

# GADSBYS' EASY CREDIT SYSTEM

IS THE EASIEST AND MOST CONVENIENT WAY OF FURNISHING YOUR HOME

We trust any honest person—you—your neighbor—your family—your relations—your friends. We do not bother your employer as to your reliability nor your friends as to your standing in the community. Everything that would tend to embarrass you when applying for credit has been eliminated. You can buy anything you need—a few pieces or enough to furnish a flat or house completely by paying a little down and the balance of your bill in small monthly installments—no interest—no extra charge. We challenge cash stores to undersell us. We buy from makers of unquestionable repute and are given every price advantage that extensive buying and spot cash can command. We mark everything in plain figure price tags on the closest margin system consistent with business safety. We have one price for everybody and quality for quality by actual comparison our prices are the lowest in the city.

### To Have Some Definite and Cheerful Place to Go

When you are through your work at night—to know that there is some one you care for waiting to greet you when you arrive—that means a home of your own and nothing else. There are thousands of single young men in Portland who gudge their brains at night to know what to do and how to put in the evening. If they had a cozy little home of their own the problem would never come up. It makes us very impatient and scornful when we hear a young man say that he can't consistently ask a girl to marry him because he can't offer her what she has been used to at home. He says he is working on a salary and must wait until he is advanced or has some money saved up. It's the veriest nonsense. That might have been true years ago, but it isn't true today, when we make homes in the

twinkling of an eye, and make them for young fellows working on small salaries. If you have a sweetheart and a salary, that's all you need, young man, to induce us to create a home for you, and we will make it so cozy, so snug, so cheerful, so comfortable that you will be the happiest man in town. Our plan comprehends small payments each month—there is nothing at all hard about it—it isn't even serious. The making of a home today is a hundred times easier than it used to be, and we want you to come here and ask questions about the plan. It's just as easy as buying a pound of sugar at the grocery store. This sounds rather incredible, but it's easy to prove. Bring your sweetheart, and we will go over the matter with both of you.

### COMMON SENSE IN THE KITCHEN

There isn't any let-up to kitchen work. The three meals must be prepared every day in the year. You cannot get out of that, but you can make it easier and do it in half the usual time. Think how long it takes you to get ready to do your work the way you are doing it now—to collect all the utensils and materials—and put them away again—some in the pantry—some in the cupboard—and some in other places around the kitchen. That is the biggest part of the job—the most disagreeable part. It is the part of the work that a Hoosier

Kitchen Cabinet does away with—by grouping materials and utensils in one complete combination pantry and kitchen table, so you can do your work all in one place. It will give you half the time you now spend in the kitchen for other things. It is not the actual work that takes the biggest part of your time—it is the getting ready for it and putting things away. Come into our store. Let us show you a shortcut in kitchen work—show you how you can have a neat, orderly kitchen with half the work and at a very small expense.
