FAST TRAIN WILL RUN TO PORTLAND

Shasta Limited Will Make Trip to San Francisco in 27 Hours.

ONLY ONE NIGHT ON ROAD

All Pullman Cars With Electric Lights—Loss of Time Reduced to One Business Day—Other Trains as Before.

SAN FRANCISCO, June 12.—(Special.)—The Southern Pacific Company has put on a limited train between San Francisco and Portland, to be known as the Shasta Limited. The initial train will leave San Francisco on June 25 and Portland on June 22. It will be a solid Pullman, electric lighted throughout. The train will be made up of a mail car, baggage car, diner, three 28-sectioned standard Pullman cars, one seven-compartment, two drawing-room cars and an observation car. The train will leave San Francisco at 8 P. M. daily, arriving at Tacoma at 5:45 A. M., and arriving at Portland at 9 P. M. the following day. It will connect at Portland with the Northern Pacific train leaving Portland at 12:15 A. M., and arriving at Tacoma at 5:45 A. M., and Seattle at 7:30 A. M. Southbound, the train will leave Portland at 8 P. M., arriving in San Francisco the following day at 9:15 P. M., connecting at Portland with the Northern Pacific train leaving Seattle at 8 A. M. and Tacoma at 9:40 A. M. Between this city and Portland the train will be only one night out, and it will take but one business day to travel from San Francisco to Tacoma or Seattle on this train. The other Portland train will continue to leave here at 8:30 P. M., as heretofore, arriving at Portland the second morning, and the train now leaving San Francisco at 2:20 P. M. will leave here at 11:40, arriving at Portland the second morning at 10 A. M.

CONDENSED NEWS BY WIRE

Aberdeen, S. D.—Tom Weston, living near here, was burned to death and his wife and daughter burned by the explosion of a gas-line stove Saturday.

FAST TRAIN WILL RUN TO PORTLAND

\$25,000,000 to complete reclamation projects now under way was put in motion Saturday at the Chamber of Commerce.

New York.—Not even starvation or fatal illness could reduce the weight of James Mills, who died in Bellevue Hospital Friday, weighing 510 pounds.

Detroit.—Sovereign Camp, Woodmen of the World, in session here, has appropriated \$750,000 to be used for the erection of a headquarters building at Omaha.

Atlanta.—A handsome rug made of Georgia cotton by the textile students of the Georgia School of Technology will be forwarded to President Taft on Monday.

Chicago.—Plans for a "game" Fourth of July have been progressing day by day. While about 200 applications for permits to sell fireworks have been received thus far, only one has been granted.

Boulton, Me.—Fire continues to sweep through the timber in Arrowscook County and are destroying large tracts of valuable timber. The town of Fregue Isle, which suffered a heavy loss by fire on Monday has again been seriously threatened.

New York.—"Jack" Binn, the wireless operator whose "C. D. 42" brought such quick relief to the White Star shipwrecked Republic when it was rammed by the steamer Florida, has received a noble medal voted to him by the French government.

Adahula, O.—The passenger steamer Arrand, carrying 200 Ohio excursionists returning from Fort Stanley, Canada, went aground 10 miles east of Adahula at midnight. The passengers were rescued in small boats. No one was hurt.

Washington.—Secretary of the Interior Ballinger has just designated 270,000 acres of land in New Mexico and 40,000 acres in Montana as coming within the provisions of the 220-acre homestead law. These lands are to be sold to the farmer according to "dry-farming" methods.

St. Louis.—As the outcome of a conference held in General John Castleman State Senator James W. Newman and Populian Senator Charles W. Johnson, the ranks of the American Saddlebreds' Breeders' Association have been settled. An amended charter will be voted on by the stockholders.

KANSAS CROP 70,000,000

WHEAT WILL BRING \$1 FOR EACH OF THESE BUSHELS. Estimate of Men on Wheat Special Averaged—United Demand for Lower Freight.

TOPEKA, Kan., June 12.—(Special.)—Farmers of Kansas will this year harvest 70,000,000 bushels of wheat. This is the average estimate placed on the probable state yield by men who accompanied the great wheat special through the Kansas wheat belt. These estimates are made up from reports of farmers and elevator men in all sections. Guesses on the total yield run from 60,000,000 to 80,000,000 bushels, but it is believed that 70,000,000 bushels is the most conservative estimate. This means 70,000,000 for wheat farmers, as the crop is being contracted for at \$1 per bushel. The state will need 17,000 extra men to help harvest the crop. As the crop is being contracted for at \$1 per bushel, especially in regard to railway charges, a movement that will unite a tier of states from the Gulf of Mexico to the Canadian border, as well as Colorado and New Mexico, in a demand for reduced freight rates will take form at Wichita next Friday and Saturday.

