—are the best styles of the best American makers

And here you will find in admirable assortment the largest collection of practical and moderately-priced Tailored Suits in Portland. Every woman is aware of the fact that we do not sell any garment that is not made by reliable makers of suits and coats. And the materials used are the choice of this season's showing—the plain and fancy worsteds, chevots, serges, fancy cashmere mixtures, homespuns, broadcloths and tweeds. As to exactness of fit, we believe that our garments require the least amount of alteration.

**"Lily of France" Corsets are the standard of corset fashion**

The Foundation of a Perfect-Fitting Gown

Careful corsetting is absolutely necessary for the new dress mode. Current fashions convey the impression of unbroken lines. The new corsets accent this effect by not exaggerating the curves of the waist and hips. They only slightly define the waists and scientifically reduce the hips and abdomen so that the whole figure is given the appearance of natural slimmness.

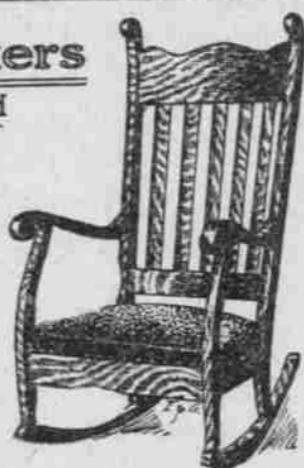

"Lily of France" models produce this result. They are made in a variety of models—for stout, medium and slender figures. Prices ranging from \$5.00 up. Our expert corsetiers will see that you are correctly fitted. Corset section, main floor.

**'Taylor' Comfort Rockers**

—some new designs just received

"Taylor" designs, workmanship and finish are recognized as the very best of the medium-grade, comparing favorably with many of the higher-grade pieces. The new designs which we are showing in the dull mahogany and golden oak embody the comfort features that characterize "Taylor" chairs. The seats are upholstered in best quality leather over oil-tempered springs. Some have leather-upholstered backs and head rests. Balance is a most important feature in rocker construction—in Taylor designs a strong feature. Some of the new Rockers in both golden oak and mahogany as low as \$12.50.
