MYSTERY MADE DEEPER

CONVICT SAYS HE IS KIMMEL, SUPPOSED DEAD MAN.

Adds New Complication to Insurance Case by Saying Relative Drugged Him.

ST. LOUIS, May 1.—Another development in the strange insurance case in legal history was revealed today when attorneys for the New York Life Insurance Company filed in the United States Circuit Court the deposition of a convict in the Auburn, N. Y. State Prison. The convict, Andrew J. White, declared he was George A. Kimmel, cashier of the Farmers' State Bank of Arkansas City, Kan., who disappeared more than ten years ago.

The witness tells a story of having been drugged and imprisoned in a St. Louis lodging-house for three weeks. His identity as Kimmel is denied by Kimmel's relatives, who are suing for insurance on his life.

Kimmel had been declared dead by the St. Louis court, but the United States Circuit Court of Appeals has declared the evidence insufficient and the judgment against the insurance company was reversed. Shortly after insuring his life for \$25,000 in 1898 in favor of his sister, Mrs. Edna K. Bonnet, he disappeared from Arkansas City.

The deposition consists of 700 typewritten pages, throughout which he endeavors to identify himself as Kimmel. He explains his disappearance by declaring the evidence fraudulent and the judgment against the insurance company was reversed. Shortly after insuring his life for \$25,000 in 1898 in favor of his sister, Mrs. Edna K. Bonnet, he disappeared from Arkansas City.

JOHN D. MISSES CHANCE

CANADIAN FINANCIERS GAIN \$4,100,000 IN DEAL.

Clever Bit of Eucherling Causes Oil Magnate to Sell Stock, Which at Once Rises.

CHICAGO, May 1.—(Special.)—How John D. Rockefeller was euehered out of \$4,100,000 by a group of Montreal financiers is a bit of gossip which floated around today.

Long ago John D. took on 100,000 shares of Wisconsin Central stock and 5000 of the railway's bonds. He had his confidential lieutenant, Frederick T. Gates, placed on the directory. A receiver later on took possession of the property, financial news was weathered, and finally the stock reached a stage where it was barely breaking even.

Later the controlling element decided to pay 4 per cent dividends on the stock. John D. said he could not sanction this seemingly reckless plan, and Gates was told to dispose of the stock, which he did after the market had been given the stimulus of the 4 per cent dividend information.

Once they had John D.'s certificates in hand, the previously matured plan to have the Canadian Pacific absorb the struggling Wisconsin Central was put into effect. Wisconsin Central soared, and the Canadians cleaned up \$4,100,000 in profits on the rise.

Congress now has seven Smiths, three in the Senate and four in the House. The states contributing the seven Smiths are Michigan, which gives two, Maryland, Texas, Iowa, California, and South Carolina.

SOUTHERN STORM REACHES ATLANTIC

Seaboard Cities Suffer Severely as Wild Hurricane Passes Out to Sea.

UNROOFS SAVANNAH HOMES

Death List in Devastated States Will Not Be Known for Several Days, and Property Damage Is Gigantic.

ATLANTA, Ga., May 1.—The storm which for three days has been sweeping eastward across the Southern States was passing over the Atlantic Ocean tonight. At least 200 were killed and perhaps 400 injured. News of 34 more deaths in Georgia were received today.

Towns in North Carolina and Florida suffered devastation. The casualty list will be incomplete for several days. Property worth probably several million dollars was destroyed.

The southwestern section of Savannah was struck at 11:30 o'clock today by a severe storm which uprooted trees, unroofed houses, tore down fences and injured several people.

DEATH LIST SWELLING DAILY

Tennessee Now Reports 60 Fatalities and Many Towns Ruined.

LOUISVILLE, May 1.—May day, following the windstorm which caused perhaps 100 deaths throughout the Southern States, will be spent by the telegraph companies in repairing their wires. With the overland line of communication from Louisville to New Orleans once established, authentic lists of the victims of the storm may be secured.

It has been years since the winds have gathered so many victims. Tennessee, sloping westward from the Virginia Mountains to the delta along the Mississippi, provides an angle for the wind to pivot upon and the list of 60 dead in that state seems to have been corroborated.

Arkansas, Alabama, Mississippi and Georgia also suffered. Word from Guthrie, Ky., came today in that six persons were killed there, the only fatalities in Kentucky, so far as is now known.

Louisiana and Texas seem to have been unscathed, but poor communication makes even this doubtful.
