAYED

No. 16 Late in Reaching Ashland Because of Storm in Siskiyou.

was 24 and the prospect is for the coldest night of the winter to date. The total snowfall of the storm here was 20 inches, though much less than that now lies on the ground.

COOS BAY FEELS EARTHQUAKE

Three Shocks Said to Have Been Felt—Snow at Marshfield.

MARSHFIELD, Or., Jan. 9.—(Special.)—Heavy gales, torrents of rain, falling temperature, two inches of snow, reports of an earthquake shook our weather complications on Coos Bay.

Telegraph and telephone wires have been down the coast near the mouth of the Coos Bay, practically shutting off communication with the outside world. Today, two inches of snow cover the ground, something unusual for this part of the state.

Some of the residents declare that three slight but distinct earthquake shocks were felt here yesterday. Others declare that the supposed quake was due to distant blasting.

All rivers are at flood height, and loggers are running big drives. Camps are being abandoned, and the water, which is as high as railroad tracks, is high-water mark will likely be reached with attendant breaking of log booms.

STATE SHOULD GIVE HELP

DOCTOR SAYS OREGON SHOULD AID TUBERCULOUS PATIENTS.

Physician Shows Ravages by Disease and Points Out Way for Improvement of Conditions.

PORTLAND, Jan. 9.—(To the Editor.)—Oregon should provide state aid for the treatment of tuberculous patients and for disseminating knowledge tending toward the prevention of the disease. The ravages of the disease in this state in the last three years are shown in the following statistics:

Deaths from tuberculosis in Oregon in 1908, 284. Deaths from tuberculosis in Oregon in 1907, 482. Deaths from tuberculosis in Oregon in 1906, 504.

Reliable statistics inform us that 75 per cent of all those in the first stages of the disease, who are treated for one year in a modern sanatorium, are returned to their wage-earning ability.

These patients can be treated for one year, providing that sufficient acreage is available and their services utilized, thereby fitting the patient to take up his labors at home in safety, at a cost not to exceed \$500 each. If these statistics are correct, a 50 per cent recovery of one half, recover (and if all had been treated at \$500 each, a total cost of \$25,000), 352 lives would have been saved to the state at the legal valuation this would be worth \$1,260,000.

The tremendous movement against tuberculosis is sweeping the civilized world. Oregon cannot afford to be backward in taking its stand in the great movement to protect its homes against the insidious enemy. Notwithstanding that Oregon possesses one of the most healthful climates in the world, her death rate last year (1908), from tuberculosis was 504.

That tuberculosis is both a preventable and curable disease is now considered a proven fact. That it is bred in the homes and spread from one member of a family to another is beyond a doubt.

The conscientious and careful consumer of food should be made to understand that it is this fact that has demonstrated the great need of a movement to educate the masses.

The conscientious and careful consumer of food should be made to understand that it is this fact that has demonstrated the great need of a movement to educate the masses.

TO REBUILD ESQUIMALT

Great Britain Will Re-Establish Naval Station Near Victoria.

VANCOUVER, B. C., Jan. 9.—Indications point to the restoration of the departed glory of Esquimalt as the base of a strong British naval station.

S. Urano, a Japanese laborer, 42 years old, employed on an O. R. & N. section near Troutdale, died of exposure yesterday about noon. Urano and some fellow workmen were laying new rails, and although his comrades repaired frequently to a caboose nearby, where there was a stove, Urano worked steadily throughout the forenoon. Shortly before the noon hour he went inside to get warm by the stove and was taken suddenly ill when he came into the heated car and dropped dead. A physician summoned said that death resulted from exposure. Deputy Coroner Dunning brought the remains to the city last night and they are being held at the undertaker's of G. H. Gibbons, pending arrangements for a funeral. Urano has no relatives in this country.

Hotel Thief Caught.

CHARGED with being guilty of a series of petty thefts in the Hotel Oregon, Lewis Platt, 25 years old, a married man, of 131 Seventh street, employed as one of the assistant cooks in the Oregon, was arrested last night by Detectives Price and Tennant. The arrest was made on the complaint of M. C. Dickinson, manager of the hotel. In Platt's possession was found a watch belonging to one of the waiters employed in the hotel. The hotel management charges him with the theft of a quantity of silverware, taken on a few pieces at a time, and valued at \$50. Platt denies this, but the police are working on information said to lead to positive proof against him.

Tomorrow (Monday) will positively be the last day of discount for West Side gas bills.

The Best Painless Dental Work

For 21 years a leader in Painless Dental Work in Portland. By our painless methods we can do all kinds of good, reliable dental work without causing you the old-time suffering. See us about it. Get our prices and advice. For the next 15 days we will give the best service you ever dreamed of getting in painless dental work.