MAY BE PRIVATEER

Steamer Nanticoke Believed to Be Filibusterer.

START WAR FOR CASTRO?

Mysteriously Sold to South Americans and Suspected of Carrying Expedition to Attack Venezuela.

AIMED AGAINST VENEZUELA

WASHINGTON, June 12.—Such information as the Government agents have been able to secure regarding the alleged filibustering expedition is to the effect that it is directed against Venezuela. A New York firm recently sold two vessels adapted for filibustering to persons supposed to be interested in South American affairs. At law accounts both vessels were near Norfolk, Va.

CONFUSION IN NEW LAW

Judge McCredie Wonders How He Can Be Four Places at Once.

VANCOUVER, Wash., June 12.—(Special.)—The July jury session of the Superior Court in Clark County, for which the court calendar has been set and at which several important cases were to be tried, may not be held, owing to provisions pertaining to the drawing of the jury list in the new law that went into effect June 10.

Under the old law, the jury lists were drawn by two Jury Commissioners and the Clerk of the Court the second Saturday of the month proceeding that in which the jury session of the Superior Court is to be held. But section 3 of the new law reads thus:

"Upon the taking effect of this act, the Judge or Judges of the Superior Court of each county in the state shall divide the county into not less than three nor more than six jury districts, following the lines of the voting precincts, and arranging the districts in each district shall be equal, so nearly as may be. . . . During the month of July of each year, the County Clerk of each county in the state shall make up a jury list containing all the names of all the qualified jurors in the county."

According to the old law, the Jury Commissioners met today and drew the Jury list and Judge McCredie had the Clerk of Court draw a jury list in accordance with the new law, but it is a question in the mind of Judge McCredie if a jury session may be held in July.

The new law also provides: "Jury terms shall commence on the first Monday of each month." As Judge McCredie holds court in Vancouver, Stevenson, Jorden, Dale and Kalama, he is endeavoring to figure out how he is going to comply strictly with the new law, which apparently requires him to be in four different places at one and the same time.

SEE BRITISH SEA POWER

PRESS DELEGATES GIVEN INSPIRING NAVAL SPECTACLE. Home Fleet of 144 Vessels Which Cost \$450,000,000 Forms Seven Long Lines.

PORTSMOUTH, Eng., June 12.—The delegates to the Imperial Press Conference, who are spending the day here as the guests of the Admiralty, have witnessed a naval spectacle that represents an unparalleled concentration of sea power. Stretched in seven lines in the roadstead the visitors saw that section of the British navy which always is fully manned and equipped in readiness for instant action.

Of the 144 ships, estimated to be worth something like \$450,000,000, not a single one had been especially commissioned for the occasion.

Among the 24 battleships were seven Dreadnoughts, in addition to which there were 24 cruisers, 12 scouts and auxiliaries, 48 torpedo-boat destroyers and 25 submarines.

A salute from Nelson's old flagship, Victoria, announced the arrival of the Admiralty yesterday, this bearing the lords of the Admiralty and the newspaper guests.

New York.—Anthony Meyer, a Brooklyn loaner, on the same day sold an interest in an oil well, which he had bought for \$40,000 and received a letter from a long lost brother in Seattle saying he had made \$1,000,000 in Alaska and inviting him to go into partnership. He will go to Seattle.

SPARK BRINGS AID

Wreck of Slavonia Demonstrates Wireless Value.

TWO LINERS ANSWER CALL

Big Canarder Is Now Total Loss and Crew Is Camped on Nearby Beach—All Passengers Safely Landed.

HORTA, Azores Islands, June 12.—The steamer passengers and crew of the wrecked line steamer Slavonia, which was wrecked off the Azores Islands, have been landed at Velas, on Flores Island. The 110 cabin passengers were taken on board the North German Lloyd liner Princess Irene and will be taken to Gibraltar. Few details of the loss of the liner have been received here. The steamer apparently went awrecked yesterday, but the time of the disaster has not been definitely ascertained. She grounded two miles off the coast. There was no loss of life.

