Yale, Pennsylvania and Runners From Princeton Gain New Laurels on Track.

CHICAGO CAPTURES MILE

Two Records Smashed in National Championship Races on Franklin Field, Philadelphia. Yale Does Fine Work.

PHILADELPHIA, April 24.—Eastern athletes took two of the three national relay championship races today at the annual carnival of sports on Franklin field. Chicago University captured the one mile blue ribbon event, Yale won the two mile relay championship, and Pennsylvania won the four mile race from Michigan. The freshman championship was won by Princeton, and the senior championship was won by Princeton. The national relay championship for high schools was won by the Brooklyn Manual Training School.

Two Records Broken. Two records were broken. Yale in winning the two-mile relay reduced the collegiate figures from 8:04 2-5 to 8:02 2-5. The high school record of 3:32 1-4, held by the Brooklyn Manual Training School, was reduced to two-fifths of a second by the same institution.

Fast time was made in other races. In the final of the 120-yard hurdle, Shaw of Dartmouth covered the distance in only one-fifth of a second slower time than the world's record of 15.1-5.

The weather was perfect and 18,000 persons were present.

Michigan led in the four-mile relay race six times straight previous to today.

Chicago's Victory Close. The one-mile championship was a hot race down the stretch between Chicago, Michigan, Harvard and Illinois, and it was not decided until the line was reached. Chicago won by a few feet from Michigan, with Illinois third.

Princeton and Yale were regarded as fast in the two-mile race that none of the other entries came to the scratch when the race was called. Yale held the lead on the first two relays, lost it on the third, regained it in the stretch on the last leg and won by 10 yards.

SOME OF DUGDALE'S MEN IN NORTHWEST LEAGUE SEATTLE TEAM

DUGDALE IN GLOVER

Ewing Loses Heavily by Dropping Seattle Out.

FIGURES GIVEN AS PROOF

Portland Colts Having Fine Frollic on Elliott Bay and Are Getting Share of Both Money and Good Gate Receipts.

BY WILL G. MAC RAE. SEATTLE, Wash., April 24.—(Special.)—Portland has had a splendid break in the weather for its welcome back to the Northwestern fold and if there are skeptics abroad in this land who do not believe that Portland and Seattle are not two of the best baseball towns in the country according to their size, it's time they were taken up.

Before this yarn runs into a comparison of the two teams that have been battling for the Lucas pennant, I am going to shake up with facts and figures show to the fact that Ewing, president of the Pacific Coast League, and his colleagues what a miserly Calender they have been keeping. They allowed D. E. Dugdale, who has been on the Coast League, when Russ Hall put Butte Seattle to go by the board, they dropped a city that at the time was not turning them away at the gate because of the incident, but they were unable to look farther than those noses into the future.

It would have been an easy matter for the coasters to have kept Seattle in the fold and Judge W. W. McCredie, during a special trip here in the days when the shakes up came, had secured a grounds and was promised backing, but President Ewing and his followers down California would have had their eyes shut. Had President Ewing, Hon. Berry, Danny Long and the rest stood by the Vancouver jurist, the golden reward that is flowing into the coffers of the Northwestern League and incidentally into the pockets of the McCredies and D. E. Dugdale.

These California magnates have made a lot out of the annual visits of the Chicago White Sox over their circuit. An advertising boost for the land of feasts and oranges, this is a fine scheme, but it certainly puts an awful kink in the receipts of the visiting clubs. No better evidence of this is needed than the figures of Portland's opening week at Los Angeles and Oakland in the Coast League, where the White Sox had drained the baseball fans dry. At this time I am not going to attempt comparison figures between the opening of Los Angeles and Oakland and Portland, but the figures that are to follow will be a comparison between the opening of the season at Los Angeles and Oakland in the Coast League and the opening of Portland in Seattle, in the Northwestern League.

