WHEAT IS COMING

Receipts of New Grain Are Increasing.

MARKET HOLDS ITS OWN

Reduction in Warehouse Charges in the Inland Empire—Export Flour Declines to Four Dollars. Produce Trade Active.

Trade in the grain market yesterday was quiet. There was a weak feeling in wheat, but local quotations for the day were no lower. The London cable of the Merchants' Exchange reported cargoes steady, but dull, with Walla Walla for shipment lower than the previous quotations at 38s 9d to 39s. Liverpool options were a shade higher, while Chicago showed a decline.

The exchange reported weekly wheat shipments from Russia at 2,872,000 bushels, compared with 2,256,000 bushels last week, and Danubian shipments at 1,378,000 bushels against 1,040,000 bushels last week.

Prices of new export flour have been reduced 10 cents per barrel, and $4 is now quoted for September-October delivery.

The movement of new wheat to this market is becoming heavy. Total receipts for the week were 122 cars, compared with 64 cars last week. The receipts, in cars, as reported by the Merchants Exchange, were:

	Wheat	Barley	Flour	Oats	Hay
Monday	31	2	1	1	6
Tuesday	21	..	4	6	9
Wednesday	16	2	3	6	15
Thursday	31	2	1	5	8
Friday	15	1	4	6	15
Saturday	8	..	2	5	11
Year ago	40	8	2	..	11
Total this week	122	7	15	29	64
Total last week	64	10	9	14	93

The reduction in warehouse charges in the interior has reduced the cause of friction which was apparent in several localities South of the Columbia the farmers express much satisfaction, but little is heard on the subject in Eastern Washington yet, as not much wheat has been hauled to the warehouses. The new handling charge is 50 cents a ton until January 1, and 10 cents per ton storage for each month thereafter. The old rate was 75 cents a ton up to the end of the year. The new schedule is in some instances lower than that of the Farmers' Union, particularly in the Weston section, where the union charges 10 cents a ton more than the warehouse companies.

The farmers of the Walla Walla country, however, are not appeased by the reduction, according to the following dispatch from Walla Walla:

Although the warehouse companies have announced a return to the storage rates charged last year, which are lower than those announced a few weeks ago for this year, many of the farmers of this vicinity say they will have no further dealings with them, but will erect their own warehouses for next year. Both the Pacific Coast Elevator Company and Puget Sound Warehouse Company started out by announcing this season that their rates for storage would be 50 cents for the first 30 days, and 10 cents a month thereafter. This announcement caused a storm of protest from the farmers, and a few days ago local representatives of the warehouse companies issued a statement, saying that the rate would be but 50 cents a ton until the first of the year, and after that 10 cents a month. These rates are the same as were in effect two years ago, and coincide with the rates now charged at the farmers' warehouses.

HOP TRADE AT STANDSTILL.

Fifteen Acres of Krebs' Yard Break Down Under Excessive Weight.

Trade is at a standstill in the local hop market. Dealers are not trying to secure contracts, but would pay 20 cents and probably 21 cents if quality could be guaranteed. The scarcity of old hops has checked business in that line.

The latest reports from the country confirm the belief that the crop will be much heavier than was anticipated. The lice pest is also diminishing.

Fifteen acres of hops on the Krebs yard at Independence went down yesterday morning, due, according to Conrad Krebs, to the extremely heavy growth of the hops. They are being put up again. The special train of pickers for the Krebs yard will leave Portland on the morning of August 27.

Hop crop conditions in New York State are reported by the Waterville Times of August 13 as follows:

Hops are not as seriously affected by the dry weather, as nearly all the other crops, save that the hops are not coming out quite as quickly as they would with a good soaking rain or two, and hop picking will be later this year than last. The vines still preserve their clean, healthy appearance and growers are not worrying about the hop crop at present. Offers to contract at 25 cents have been made some of our growers, but as far as we can learn no such contracts were made. It is said that there have been actual sales of 1908 hops at 20 cents on this market recently, but we are unable to give the names of the parties.

WATERMELONS FROM THE DALLES.

Good Demand For Fruit and Everything Cleans Up Well.

Fruit supplies cleaned up well yesterday in spite of the short business day, and but little of any kind remained to be carried over.

The first car of watermelons from The Dalles was received. They were of very good quality and brought $1 per hundred. There were some small shipments of Oregon cantaloupes which sold at $2.50 per crate. California cantaloupes and melons were unchanged.

Peaches were in only moderate supply. The best Southern Oregon Crawfords brought $1.25 but the bulk of sales were at $1@1.10, with small inferior stock moving at 75 cents. Pears are scarce and firm at $1.75@2 per box. Other fruits were unchanged.

WALLOWA SHIPS LAST OF CLIP.

Wool This Year Nets the County a Third of a Million Dollars.

WALLOWA, Or., Aug. 21.—(Special.)—The last of Wallowa County's wool crop has been shipped and the total returns from the wool have been ascertained. In all 1,700,000 pounds of wool were shipped out and netted the growers an even third of a million dollars. The grader who handled the wool declared that it was the best average wool in the state.

