TALE OF CRUELTY

Young Spanish Woman Held a Prisoner and Tortured.

KEPT IN ROOM FORTY DAYS

San Francisco Tamale Manufacturer Held on Assault Charge as Result of Story Victim Tells Police.

SAN FRANCISCO, Aug. 7.—Palalia Torres, a comely Spanish woman 30 years old, is held by the police as a witness against Pedro Mendosa, a countryman several years her senior, who is charged with having held the woman prisoner for a period of 40 days, during which time, according to her story, Miss Torres was daily tortured by her captor.

Mendosa is a tamale manufacturer, with a factory on Steiner street. Miss Torres says she has been deprived of her liberty for over a month. In broken English, the woman, who is evidently unacquainted with the simpler usages of this country, told her story to the police as follows:

Met Man Year Ago.

"I became friendly with Mendosa over a year ago, and for some time I lived with him at his establishment in this city. Two or three months ago I desired to sever the relationship, and offered to leave. He refused and threatened, and I finally left without his knowledge, going to Stockton, where I had friends.

Mendosa, knowing my probable destination, followed me, and as soon as he ascertained my whereabouts confronted me with a warrant for my arrest, which I have since learned was worthless.

"He forced me to accompany him to this city and on the boat, crossing the bay, I was approached by a man representing himself to be a lawyer, who informed me, after reading the warrant, that both Mendosa and myself were liable to imprisonment for life on account of our having lived together.

Held Prisoner 40 Days.

"When we arrived at Mendosa's home he locked me in a room and deprived me of every stitch of clothing. I remained in that condition for 40 days, and every day he came to the room and tortured me by twisting my arms and gouging my eyes. He frequently threatened to kill me, and I was in hourly fear that he would carry out his threat.

"Three days ago Mendosa relaxed

his vigilance for an hour and I managed to secure a few clothes, which enabled me to make my escape. I went to the residence of some friends on Vallejo street, who informed the police of how I had been treated."

Mendosa was arrested and charged with assault.

SHAFROTH MAY BE CHOSEN

Colorado's Governor Aspires to Head Irrigationists.

SPOKANE, Wash., Aug. 7.—John F. Shafroth, Colorado's Democratic Governor, may be the next president of the National Irrigation Congress, which assembles in this city on Monday next. Signs today indicate that the Governor is likely to have a strong following.

Harry D. Loveland is also a prominent candidate, and Senator Francis G. Newlands, of Nevada, is being courted with favor for the office. The name of James J. Hill, the builder of the Great Northern, is mentioned, but it is doubted if Mr. Hill would desire the honor.

Pueblo, Colo., is a vigorous aspirant for the irrigation congress of 1910, but there are seven others which will contest Pueblo's claims. Among the cities which desire the next congress are Chicago, St. Louis, San Francisco, Denver, Phoenix, Ariz.; Charleston, S. C., and Rochester, N. Y.

Delegates are beginning to arrive for the congress. The management is counting on the presence of about 3000 to 4000 delegates. The majority of the meetings will be held in the Armory of the National Guard, the entire ground floor being reserved for the delegates.

FLEET RETURNS TO ROADS

Maneuvers Off New England Coast Completed by Battleships.

NORFOLK, Va., Aug. 7.—Battleships of the North Atlantic fleet arrived in Hampton Roads today from Provincetown, Mass., following a month's practice off the New England Coast. Maneuvers in Cape Cod Bay will be supplemented with deep sea practice and drills off Cape Henry and Charles, beginning a week hence.

The fleet, headed by the flagship Connecticut, includes the Vermont, Kansas, Louisiana, Minnesota, New Hampshire, Mississippi, Idaho, Georgia, Nebraska, New Jersey, Rhode Island, Virginia, Wisconsin and Ohio.

The armored cruisers Montana and North Carolina are expected late today and the battleship Kentucky tomorrow.

ALL TOURISTS WALK

Americans in Stockholm Are Thoroughly Disgusted.

