

# GAYNOR IGNORING HEARST'S CHARGES

### Only Stamps Accusations as Lies and Bellowsings of Editor.

## STETSON TAKES STUMP

### Ex-Partner of Grover Cleveland Speaks for Bannard—Says Ivins' Story on Judge Is True—"Yellow Kid" at Advantage.

NEW YORK, Oct. 16.—William H. Gaynor, Democratic nominee for Mayor of New York, spoke in Brooklyn tonight, dividing his time between hearing ridicule on William H. Hearst, and touching upon municipal reform.

### Doesn't Answer Charges.

As in his former speeches, the Judge did not attempt to answer the charges that have been made against him, stamping them as bellowsings and lies that did not deserve a reply.

William M. Ivins, who ran for Mayor against Hearst and McClellan four years ago on the Republican ticket, but who is now supporting Hearst, issued a statement tonight denying that he acted as an emissary from Richard Croker, former Tammany leader, to Henry George, in George's first campaign for Mayor of this city, offering Mr. George \$25,000 to withdraw from the campaign.

### Stetson Backs Bannard.

Francis L. Stetson, at one time law partner of Grover Cleveland, issued a statement tonight in support of Bannard's candidacy, but at the same time praising Hearst and criticizing Gaynor.

In the controversy between Mr. Hearst and Judge Gaynor, he said, "the editor appears to be at a great advantage over the Judge. The charges of Mr. Ivins against Judge Gaynor assuredly would never have been made by so responsible a man as Mr. Ivins, at least so prominent a man as Mr. Gaynor, if Mr. Ivins had not conclusive evidence as to the truth of his charges."

## BOOKMAKERS NOT PUNISHED

### Judge Gaynor's Interpretation of Betting Law Stands.

NEW YORK, Oct. 16.—Accepting the law as laid down by Judge Gaynor in his now famous golf decision, Magistrate Kiley today discharged 17 bookmakers who were arrested last week in the raid on the Jamaica racetrack at Jamaica, L. I.

Read McMahon, Orlando Jones, and other well-known figures on the turf were among the defendants. The magistrate decided that the Gaynor decision holding that the registering and recording of a bet is not a crime applied to the cases before him.

## KIGGINS BALKS COUNCIL

### Court Sustains Vancouver Executive on Technicality.

VANCOUVER, Wash., Oct. 16.—(Special.)—The writ of mandamus asked for by Rector & Daly, contractors, to compel Mayor J. P. Kiggins to sign street improvement contracts aggregating \$75,000, was denied today by Judge W. W. McCredie of the Superior Court. The work of improving by grading, graveling and laying sidewalks nearly 30 blocks of streets will be delayed indefinitely, probably until next summer.

Bids were opened for the work several months ago, and the Council unanimously voted to award the contracts for seven streets to Rector & Daly. The Mayor, though he had signed the ordinance, refused to sign the contracts and refused to return them to the Council with explanations for his action. His reply to the people was that the price was too high. In his answer to the writ of mandamus, the Mayor's attorney stated that there were several errors in the proceedings of the Council.

In his findings of fact and conclusions of law, Judge McCredie stated in substance that the Council did not acquire jurisdiction to order the improvements by reason of the defective proceedings and that the law covering local improvements had not been complied with in all points.

guards, near the store at Buena Vista. He was looking for the superintendent, and the warden, who was eating. I started to lead him to the eating-house when I noticed three men pass along the opposite side of the street. I inquired of men in that vicinity if they knew the men, and was assured they were three town men on their way to do some farm work.

after them. They walked on out of town, and we followed them over a culvert about 300 yards from the city. They were standing in a path at the side of the road. As I approached I hailed them and shouted: 'Hello, boys; I want to speak to you.'

### Forty Shots Are Exchanged.

"I had scarcely uttered the words when they opened fire, all shooting at once. Ross dropped behind a culvert, but I stood in the middle of the road exposed. I shot back with my revolver and Ross did the same. When I had emptied the revolver, I started shooting with the rifle. I think I was hit by the first volley.

"About 40 shots were exchanged, according to the boys who came running from the town. The men jumped over the fence and started toward the river, away from Buena Vista. When the boys came up from town, I turned and saw Sheriff Grant, of Polk County, and then suddenly knew I was wounded, dropping to the ground."

