The Great Majestic Range
Not Cheapest. But Least Expensive

the Majestic Range uses so little fuel. Every user of THE GREAT MAJESTIC RANGE will confirm this statement.

Don't you think a range that cuts your fuel bill in half is worth more than other ranges?

THE GREAT MAJESTIC RANGE only uses half the fuel used in other ranges, and gives better satisfaction all around. There is a reason for everything. If you will stop and consider the fact that the MAJESTIC RANGE, being made of non-breakable malleable iron, permits the manufacturers to cold-rivet all the parts together perfectly airtight; that it is not made of cast iron and bolted together, as other ranges; that the heat cannot escape through cracks or cold air enter range; that the flues are lined with pure asbestos board (not paper), and are constructed in such a manner as to utilize every particle of heat—you will very readily see why

BARGAINS IN EVERY DEPARTMENT. We guarantee you a saving of from 10 to 35 per cent on almost any article of furniture in our store. Many pieces will be sold at half price which have been used as samples. Many patterns of Carpets will be closed out—factories having dropped them. **NOW IS YOUR CHANCE TO BUY GOOD GOODS CHEAP.** If you want convenient, pleasing credit—terms that actually make it EASY for you to purchase your household needs—you should **BUY YOUR FURNITURE AT GADSBYS'.** We do not for a moment countenance a single element of the so-called "installment" or "credit" house method. There is **NOT ONE DISAGREEABLE FEATURE CONNECTED WITH OUR MANNER OF EXTENDING CREDIT.** Investigation will only emphasize this fact.