The entire clip of the county averaged a trifle over ten pounds per fleece, while half of one band averaged 13¾ pounds per fleece.

Yakima Hop Crop 14,000 Bales.

NORTH YAKIMA, Wash., Aug. 21.—(Special.)—Hop growers of this valley are beginning to look for pickers. The picking season will open about September 1 and from present indications the growers will need all the pickers they can find to harvest the crop. The yield will not be as heavy as some years ago, but the picking will be easier because there is little foliage on the vines. The hops are clean and without vermin. It is expected that pickers will be paid $1 a box, the same as heretofore. An estimate of the yield of the valley at the present time is 14,000 bales.

No Changes in Dairy Produce.

There were no changes in the dairy produce market yesterday. Butter was in light supply and one creamery announces it will advance its price to 32½ cents Monday morning. Cheese was quoted firm.

There is a better demand for eggs on Front street, as retailers are not receiving so many eggs direct from the country. Jobbers are also getting fewer eggs and this keeps the market firm.

Poultry of all kinds cleaned up early yesterday and prices were strong throughout the list.

SLUMP IS ARRESTED

Stock Prices Once More Begin to Rise.

AFTER A DEPRESSED WEEK

Union Pacific Makes a Good Gain at the Opening — Realizing Movement Fails to Stop Advance — Bonds Irregular.

NEW YORK, Aug. 21.—After five full days of unwonted activity and excitement, the stock market today settled down to a more orderly routine, in which decided recovery from the week's lowest prices was generally recorded.

Opening prices showed advances throughout the active list. Union Pacific, which has borne the brunt of the recent bear campaign, opened at from 207 to 208½, against 206⅝ at the previous day's close. Another strong issue was American Car & Foundry. Fractional advances were made by Southern Pacific, Reading and Rock Island, while some pressure seemed to be directed on United States Steel and Amalgamated Copper.

After the first few minutes of activity, a realizing movement set in. By the end of the first hour the upward movement was again in full swing.

The bank statement, in its daily average, showed a decrease of $8,700,000 in loans and $18,000,000 decrease in deposits. An increase of over 38 per cent in the total of bank clearings all over the country for the week was hailed as another indication of reviving business.

Bonds were irregular. Total sales, par value, $1,778,000. There was no change in Government bonds.

PORTLAND LIVESTOCK MARKET.

Prices Quoted Locally on Cattle, Sheep and Hogs.

Livestock arrivals yesterday were lighter than usual. Local prices underwent no change. Hogs continued very strong in tone, and a lot of 83 head of Valley stock sold readily at $9 per hundred, while the poorer grades were also moved without difficulty. CASH HOLDINGS LOWER

ESTIMATES OF NEW YORK CURRENCY MOVEMENT WRONG.

Surplus Reserve Is Decreased Three Millions by the Operations of the Week.

NEW YORK, Aug. 21.—The Financier will say:

The statement of the associated banks of the City of New York for the week ending August 21 differed materially from what the earlier estimates had indicated. As nearly as could be figured on Friday the banks had made a gain of something like $2,600,000 as a result of the week's currency movement, interior transfers to this point having amounted to something over $2,000,000, while a slight gain had been made from operations with the sub-Treasury. The statement of actual conditions on Saturday, however, showed a loss of cash of $6,808,000, a decrease of $6,168,200 in loans and a contraction of $14,620,900 in deposits. The decrease in deposits, of course, brought down reserve requirements and the surplus reserve was lowered only $3,154,077, the present surplus standing at $19,656,565.

The feature of the week was the evident transfer of loan commitments from the banks to the trust companies, the latter, according to their statements on Saturday, having expanded the loan item during the week no less than $11,815,400. The trust companies and state banks outside the clearing-house increased their cash holdings less than $1,250,000, while net deposits rose $11,549,500.

Exports of gold for the week amounted to $250,000, shipped to Argentina.

The statement of averages of the clearing-house banks for the week shows that the banks hold $20,729,150 more than the requirements of the 25 per cent reserve rule. This is a decrease of $2,601,075 in the proportionate cash reserve as compared with last week.

The statement follows:

		Decrease.
Loans	$1,351,995,700	$8,756,200
Deposits	1,406,589,000	18,070,900
Circulation	50,586,600	*485,700
Legal tenders	76,003,700	2,374,700
Specie	296,372,700	4,744,100
Reserve	372,376,400	7,118,800

Surplus	20,729,150	2,601,075
Ex. U. S. deposits	21,135,125	2,599,850

*Increase.

The percentage of actual reserve of the clearing-house banks today was 26.42. The statement of banks and trust companies of Greater New York not reporting to the clearing-house shows that these institutions have:

Aggregate deposits	$1,402,979,500
Total cash on hand	154,877,600
Loans	1,218,719,000

CADETS TO MAKE APPEAL

Men Dismissed for Hazing Will Seek Taft's Intercession.