CAN'T GET BAGGAGE MOVED

Two Regiments Mutiny in Northern Sweden—All Printers Called Out and Grave-Diggers Are Idle Once More.

STOCKHOLM, Sweden, Aug. 7.—(Special.)—On this, the fourth day of the general strike, peace apparently reigns in every quarter. The railways, post and telegraph offices and telephone lines are being operated as usual, but the gas and electric light workers have struck. Office men have been pressed into service and all are doing their own work.

American Tourists Disgusted.

The American tourists in this city are disgusted, as they are compelled to walk in order to get anywhere, and it is almost impossible for them to have their baggage transported to the railway stations. It is considered that next week must see a decided change in the situation or the financial loss to the kingdom must be exceedingly heavy.

Swedish troops in the northern part of the country have mutinied. Two regiments, one at Falun and the other at Sollefka, are affected. They are stationed in the northern country where the labor disturbances first broke out and the government has been haunted by the fear that the soldiers sympathize with the strike.

Printers to Be Called Out.

The executive committee of the strikers have decided to call out all the printers throughout the kingdom. Many of the grave-diggers have defied the orders of the labor union to return to work and have rejoined the strikers. The hopes of yesterday that the men would withdraw from their extreme attitude, have not been fulfilled.

DUNPHY TO HAVE GUARDIAN

Court Finds Cattleman's Mind Is Not Sound.

SAN FRANCISCO, Aug. 7.—James C. Dunphy, the wealthy cattleman whose marital and financial affairs have obtained considerable prominence of late, was declared incompetent today by Superior Judge James M. Trout. Dunphy's

sister, Miss Jennie C. Dunphy, was appointed his guardian, her bond being fixed at \$3,000. The evidence taken before Judge Trout showed to the satisfaction of the court that owing to his dissipated habits, Dunphy on many occasions was unable properly to conduct his business affairs.

"Mr. Dunphy recently attracted publicity through a divorce proceeding. His late wife had been Mrs. Julius Silverstone, of Portland. Mrs. Silverstone, before marrying Dunphy, supposed she was divorced from the Portland attorney. In the divorce proceedings in which Dunphy was involved, it developed that Mrs. Silverstone had not been divorced. Her Portland husband secured a decree a few weeks ago, and at the same time the woman left Dunphy, afterward marrying another man.

MRS. CASTLE HAS CHARGE

Woman in Craig Shooting Has Counter-Plea Now.

NEW YORK, Aug. 7.—Mrs. Mary S. Castle, of California, the former actress, who shot at William D. Craig, the lawyer, in the elevator of the Waldorf-Astoria Hotel last Tuesday, tried to present a countercharge against Craig when she was arraigned in court today. The nature of the proposed complaint was not announced, and the magistrate adjourned hearing until Monday without taking all the evidence.

The evidence of Mr. Craig and the elevator operator was taken today. Craig said Mrs. Castle met him in the hallway of the Waldorf-Astoria, and asked him for ten minutes' conversation. When he refused and entered the elevator, she followed him and sat down. In a moment she arose and a shot was fired. He could not tell if the bullet was intended for him. He grasped Mrs. Castle's wrist and held the weapon pointed downward until assistance came.

Craig started to say: "I believe that this defendant was mentally incompetent and I know—" but the magistrate stopped him by saying that such evidence was improper.

When Magistrate Butts adjourned the hearing until Monday, Mrs. Castle requested that he grant her a private interview so that she could make a complaint against Mr. Craig, but the magistrate refused an interview as highly improper. The magistrate promised to entertain the charge on Monday, and

Craig was subpoenaed to appear on that date.

Engineer Drowned in Sewer.
 LOS ANGELES, Cal., Aug. 7.—Henry G. Parker, 40 years of age, for five years assistant city engineer, fell into one of the

large chambers at the Los Angeles out-fall sewer at Hyperion Station, near Playa del Rey, late yesterday, and was drowned. The body was swept out into the ocean and was recovered shortly afterwards by two fishermen. Parker was supervising some sewer construction work. He leaves a widow and two children.
