

Money-Saving Sale of Chairs and Rockers Begins Tomorrow

Why does this store grow so? Why does its business keep on increasing even in so-called dull times? There are many reasons for this: Courteous and just treatment is one, a very broad and comprehensive assortment another, continuous giving of "best values" another, and a credit system that is absolutely unique in its fairness to you is still another. Analyzing these causes of growth, it's safe to say that courtesy is always extended in every store, but justice after the sale has been made is quite often absent. Any store to do business at all must have an ample stock. The giving of "values" is a comparatively easy matter for any dealer who has the proper buying knowledge and cash to pay for his wares. But, taking for granted that we are only on an equal footing as far as price goes with competition, we are miles ahead of any and all when it comes to giving credit. Nowhere else but here at "Powers" can you buy on credit at the same price your neighbor buys at for cash. That means, competition confesses that their credit prices are 10 per cent too high. Plain enough, isn't it? We treat all alike, would just as lief or even rather have your name on our books than your cash.

We desire to call your attention to the advertised items herewith presented—they show our value-giving power very plainly. ALL AT YOUR SERVICE—AT THE SAME PRICE—CASH OR CREDIT, AND TERMS MADE TO SUIT. WE INVITE YOU TO COME.