Story Told in Figures. Here is the attendance during the opening week at Los Angeles: Tuesday.....2437 Saturday.....1738 Wednesday.....817 Sunday.....4202 Thursday.....944 Vernon, Sun. A.M. 211 Friday.....844

consideration in making these comparisons. First it must be remembered that Seattle has killed off racing, and second, D. E. Dugdale has surrounded himself with a smashing good ball team. Added to this is the interest the fans have in the Lucas League and Dugdale's undoubted popularity. It must be said also that Manager Casey comes in for some credit in this matter. He has taken it upon himself to play the large crowd that have been turning out to see the games. Yet after a study of the figures quoted above, it is to smile, for where is California's boast of its baseball loving fans? The answer is ready, they're broke and the boozing man has been carted up by the seafarers and has been carted out of the country.

Mac Rae Makes Predictions. This may be an early boat and a wrong steer, but one that I will risk, that when the temps will have yelled "play ball" for the last time this Fall, that month for months the attendance in the Northwestern League will be greater than that of the Coast League. Take right away from the Coast League, take right away from the Northwest League and incidentally into the pockets of the McCredies and D. E. Dugdale.

When both teams got straightened away and the pitchers got going, I think Casey's pitching staff will prove to be the best. It looks as if all of Dugdale's pitchers were going on about their business now, just as good as they will along about July, while all of Casey's twirlers are just coming on.

One thing is sure, Seattle right now is baseball crazy and the fans are telling Dugdale that he has surrounded himself with the best ball team Seattle ever had. The credit of getting together this team is due to the combined efforts of Mike Lynch and Dugdale, and this year they are not going to take any chances of being knocked out of the race. They have the best players and they are replacing the wire, they are replacing the wire in a few days. The fans are with Dugdale, hook, line and sinker, and if it is possible to capture the pennant, Dugdale will sure land the rag for Seattle.

Behind the bat just now Seattle is much stronger than Portland, for in better than Danny Egan, when he gets going will have it on Scofield a shade at the bat and he holds his position just as well. At third Seattle has Akin and between him and Station it is a toss up. In the outfield they have more people than either San Francisco and Los Angeles. McCredie has a team that is going on and according to its business and will figure at all times in the race for the pennant, unless the hardest kind of hard luck hits Manager Casey's crew. Manager Casey hasn't hit his stride, but the fans at home need not worry, they'll be coming along very soon.

In looking up against Seattle, Casey's Colts ran against a shifty lot of ball-players and a fighting playing manager in Mike Lynch. The team had done all of its training on its own door step and knew the grounds as a miser does his gold. Without taking any of the glory from Dugdale's hired men for taking three straight from us, it must be said that Ed Kinsella's headed plays and Sunday team merit. Some headed plays and a disregard for Manager Casey's instructions cost us the Sunday game and on Monday Chinatti's mind failed to work. He pitched a swell game of ball. He was three straight from us. It must be said that when there was only one down and he missed an easy double play would have retired the side and given Portland the game.

While it must be admitted there is something to be said about the grounds here, yet it is not as tough a place in which to play ball as some of the critics have pictured it. The sun in right field is of course a terror. Bassey can prove this, for Casey has switched him over there and he has lost his batting eye entirely. After his glaring into the sun he cannot see the ball when it comes over the plate under the shade of the grandstand. Frisk, who is in the right garden for Seattle also has his troubles, so the break is about even.

Casey's Twirlers Coming On. When both teams got straightened away and the pitchers got going, I think Casey's pitching staff will prove to be the best. It looks as if all of Dugdale's pitchers were going on about their business now, just as good as they will along about July, while all of Casey's twirlers are just coming on.

One thing is sure, Seattle right now is baseball crazy and the fans are telling Dugdale that he has surrounded himself with the best ball team Seattle ever had. The credit of getting together this team is due to the combined efforts of Mike Lynch and Dugdale, and this year they are not going to take any chances of being knocked out of the race. The fans are with Dugdale, hook, line and sinker, and if it is possible to capture the pennant, Dugdale will sure land the rag for Seattle.

Shrub started with his usual graceful stride, while St. Yves went off at the short pace, which served him so well in the Marathon derby. In the first lap Shrub obtained a lead of about 20 yards and increased this materially as the race progressed.