## FARMERS SLEEP ON ARMS

### Concerted Attack Will Be Made on Convicts at Daylight.

Latest reports are that all five of the escaped convicts are together in the timber and that they have the two automatic revolvers stolen from the guards at Salem and also one rifle. It is believed the convicts crossed the river in a stolen boat near Sidney Landing on the Cattaraugus & Linn ranch on the west side, and turned south from there.

When the encounter with Johnson and the other deputies occurred, the outlaws fled north into the timber as the nearest available shelter, and are now trying to make their way down the river. There are numerous boats along the river, and if the convicts succeed in eluding their pursuers tonight, they will undoubtedly steal a boat and make their way down stream. Anticipating some such move, the officers have taken every precaution to capture the outlaws at all the river towns.

## GIRL KILLED BY FRITCH

### CHAUFFEUR'S EVIDENCE CAUSE OF DOCTOR'S ARREST.

### Says Fritch Cut Up Maybelle Millman's Body, in Creak and Threw It in Creek.

DETROIT, Oct. 16.—Based on the statements made by Joseph W. Leach, his chauffeur, a warrant was issued today charging Dr. George A. Fritch with manslaughter in connection with the death of Miss Maybelle Millman, the young girl whose dismembered body was recently found in Ecorse Creek.

Dr. Fritch was arrested Thursday night. Prosecutor Van Zile and Captain McDonnell have outlined part of the statements made by Leach. "Dr. Fritch was alone when he dissected the body and placed the pieces in three sacks," said Captain McDonnell, telling of Leach's revelations. "Then he telephoned Leach, whom he had known for 12 years, and told him to be on hand at 10 o'clock that night with an automobile. The doctor, while impressing him with the necessity of secrecy, did not tell him what was afoot."

"They drove at once to Dr. Fritch's garage. Here the doctor untied the sacks and hurriedly stuffed bricks into them. Then they sped at once to Ecorse Creek and in the doctor tossed the weighted bags into the water. When the last splash assured him that they had been disposed of, he ordered Leach to hasten back to the city."

### CHIEF IN SOLOMON ROLE

### Takes Child From Both Parents, Who Contend for Him.

LOS ANGELES, Oct. 16.—(Special.)—Austin P. Young, after coming all the way from Gloucester, Mass., to fight his little son from the mother, was today waiting with the child at the Santa Fe station to board a train for the East. A few minutes later he was at the police station, facing Col. Dishman, who, Solomonlike, coolly announced a determination to take the child from both parents until the courts decide who shall have him.

The mother agreed, but the father tried in vain to persuade Dishman to give him the boy.

Young is a millionaire wholesale fish-dealer at Gloucester.

They were divorced a year ago. Mrs. Young agreed not to oppose the suit for divorce, on condition that he allow her to retain the child. The court awarded the custody of the boy to his father, Mrs. Young brought the boy to Los Angeles.

Late last evening the father called at the home. When the door was opened the child was caught up by his father, who fled. Mrs. Young, attracted by the boy's screams, rushed to rescue her son. The police caught him.

### Mrs. Jay Kimball Says He Choked Her—Boys Fire at Assailant as He Flees—Horseman Supplies Bonds.

Harry Squires, a well-known turfman, accused of pulling Mrs. Jay Kimball, his former wife, from a window, hurling her to the ground and beating her, was arrested by Constable Wagner yesterday afternoon near the Country Club's barns where the accused man has a string of race horses. He was released from the County Jail last night under \$3000 bonds.

Squires denies all knowledge of the assault on the woman, saying he did not even know where she lived. Shortly after 3 o'clock yesterday morning neighbors in the vicinity of the home of Mrs. Jay Kimball, Squires' former wife, at 74 Minnesota avenue, were aroused by five pistol shots and the screams of a woman. Hurrying to the scene, neighbors found Mrs. Kimball on the ground beneath her bedroom window, on the first floor of her home. Beside her stood Harry Squires-Miller, her 32-year-old son, and Laird Ashby, a com-

panion of his own age. Both held smoking revolvers, from which they had sent bullets whizzing after the unknown assailant.

Upon the arrival of the police, Mrs. Kimball told the story of her plight. She stated that after her son and Ashby had finished a lunch she prepared for them after their return from work at 1:30 o'clock in the morning, she got ready to retire. Disrobing, she stepped to the open bedroom window to remove a screen and close a window. An instant later she was in the grasp of a man who had climbed from the yard, about six feet below. The assailant, she said, dragged her through the window and she fell heavily to the ground.

