

# A TRIUMPHANT ARRAY OF COMMANDING SALES

It Is the Moment of Opportunity THIS  
Sale of Women's Tailored Suits  
47 New \$45 Suits Special \$27.85

—We place on sale 47 of the most charming women's tailored suits brought out this season.  
—These suits were sent us a few days ago by our cloak buyer who is now in New York.  
—Simplicity furnishes the keynote of the charm of these suits. They are beautifully man tailored and made in the new 48 and 50 inch coat lengths.  
—The coats snug the hips and define the waist more closely than last season and have close fitting shawl and shaped collars. These garments were show room samples of one New York's most exclusive suit houses.  
—We state the number of suits 47 as we feel certain that many customers will be disappointed and we do not wish to give the impression that we have a large stock of these suits to last through an entire day's sale.  
—The skirts are made after the new plaited models.  
—The materials are broadcloth, homespuns, fancy mixtures and chevots.  
—The colors are in the most beautiful new shades of raisin, walnut, catawba, dove, marine, smoke and black.

—These suits are designed and tailored so near perfection that none of them require any alteration to make these garments ready for service, you therefore save the annoyance of alteration, which so often robs the suit of its individual character.

—We urge customers to see these suits in the forenoon.