NEW YORK, Aug. 21.—John H. Booker, Jr., Richard Hocker, Earl W. Dunmore, Chauncey W. Dover, Gordon Le-Fevre, Albert E. Crane and Jacob S. Fortner, the cadets who have just been dismissed from West Point for having hazed Cadet Sutton, are quartered at the Hotel Astor. The young men refused to discuss their dismissal in any way, declaring that they had been advised to keep silent, but it is reported that they have discussed the best method to follow in order to be reinstated, and they have come to the conclusion that their only hope lies in President Taft.

According to reports from West Point, dismissal of the seven cadets was met with a sort of mute protest at the regular Friday hop. This dance is usually attended by from 150 to 200 cadets, but when the grand march started, scarcely 20 cadets took part. The others in the corps remained away in the camp.

John H. Booker, of West Point, Ga., the first-class cadet who would have been graduated next June, who received notice of his dismissal while in the camp of instruction at Fort Hancock, Sandy Hook, was the last of the cadets to leave the academy. After his departure the cadet camp was subject to considerable depression.

One Snake, Then 28 Snakes.

RAPID CITY, S. D., Aug. 21.—The appearance of an immense water moccasin snake in a Chinese restaurant last night created a panic among a party of soldiers. The owner of the place discovered the snake coiled comfortably in a corner of the ice box. He beat a hasty retreat, and upon returning armed with a revolver, with which he shot the intruder, found that it had given birth to several little snakes. The process of multiplication continued until 27 tiny snakes were wriggling about the room. The mother snake is part of an exhibit being made here, and the owner recaptured the reptile and her brood, and made them a feature in the day's programme.

NERVOUS AND WEAK

Tendency of Wheat Prices Is Downward.

TRADE QUIET AT CHICAGO

Receipts Heavier Than Those of a Year Ago—Unfavorable Weather Forecasts Cause Steadier Feeling Late in the Day.

CHICAGO, Aug. 21.—Trade in wheat was only moderately active today and considerable nervousness was manifested, although the tendency of prices was to seek a lower level. There was a slight bulge at the start, due to an advance of ⅛ to ½d at Liverpool, but the market reacted, prices dropping about 1c from the high point. The possibility of delay to harvesting Spring wheat inspired some buying and caused a steadier feeling. Total primary receipts for the week were approximately 1,000,000 bushels in excess of those of the corresponding week a year ago. During the day September sold between 99⅛c and $1.00⅛@1.00¼. The market closed fairly steady, with September at 99⅝c and December at 95⅝c.

The corn market was strong at the start, in consequence of the continued drouth, but weakened materially because of the break in wheat. Numerous crop damage reports caused a firmer feeling in the final hour and the close was firm, with prices a shade to ⅛@¼c higher.

Oats were weak all day because of liberal receipts here. The market closed weak, with prices ¼c to ⅝@¾c lower.

Trade in provisions was quiet. Prices at the close were 7½ to 10c lower.

LOUIS HILL SLEEPS OUT

Head of Great Northern Spends the Night in Hay-stack.

GREAT FALLS, Mont., Aug. 21.—President Louis Hill, of the Great Northern Railway Company, was compelled to spend a night this week in a hay-stack. He started from Helena to Great Falls in his automobile. Near Fort Shaw the machine stuck in a mud hole. He applied to a settler for a bed and supper but was told that he could find a bed in a nearby hay-stack and that he could help himself to refreshment at the pump.

When he did not appear here in a reasonable time a searching party started toward Helena. They found the automobile in a mud hole and a short inspection of the nearby neighborhood revealed Mr. Hill and his chauffeur sound asleep in the hay-stack.

MILLERS WANT WHEAT

SEATTLE LOOKS FOR HEAVY SHIPMENTS NEXT WEEK.

Watermelons and Grapes a Drug on the Sound Market—Eggs and Butter Firm.

SEATTLE, Wash., Aug. 21.—(Special.)—Wheat shipments for the week totaled 60 cars against 57 last year. Most of this grain has been absorbed by feed dealers. Millers are anxious to get milling grain here as early as possible. Heavy shipments are looked for next week. Wheat was firm today but unchanged at 93@94 cents for bluestem and 88@89 for club, red and fife.

In the produce market, watermelons were a drug. Stocks were so heavy and the supply so ripe that dealers sold as low as one cent a pound. Cantaloupes cleaned up in good season at $2 as the top. Grapes were also a drug, with from 50 to 75 cents the top quotations on some of the best California varieties offered.

Eggs closed firm and 33 cents will be the prevailing price next week. Butter closed firm. Poultry was well cleaned up.

NORTH YAKIMA SHIPS CRABAPPLES.

First Straight Carload of the Fruit Ever Sent From the City.

NORTH YAKIMA, Wash., Aug. 21.—(Special.)—The first carload lot of crabapples for the present season was shipped out of North Yakima today. Old fruit shippers say that this is the first straight car of crabapples ever shipped from this city. The apples were packed in peach crates, 20 pounds to the crate, and between 1200 and 1300 crates went into the car. One of the growers reports that he will net about $20 a tree from each of his eight trees. This indicates a splendid profit on this fruit, to which little attention has heretofore been paid.

Other fruit shipments from North Yakima today were two carloads of pears. It is reported on the market that the pear crop this year is not going to be as heavy as expected. It is not believed that it will be as heavy as last year.
