So far in August we've sold more pianos than during all of August last year. In August last year we sold exactly 200 instruments. Doesn't this mean something?

It means that Eilers Piano House is the one place in town where one secures more actual, solid piano worth for the money than at any other place.

It means that the special sale of Pianola-Pianos now being conducted is attracting the most widespread attention.

It means also that the sale of new pianos, which has been advertised during the past several days, is being taken advantage of by many who never heretofore even dreamed of being able to own a good, sweet-toned, durable piano.

For \$138 we're selling a new piano now, not obtainable elsewhere for less than \$225—\$158 buys a beautiful \$275 style, and \$5 a month secures them.

\$5 a month looks easy, and it certainly is easy for any home to supply itself with the best and most refining influence that can come to it—a good piano.

During the midsummer dullness East we found two well-known piano manufacturers with a large stock of finished pianos. They were terribly anxious to realize. We secured these latest high-grade pianos at most extraordinary reduction. We pass this advantage along to wideawake midsummer buyers. We are showing samples now—see them at our Retail Sales-rooms, 353 Washington Street.

Bear in mind, we guarantee every instrument as to quality, and also as to price. Your money back if at any time within six months you can buy the same grade of pianos elsewhere, East or West, at anywhere near such low prices.

Special—Ordinarily our sale price is the cash price. Buyers "on time" pay simple interest at 8 per cent per annum. Those wishing to pay cash within 30 days after delivery of piano will receive as premium 4 per cent.

Should you later on want the very best in the world, the Chickering or the Kimball, or that beautiful art piano, the Weber, or the Pianola-Piano, we will at any time within two years allow total price paid for these pianos in exchange toward the former.