The Princess Irene was 240 miles away when the thrilling call "C Q D" was picked up. Immediately upon the receipt of the message of distress the operator flashed back his answer and learned the location of the stricken ship.

Full Speed to Rescue. It was shortly before midnight Wednesday, June 9, that the wireless distress signal was received on board the Princess Irene. Her course was changed, and she went ahead full speed to the designated location, two miles southwest of Flores Island.

The Princess Irene arrived at the side of the Slavonia Thursday afternoon. All Thursday night was taken up with the transfer, and the 110 passengers, men, women and children were on board by daylight. The transfer was made without a single accident.

Early Friday morning the Princess Irene left the Slavonia for Gibraltar. In the meantime the wireless calls for help sent out by the Slavonia had been heard by the Hamburg-American line steamer Batavia, which also hastened to the scene of the wreck.

Crew Camps on Beach. The intermediate and steamer passengers of the Slavonia were transferred without accident to that vessel. There remained on board the Slavonia only the members of her crew, but according to the latest information received here, the entire ship's company left the wreck and went ashore at Velas, on the Island of

ALL PASSENGERS ARE SAVED

Several Slightly Injured During Transfer From Slavonia.

GIBRALTAR, June 12.—The agents of the steamer Slavonia have received a dispatch containing the news that all the passengers were saved. Several of them, however, were slightly injured while being transferred to the other liners. The Princess Irene is expected here Monday.

JAPANESE AMBASSADOR SAYS "INVASION" ONLY "RIVALRY"

Tells Ann Arbor Students That Growth of His Nation's Trade Is Merely Natural.

ANN ARBOR, Mich., June 12.—Baron Kogoro Takahira, Japanese Ambassador, in an address at the University of Michigan tonight, discussed the so-called commercial invasion of America. He declared it impossible to avoid commercial rivalry which, he said, is simply an outcome of the development of international relations.

"While our trade has been so rapidly increased," said Ambassador Takahira, "I hear sometimes rather harsh complaints against Japanese for starting cotton mills and cigarette manufacturing establishments and no longer importing piece goods and manufactured tobacco, which we used to buy from this country, but it must be borne in mind that in making cotton goods and cigarettes in our own establishments, we are buying raw cotton and tobacco leaves from the United States."

Only Trade Rivalry. "I also hear some heartrending reports to the effect that since Japanese merchants have become energetic, certain American houses have been losing their business in the Far Eastern trade. Painful as is that report, I cannot help concluding that in this age of rapid communication and transportation it is im-

Sees Better Era.

"I doubt not that your participation in the coming exposition of the arts of peace in Japan will tend to create a foreign commerce by sending there the famous Perry expedition and helped her to rise to the less modest position of the present day."

"The United States opened Japan to the foreign commerce by sending there the famous Perry expedition and helped her to rise to the less modest position of the present day."

"There can be no stronger evidence of the genuine friendship of the United States and Japan than the several contacts exchanged between the two countries in the last year," concluded the Ambassador.

Chicago.—The mystery of the disappearance of Mary Sawyer, 15 years of age, who has been missing from her home since May 2, was cleared Friday when her body was found floating in the Illinois and Michigan Canal at Audubon avenue. The child had ended her life because she was ashamed to return home after having been discharged from employment under an accusation of theft.

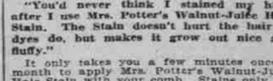

Brown Your Hair

With Mrs. Potter's Walnut-Juice Hair Stain

"You'd never think I stained my hair, after I use Mrs. Potter's Walnut-Juice Hair Stain. The stain doesn't hurt the hair, it does, but makes it grow out nice and fluffy."

It only takes you a few minutes once a month to apply Mrs. Potter's Walnut-Juice Hair Stain with your comb. Stains only the hair, doesn't rub off, contains no poisonous dyes, sulphur, lead or copper. Has no odor, no sediment, no grease. One bottle of Mrs. Potter's Walnut-Juice Hair Stain should last you a year. Sells for \$1.00 a bottle at practically every drug store. We guarantee satisfaction. Send your name and address on a slip of paper, with this advertisement, and enclose 25 cents (stamps or coin) and we will mail you, charges prepaid, a trial package, in plain sealed wrapper, with valuable book on hair. Mrs. Potter's Hygienic Supply Co., 641 Grand Blvd., Cincinnati, O.