It Won't Hurt a Bit!!

If you have to have your teeth out, and bridge-work or plates put in the same day, we will not keep you loafing about town to have your dental work done.

Are your gums red, sore, bleeding and receding from the teeth? We will cure it for you if you come to us in time.

WASHINGTON'S TAX HEAVY

County's Levy Will Raise \$187,500. Largest Levy Made.

HILLSBORO, Or., Jan. 9.—(Special.)—The tax for the current year for state, school and county, general purpose levy, will reach an aggregate of \$187,500, as against \$154,243 for the year preceding.

The city taxes, special school district taxes and special road district taxes are not included in this, and will run well away above the \$300,000 mark. The levy is as follows:

County road general \$62,500. County school 3.5 45,000. County general, library and 3 37,500. Total \$145,000. This exceeds the levy of last year by \$23,188, and is the largest ever made in the county.

SOOTHING CHILD, HE DIES

R. E. Morris, of Hoquiam, Drops Dead With Heart Failure.

HOQUIAM, Wash., Jan. 9.—(Special.)—R. E. Morris, formerly of Scappoose, Or., a Spanish-American war veteran and member of the Eagles, fell dead of heart failure about 2 o'clock this morning at his home in this city, while trying to quiet a child which was crying in its crib. The funeral will be held here with military honors.

The body of R. E. Morris will be shipped to Portland for burial. He is survived by a widow and one child. His brother, W. T. Morris, resides at Stanleigh Station, near Arleta.

SWISS LAKE FORETOLD QUAKE

Rose and Fell Three Weeks Before Italian Disaster.

GENEVA, Jan. 9.—The inhabitants of this city state that the waters of Lake Geneva rose and fell for two days with a curious syphon-like action three weeks before the earthquake at Messina. The same phenomenon was noticed before the San Francisco disaster, and are attributed to seismic gases.

QUAKE IN CANARY ISLANDS

Several Old Houses in Las Palmas Damaged by Shocks.

SAN SEBASTIAN, Spain, Jan. 9.—Telegrams from the Canary Islands report severe earthquake shocks yesterday, especially at Las Palmas, where several of the oldest houses in the town were damaged. No casualties have been reported.

New Workroom for Refugees.

NAPLES, Jan. 9.—Casper S. Crownshield, the American Consul, and wife, out of the funds collected from the American visitors here, have started a workroom to give employment to the women earthquake refugees.

Western Mexico Shaken.

MEXICO CITY, Jan. 9.—The entire western coast of Mexico was shaken by an earthquake yesterday, which was most severely felt at Acapulco, in the state of Guerrero, and Oaxaca, in the state of the same name. The damage was trivial, and no fatalities have been reported.

Children and Pimples

Seen to Go Together, and Yet Few Parents Fully Appreciate the Warning.

At the age of puberty most children are afflicted with pimples and many with serious skin eruptions.

At this particular period in a child's existence nature is going through a transition which is of vital importance to the child and the parent.

Pimples on the face of a child removed by Stuart's Calcium Water.

The organs of the child all become larger. The skin begins to grow hair, the glands and cells of the skin appear. Impurities occur and are thrown out of the blood and are thrown off usually from the face in the form of pimples.

Mothers should zealously guard the child against serious blood impurity at this time. Our grandmothers gave sarsaparilla, sassafras root, cream of tartar and sulphur every Spring. These simple remedies did a good work, but science has discovered the most powerful and beneficial blood purifier to be Calcium Sulphide.

Stuart's Calcium Water is prepared after the most modern method of conveying the full strength of Calcium Sulphide to the blood. They lose none of it through evaporation and chemical change like most calcium sulphide remedies sold today. Stuart's Calcium Water also contains Quassa, Golden Seal and Eucalyptus, all known purifiers of great power. Combined with these ingredients is a pure vegetable extractive and laxative which, when the other ingredients clear the blood from poisons and decay, throw off this impure matter from the system through the bowels and in a natural, easy manner.

Stuart's Calcium Water should be used in every household, and used by the parent for the benefit of the child. They are harmless, promote normal appetite and digestion, beautify the skin and enrich the blood so necessary to the rapid growth of the child.

Ask your druggist. Ask his opinion of Calcium Sulphide as the Stuart process presents it to the blood. He will sell you a package for 50 cents, or send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 175 Street Bldg., Marshall, Mich.

Stuart's Calcium Water should be used in every household, and used by the parent for the benefit of the child. They are harmless, promote normal appetite and digestion, beautify the skin and enrich the blood so necessary to the rapid growth of the child.
