PORTLAND ELKS IN HIGH FAVOR SOUTH

Are Royally Received by California Cities While on Way to Los Angeles.

SACRAMENTO GIVES FRUIT

Delegates From Local Herd Have Strenuous Day of Sightseeing at Different Places Where Stops Are Made.

ON PORTLAND ELKS SPECIAL. Salinas, Cal., July 10.—(Special.)—After a strenuous day of sightseeing through California, during which the Portland delegation was entertained an hour each at Sacramento, Stockton and San Jose, the antlered aspirants for the 1912 Elks reunion are resting as much as possible prior to their arrival at the Angel City.

Sacramento Promises Aid. Sacramento is sending 300 to Los Angeles and has promised to support Portland's bid for the grand lodge meeting in 1912. At Stockton it was much the same, for the train was met by a committee from the Stockton lodge and a band. After the usual greetings, automobiles were put at the disposal of the ladies, and they were shown the city. This lodge has one of the handsomest houses in the entire country, and the Stockton bunch does not hesitate to boast of their home.

day at least in San Jose on their return trip. Old Friends Greeted. J. J. Kelly, a former Portlander, met the special at the depot, and met with a most surprising reception, headed by Gus Moser and Henry Griffin. Kelly was rushed by a committee, hoisted on their shoulders, and carried proudly in front of the big crowd which had assembled at the depot.

ANTLERED ONES THROUG CITY

Elks Have Things All Their Own Way in Los Angeles. LOS ANGELES, Cal., July 10.—Arrived in the gay uniforms of their drill corps, thousands of the vanguard of the Elks paraded the downtown streets tonight and made merry with bands that played ragtime quicksteps, adding a riot of sound to the chromatic glare of many colored lights shining on the purple banners of the order which floated from thousands of trolley poles, entwined with the National red, white and blue.

Others included the Cotton States special and trains from Michigan, Illinois, New Jersey, Arkansas, Texas, Colorado, Arizona, Washington and California. At the registration headquarters maintained by the Los Angeles Lodge there were upwards of 15,000 recorded during the day.

Twelve special trains scheduled to arrive Sunday will swell the list to 20,000. To these will be added the trains from Pacific Coast points, and many from Northern Coast cities, who will come by boat. It is expected that fully 10,000 visitors will be in the city by Sunday night. Of the official programme will take place. One thousand automobiles will be provided, and the guests will make a sight-seeing tour of the city.

Bay City to Greet Mexicans. SAN FRANCISCO, July 10.—Chamber of Commerce took steps today to arrange for the entertainment of a party of 100 Mexican farmers who are expected to come to this country in January next year to attend the corn exhibition at Omaha, and later to visit the Pacific Coast.

ELKS MISS DEATH

Engine of Special Gives Out, Next Train Wrecked. THREE OF CREW KILLED

Regular Train, After Passing Delayed Special, Crashes Into Stock Train—Road Is Blocked 12 Hours.

GRAND JUNCTION Colo., July 10.—Three trainmen killed and one fatally injured, and traffic tied up for more than 12 hours are the results of a head-on collision that occurred about 3 o'clock this morning near Cisco, Utah, about 60 miles west of here, between section 5 of westbound Denver & Rio Grande passenger train No. 3 and an eastbound sheep train.

The wrecked passenger train was carrying the regular passengers, none of the Elks bound for Los Angeles being aboard. The engine crew and baggage man of the passenger train were killed, the freight engine men jumping in time to escape. None of the passengers was injured. The Philadelphia Elks' special left here as section 4, one hour ahead of the wrecked train. When the latter reached Pinto it found the special on the siding, the engine having gone dead.

MUST PAY ALL FOR WATER

New Irrigation Rule Will Cause Many Settlers to Lose Farms. OREGONIAN NEWS BUREAU, Washington, July 10.—It became known today that under the new regulations recently issued by the Interior Department homesteaders on government irrigation projects who have not made full payment for their water, but who have completed five years' residence, cultivation, etc., in full satisfaction of the homestead laws, will no longer be permitted to sell their entries in whole or in part, as was permitted by order of Secretary Garfield. Under the new regulation no settler on a

INSIST ON RIGHTS

American Bankers Demand Share in Chinese Loan. REFUSE TO COMPROMISE

LONDON, July 10.—Representatives of American bankers now in London will leave for Paris early next week to make another effort to reach an agreement with European financiers for American participation in the Hankow-Sze Chuen Railway loan of \$27,500,000.

The greatest reticence is maintained with respect to the meetings held in London this week. It is understood, however, that the German and French bankers came here under the delusion that the Americans were prepared to accept a compromise. They found, however, that the Americans insisted on the acceptance of the State Department's terms and the breaking off of negotiations was only prevented at the suggestion, made by the continental representatives, that they be given time to consult with their respective governments, after which further meetings would be held in Paris and Berlin if necessary.

BOLIVIAN MOBS PROTEST

Boundary Decision With Peru Said to Involve Loss of Land. LA PAZ, Bolivia, July 10.—Thousands of Bolivians attended the meeting in a public square today to protest against the arbitrary decision of Argentina in the boundary dispute between Bolivia and Peru. It is reported that the Bolivian government will refuse to accept the decision, claiming that it involves the loss of national territory.

CHANGE OF NATIONAL POLICY

German Sees Deep Significance in American Claims. BERLIN, July 10.—The participation of the United States in the Chinese railroad loan is intelligently referred to by the Nord Deutsche Allgemeine Zeitung in its weekly semi-official article on foreign affairs. It says that the claim of the United States to participate in the loan takes the character of a well-considered step of fundamental significance for a change in the country's international policy. It concludes by saying: "President Taft thus for the first time

TEXAS SALOONS CLOSED

Over 100 Thirst-Quenching Parlors Forced to Obey New Law.

AUSTIN, Tex., July 10.—At midnight tonight more than 100 saloons in Texas closed operations because of the coming into effect of the law invalidating all liquor licenses issued after February 20, 1909, limiting the number of saloons in each county to one for every 500 of population, and barring new licenses in conjunction with a hotel.

PUEBLO IS SUDDENLY "DRY"

Quarrel in Council Makes Colorado City Unhappy.

PUEBLO, Colo., July 10.—Because the city fathers cannot agree upon the list of favored ones who are to receive liquor licenses for the coming year, Pueblo today is "dry" for the first time in its history. Every saloon was ordered closed at midnight last night, and today dawned on a city without a drop of alcohol.
