Sellwood branch library at 613 Umattila
avenue will close on September 1 and re-
open on Saturday, September 4, in its
new and more commodious quarters on
Tacoma avenue, in the first building east
of Thirtieth street. This new location
contains 100 feet of the building, will be
much more convenient for the patrons of
the library, and the larger, lighter and
more cheerful room will add much to its
usefulness and attractiveness.
MONTAVILLA HOME CLUB TO MEET - The
Montavilla Home Association will hold a
public meeting Monday night, August 23,

EASTERN OREGON MAN COMING - Having
satisfactorily arranged his large business
interests in Eastern Oregon, W. J. Fur-
nash, of Pendleton, will soon remove,
with his family, to this city to live. For
a great many years Mr. Furnash has been
a prominent resident of Eastern Oregon,
in whose development he always has
been an active promoter. He was one of
the organizers of the Coe-Furnish Irriga-
tion project, which proposes the reclama-
tion of an extensive acreage in Umatilla
County. Mr. Furnash also owns consid-
erable land in that county. He has dis-
posed of his interest in the Pendleton
Savings Bank, with which he was con-
nected for years, but will retain and
direct from this city his other extensive
business interests in that section of the
state.

BOYHOOD FRIENDS MEET
George A. Dean and William A.
Bantz Together After 51 Years.

George A. Dean, an old-time resident
of Frederick, Md., who has been so-
journing in the city for the past two
weeks, was subjected to rather an
unusual surprise while strolling down
Washington street yesterday, by being
accosted by William A. Bantz, on the
strength of a strong family resemblance
and also from the fact that the lapel
of Mr. Dean's coat was adorned by the
usual insignia of the G. A. R. The two
old comrades, by comparing notes,
soon arrived at the conclusion that they
had not seen each other for 51 years,
for they had been boyhood friends,
having attended the same school for
many years.

It would be difficult to imagine the
surprise of a chance meeting of the
kind, between two old friends, and the
extreme pleasure that must certainly
be theirs, in going over the old times
and scenes of long ago.

While their pathway through life has
led them in widely diverse ways, both
men are exceptionally well preserved,
and from all appearances look to be
good for many years to come.

STRIKE DELAYS NEW HOTEL
Carpenters Working on Imperial An-
nex Demand 50 Cents More a Day.

Refused an advance of 50 cents a
day, about 60 union carpenters on the
new eight-story reinforced concrete an-
nex to the Imperial Hotel struck yester-
day morning and left their work-
ing place, where they were getting \$3.50
a day and demanding \$4.

Whidden & Lewis, architects of the
building, offered the men an advance
of 25 cents a day, but would not com-
mit to \$4.

However, the carpenters
took the offer under consideration, and
it is believed they will return to work
Monday morning.

"We offered some of the best men an
advance on the union scale," said Ion
Lewis, of Whidden & Lewis, "but they
all demanded \$4 a day, regardless of
their individual capabilities. We were
willing to pay \$3.75 a day to the first-
class carpenter, which is an advance
of 25 cents a day on the union scale.
These carpenters were employed in
building the interior. We hope to have
the building ready for Metcahan &
Son early in the fall."

Phil Metcahan, owner of the Imperial
Hotel, said last night that he believed
the striking carpenters would return to
work Monday.

COUNCIL CREST SCENIC RY.
Extensive improvements have been
made to the scenic railway on Council
Crest during the past week. Upon the
part of L. A. Thompson, president of
the L. A. Thompson Scenic Railway Com-
pany, whose firm owns and controls
37 scenic railways in the country and
Europe, it was determined to make cer-
tain changes and add greater scenic
features to the road, increase the length
of the ride and install more powerful
machinery to handle the large crowds
which have taxed the road to its
capacity since the beginning of the
season.

A large force of men has been at
work night and day making these im-
provements under the direct supervision
of Mr. Thompson, and it is the opinion
of experts that the new scenic railway
will be ready to handle 50 per cent more
people, and is vastly
more attractive than before.

One new feature of the ride has been
the boring of a tunnel directly under
the Merry-Go-Round building in order
to completely eliminate the curved
turning that was formerly in use.

Trains now depart from the starting
point in a straight line, run through
the tunnel at high speed and emerge
upon a high trestle, where a magnificent
view of the Tualatin Valley is obtained
while running under reduced headway.

Other improvements have been
made in different and pleasing ways that
the thousands of people who have al-
ready ridden over the road will greatly
enjoy a repetition of the ride.

WIDE RANGE IN BIDS

Proposals for City Crematory
\$58,100 to \$137,685.

VARIOUS STYLES OFFERED

Will Be Explained at Meetings of
Board of Health Next Week -
Napier Succeeds Daggett
as Superintendent.

Bids for the erection of a garbage
crematory were opened by the Board
of Health yesterday morning, and were
referred to the members of the board
for consideration. Monday and Wed-
nesday nights will be devoted to hear-
ing statements by representatives of
the respective bidders, four in number,
who will enlighten the city officials
as to what is proposed to be done by

H. N. Napier, New Superintendent
of City Crematory.

the companies. The matter is a com-
plicated one, and will take much time
to determine the best system and prop-
er price for the work. The bids range
from \$58,100 to \$137,685.

Bids submitted are as follows: Lewis
& Kitchen, of Chicago, \$137,685, \$38,
432, \$108,955 and \$88,777; Decarie In-
corporating Company, of Minneapolis,
\$74,875 and \$84,690; United Engineer-
ing & Construction Company, of Port-
land, \$108,000; Dixon Engineering &
Construction Company, Toledo, O., \$52,
499 and \$58,100; P. F. Dundon, San
Francisco, \$71,358.

The wide range of amounts in the
various bids is caused by the variety
in the types of crematories and by the
different methods of construction em-
braced in the proposals, which are to
be explained in full to Mayor Simon
and members of the board, Monday and
Wednesday nights. As the matter is
of greatest importance, the board will
use all possible speed in deciding what
to take from the list, but it will re-
quire a number of days to do this.

The proposed crematory will be con-
structed adjacent to the old, worn-out
one, on Guilds' Lake, and will consume
100 tons of garbage daily. It will be
modern in every respect. Later, it is
the intention of the administration to
build another on the East Side to care
for that section of the city.

Superintendent Daggett, who has for
several years been in charge of the
present crematory, tendered his resigna-
tion, which was accepted. Mayor Sim-
on nominated H. N. Napier, an expert
engineer, to succeed Mr. Daggett, and
the board immediately elected Mr. Na-
pier. He will take charge of the cre-
matory September 1. He was highly
recommended for the position.

Mayor Simon announced that County
Judge Webster has signified a willing-
ness to take care of the city emergency
cases in the new hospital that is to be
a part of the proposed county building
at Fourth and Hooker streets. The
matter was referred to the board for
consideration.

ACTIVE IN W. C. T. U. WORK

Mrs. Jennie M. Kemp, Presi-
dent of W. C. T. U., Publication
Manager, Recently a Guest in Port-
land.

Jennie M. Kemp has enjoyed it to
the fullest degree. Coming into
the Woman's Christian Temperance Union
in 1876, when the organization was but
fairly well started, she gave to the
cause all the enthusiasm and the well-
directed service of a college-bred
woman. Later, despite the cares of a
family, she gave more than seven years
of most acceptable service as president
of one of the largest districts in the
Kansas W. C. T. U., following this with
an equally successful four years as edi-
tor of the state W. C. T. U. paper, Our
Messenger.

This office was relinquished when the
call came to labor in a field of larger
opportunity, and Mrs. Kemp removed to
Evansville, Ill., in 1903 to assume the
