Piano Sale Extraordinary We Had to Quit

But Delayed Cars Are Here Now and Selling Will Be Resumed

The remaining two carloads in this sale were to arrive early in the week, but they met with unusual delay.

Within three days after the first announcement of the sale so many instruments were sold that we had to stop our advertising.

Since Wednesday noon we made no deliveries and simply sold these fine pianos

We are glad to announce that at last the two cars have arrived.

The additional forty-two pianos are now on sale. The prices are \$138, \$162, \$146. Pay \$5 cash and \$5 a month.

There are eighteen \$300 and \$350 styles reduced, \$127, \$164 and \$154. On these, terms are \$6 cash and \$6 a month.

If you wish to pay cash, a premium of 4 per cent goes to anyone wishing to pay in full within thirty days.

See these pianos, note the reductions; no such occasion for securing a piano so tremendously under price will be presented again in several years. There is an awakening to prosperity throughout the East.

We found two well-known piano manufacturers with a large stock of finished pianos. They were terribly anxious to realize. We secured these latest high-grade pianos at a most extraordinary reduction. We pass this advantage along to wideawake midsummer buyers.

Bear in mind, we guarantee every instrument as to quality, and also as to price. Your money back if at any time within six months you can buy the same grade of pianos elsewhere, East or West, at anywhere near such low price.

Should you later on want the best in the world, the Chickering or the Kimball, or that beautiful art piano, the Weber, or the Pianola Piano, we will any time within two years allow total price paid for these pianos in exchange toward the former.
