## "Pellard" Tailored Suits for Women of Fashion

"PELLARD" Tailored Suits are the only Tailored Suits bearing the stamp of an exclusive and famous maker that are sold in Portland. We make an extensive showing of these high-class garments, each of which exemplifies some striking style feature. They embody the advance Paris style features—just as the Pellard Suits of last Fall were a forecast of the present Spring styles. The charm of these suits lies in the exclusive tailoring. No ordinary garments can imitate them. Pellard Suits are made in many instances in exclusive shades of color, fabrics that cannot be bought in Portland stores. These first arrivals are moderately priced \$40 to \$100. Later we will have Pellard Suits up to \$300

Probably it's difficult for the average customer to appreciate how unusually large an assortment of new ready-to-wear garments we now have. The explanation is quickly found. The styles are assured, the plain-tailored effects having unquestioned preference with the well-dressed. But in the new shades and the new materials there are notes of warning. The most-coveted materials of this season are largely imported; the shades are unusual, and when the original purchases of materials are exhausted there is a possibility that more ordinary fabrics must be substituted. Today our assortment is probably the largest we have ever offered at this season of the year. We can deliver a suit or costume quickly because our alteration room is prepared to do the work promptly. As soon as the busy season begins the usual length of time will be required. In fact everything conspires to make present moment opportune for the selection of Spring apparel.

### SPECIAL OFFERING OF SEVERAL NEW MODELS IN TAILORED SUITS AT \$35.00 EACH

The \$35.00 values in tailored suits that we have provided are indeed notable. Our buyer went to the highest-class suitmaker in New York, bought various styles of his \$50.00 suits, and had exact duplicates of them made by another manufacturer, who purchased exactly the same materials. By somewhat lessening our profits, we are able to give the best \$35.00 value ever known. Before purchasing a \$50.00 Suit, be sure to see the style, the quality and the exclusive colorings of these suits at **\$35.00**

## PAY UP PROMPTLY

Taxes Collected in 20 Days  
Amount to \$375,000.

## NEW SYSTEM WORKS WELL

Property-owners Who Ask Sheriff for Statements Save Themselves  
Long Waits in Line and Expedite Payment.

Although but 20 days have elapsed since the collection of taxes for the current year was taken up, the balance sheet in the tax collecting department of the Sheriff's office showed that \$375,000 had been taken in up to 5 o'clock yesterday afternoon. This is nearly \$100,000 more than was paid in by the taxpayers of Multnomah County during the corresponding period of last year.

Only by the correspondence system now conducted by Sheriff Stevens and his chief deputy in the tax department, S. B. Martin, can a most inconvenient and perplexing congestion be avoided. Ask for your statements by mail, in the request made by Mr. Martin. While hundreds of taxpayers are now taking advantage of the mail system, yet there is an unusual number following the old method of standing in line by the hour awaiting tax payments.

"Taxpayers can save themselves a world of inconvenience by mailing their requests," said Mr. Martin in discussing the tax rush. "All that is necessary is to jot down the number of the lot and block and the name of the addition where the property is located. For that matter, it can be sent in on a postcard. Two special forces of clerks work all night responding to these communications with itemized statements of what is due."

"While there is a large force at work all day, yet they cannot expect to prevent congestion if people call for their statements. It takes considerable time to prepare a statement in the first place, and then there is often added delay because of difficulty in locating a given piece of property on the tax roll. Those who wish may pay their taxes by mail, merely forwarding the amount due after receiving a formal statement. It isn't really necessary to go to the slightest inconvenience in disposing of what might be made a troublesome task in paying taxes."

Of the amount received from the taxpayers to date Sheriff Stevens has turned over about \$130,000. On Tuesday an additional \$125,000 will be turned over to the Treasurer. The tax collections are being turned over once each week. Prompt payment is another point which taxpayers should not lose sight of. While the taxes are the highest this year of any time in the past, yet it is possible to get a rebate of 3 per cent by paying previous to March 15. After April 1 a penalty attaches itself of 10 per cent.

## KNIGHTS PLAN GOOD SHOW

## BENEFIT FOR CHRISTIAN BROTHERS COLLEGE.

John F. Shields Will Deliver Address on Washington and Other Talent Will Take Part.