SLOW TIME FOR DISTANCE

After Gaining Lead of Two Laps in First Eight Miles of Race, Shrub Loafs Along Beside Rival.

NEW YORK, April 24.—Alfred Shrub, of Horsaam, England, once more proved himself to be the greatest middle distance runner in the business by defeating Henri St. Yves, of France, in a 15-mile race at the American League grounds tonight. At no time was the result in doubt. When eight miles had been covered, Shrub had a lead of two laps, and this seemed to content him, for he ran the rest of the race at St. Yves' side.

In the last two miles of the race St. Yves made frantic efforts to overtake his rival, but to no avail.

Shrub's time for the race, 1 hour 25 minutes and 12 seconds, was more than four minutes behind the professional record, and nearly six minutes behind the amateur mark. This slow time was due to the fact that the Frenchman could not make him do his best during the last half of the race.

Takes Lead at Start. Shrub started with his usual graceful stride, while St. Yves went off at the short pace, which served him so well in the Marathon derby. In the first lap Shrub obtained a lead of about 20 yards and increased this materially as the race progressed.

In the fourth lap St. Yves showed more speed, but Shrub increased his pace so that at the end of the sixth lap, or the finish of the first mile, he was a quarter of a lap in front. As the race progressed Shrub perceptibly widened the gap between himself and his rival. The second mile he finished the third mile in 15:32, the fourth in 20:26 and the fifth in 26:32. He gained a full lap near the end of the fourth mile. St. Yves, early in the seventh mile, started to sprint. He diminished Shrub's lead, but with his machine-like stride, Shrub, after a couple of laps, again drew again from the Frenchman.

St. Yves sprinted again during the seventh mile, with the forlorn hope of apparently testing his competitor. For a brief moment he brought down the lead a few yards, but Shrub soon caught him. Shrub finished the 15th mile in 1:20:17.

Further sprints in the last mile by the Frenchman reduced Shrub's lead to one and a half laps, but when the gun was fired for the last lap Shrub showed that he had plenty in reserve by regaining half his lead. He finished the race in 1:26:12 with a lead of one and three-fourths laps. St. Yves' time for the 15 miles was 1:27:58.

TRIP-CITY TEAMS PLAY BALL

First Game of League to Be Played on Vancouver Diamond Today.

VANCOUVER, Wash., April 24.—(Special.)—The opening of the baseball season in the Tri-City League in Van-

couver will take place tomorrow on the grounds of the Vancouver association, at which time the Vancouver and the St. John, Or., teams will play. Before the game there will be a parade of the players and fans. The first ball will be pitched by Mayor J. P. Kingma.

Manager Farrell, of the local team, is confident that his players are going to win the initial game, and not only that, for he freely predicts that they are going to win the pennant. He has this to say as to the makeup of the Vancouver team: "Munger, Clarke and Sutherland are all local players and all have played ball in fast independent leagues. Woods, Troeh and Chapin are old Tri-City stars. Causey and Patrick played with the all star team in the Spokane City League. Erickson was a member of the Butte City and Coeur d'Alene League in Idaho. Westrum is from the Northern League, while Isaacson is from the Iowa State League. Suss is a dark horse from the Twilight League. Harris is a pitcher from the Inter-Mountain League."

APPEAL TO SKIN SUFFERERS

If You Have a Friend Afflicted with Eczema, Tell the Druggist About It.

If you have a friend suffering from eczema, tell us about it the next time you are in the store.

Many eczema sufferers have tried so many useless remedies and spent so much money with doctors that they practically despair. If they only knew of the simplest home cure for eczema, it is nothing more than oil of wintergreen compound (as mixed in D. D. D. Prescription).

Used with glycerine, thymo and other healing ingredients in liquid form, this simple remedy penetrates the pores of the skin, killing the eczema germs while toning up the healthy part of the skin.

If you will suggest to your friend afflicted with eczema to call, we shall be glad to explain to any sufferer about D. D. D. Prescription.