An unusually interesting programme will be given on the evening of Washington's birthday in Alumni Hall, Grand avenue and Clackamas street. The affair is in charge of the following committee: Francis J. Sinnott, Robert P. O'Neil, Albert Gianella and Brother V. Andrew. The Portland Knights of Columbus are to donate the entire proceeds to the new college of the Christian Brothers on Grand avenue.

All of the talent, both professional and amateur, who donate their services to this cause, John F. Shields, LL. B., formerly of Boston, Mass., will deliver a lecture on "Washington and American Ideals." Mr. Shields is an eloquent speaker and has many friends. He came into prominence as a public

## WILL TAKE PART IN CHRISTIAN BROTHERS' ENTERTAINMENT.

NOB SIDRON BROTHERS

speaker during the famous campaign of W. L. Douglas for the Governorship of Massachusetts. Mr. Shields, though the youngest speaker in the campaign, did much to win friends for the first Democratic Governor of Massachusetts in 15 years.

As a boy, Mr. Shields attended the public schools and graduated from the Christian Brothers' College in Boston. He entered the University of Boston, graduating with honors from the law department. He served for three years on the Board of Aldermen of his native city, and came West a few years ago. He is a prominent member of the Knights of America. Another feature of the programme will be the Treble Clef Club, under the direction of Rose Courten Reed. This club consists of 20 of the leading lady soloists of this city, and has done some good work in music.

The young opera contralto, Angela May, will be heard in new numbers and imitations of Anna Held. She will be assisted by J. Louis MacEvoy in a musical sketch. Mr. MacEvoy is from the "Great White Way" of New York. It was his song, "Down the Line of the Great White Way," that gave the street this name. Both Mr. MacEvoy and Angela May were with the Imperial Opera Company.

The Norstrom brothers will also be heard in one of their sketches. They are favorites here. Eichenlaub, the violinist, will render a selection of Miss Hazel Daley will be heard at the piano. She is a pupil of Christian Brothers' College. Fox and Trouhart will give a comic sketch, entitled "Schwarbrodt Dicklemann." These amateurs have been called the double of Kolb and Dill. "Daly," the Great, from the Grand Theater, will do some wonderful work in juggling. Cliff Phillips, the celebrated monologue artist, will be on hand, through the kindness of Manager Johnson, of the Panjanez Theater.

## SHOW WORK OF ARCHITECTS

DESIGNS ARRIVING IN LARGE NUMBERS FOR EXHIBIT.

Display at Museum of Art in March Promise to Have Many Notable Features.

"If the fine work continues coming in large packages as it has for the past week, we will probably have an additional open-air gallery on the roof for our exhibition early in March."

This is what Joseph Jacobberger, president of the Portland Architectural Club, said at the Museum of Art, yesterday.

Drawings, photographs, water colors and sketches were stacked three or four deep around the gallery where they are placed after being unpacked, waiting for the exhibition committee, consisting of Architects Lawrence, Lazarus, Whitehouse, Lind and Jacobberger, to pass upon them and select a representative lot for the purpose of being reproduced in the year book and catalogue. The committee had three sessions at the galleries last week for this purpose.

E. F. Lawrence, when asked why the club went to so much trouble and expense to bring in out-of-town work, replied, "We know that everyone enjoys beautiful things. Some of the work may not be beautiful, but we think it is all interesting. We are trying to show the public what some of the leading architects in the United States are doing or have done. The simplest way was to ask the leading designers of the country for collections of their work."

"We have picked out some of the men noted for their country houses, others for their church work, and some who design skyscrapers, railroads, or clubhouses; also interior decorators, stained glass, terra cotta, tile, lighting fixtures, manufactures and sculptors asking for an exhibition of their work."

"In this way we will show the work of many men illustrating designs in all periods and styles from the pure classic to modern art nouveau. We are not trying to educate the architect by having the exhibition, but we are endeavoring to get the general public to appreciate better things architecturally."

E. F. Lawrence, chairman of the exhibition committee, left yesterday for San Francisco and Los Angeles, where he will interest the architects in the convention to be held at the opening of the exhibition, and endeavor to get them to attend or to send samples of their work.