She positively identified her assailant as Squires, her former husband, who, she said, pounced upon her, clutched her about the throat while he knelt upon her, and said: "I've got you now, damn you!"

Her screams for assistance attracted her son and young Ashby. After securing revolvers, Ashby dashed outside through a door, while young Miller ran to the window through which his mother had been drawn. The assailant fled, and as he escaped over a fence the youths fired after him. Evidently the bullets missed their mark and the mysterious assailant was soon lost to sight. A physician, after a thorough examination of her injuries, found Mrs. Kimball suffering from a number

of contusions about the throat and back.

Jay Kimball, an express messenger for Wells-Fargo, husband of the woman, swore to a complaint yesterday charging Squires with assault with attempt to kill.

Squires and the present Mrs. Kimball were married 23 years ago and were divorced 19 years ago at La Grande, Or. Squires married again and is the possessor of a home and considerable property at Rose City Park.

At the County Jail last night Squires said: "I am an innocent victim of Mrs. Kimball's whims. I don't understand why she should trump up such a charge against me. I was in bed at my home in Rose City Park at the time she asserts I tried to kill her."

her son, who is a chauffeur for a local taxicab concern. The apex was reached one night last week, it is said, when Moody sought an interview with her and her refusal to meet his demands resulted in his threats against her life. He was released on \$500 bail.

# A QUESTION OF GRAVE DOUBT

(If You Do Not Care What Kind of Clothes You Buy, Read no Further.)

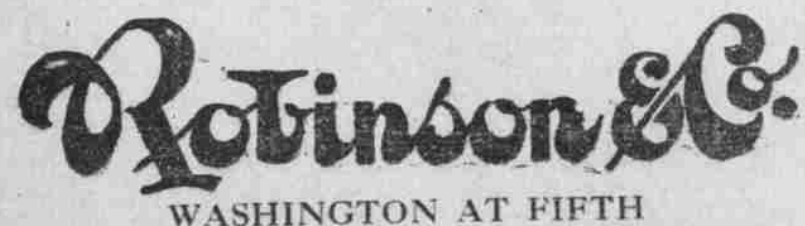

Wool is high and clothes are dear—yet you are offered suits at \$15.00, say. Now it may perhaps be done, but it is a question of grave doubt if clothes worthy of a man's wear can be made and put on the market at a profit for that price.

Our clothes for you to see and try on are STEIN-BLOCH make and the lowest price we charge is \$20.00. Yet the difference in fit, in style, in workmanship and in durability is far more to you than \$5.00.

# A Sallow, Pimply Or "Muddy" Complexion

### Is Easily Gotten Rid Of When Constitutional, Instead of Local, Treatment Is Taken.

Every woman strives to acquire and preserve a clear, faultless, rose-and-lily complexion. This is apparently the height of the feminine ambition. No more fallacious epigram was ever penned than the one which says that "beauty is only skin deep"; and no greater mistake can possibly be made in endeavoring to gain a clear, pretty complexion, entirely free from pimples, blackheads and other skin blemishes, than the use of cosmetics, powders, lemon juice, cold cream, electric massage, and various other treatments, which aim at the complexion alone, and have no effect whatever on the blood, or on the general system.

Whenever you see a person with a clear, flawless complexion, you may be assured that its perfection depends, not on the local application of the many faded treatments on the market, but exclusively upon a pure, wholesome condition of the blood, and upon its active, vigorous circulation through the skin.

It is the blood which gives the skin its rosy color, and, although electric massage and other local treatments may draw the blood temporarily to the surface of the skin, it cannot keep it there. Only a strong circulation can do that. When the blood becomes impoverished and the circulation sluggish, the complexion, as a natural sequence, becomes sallow or "muddy" and pim-

plex, blackheads, "liver spots" and other skin troubles put in their appearance.

One box of STUART'S CALCIUM WAFERS, which are taken internally, will do the complexion more good than all the cosmetics, beauty powders, cold cream, electric or manual massage. These wafers cure because they strike at the root of the trouble. They purify and renovate the blood so completely that the complexion cannot do otherwise than become clear, flawless and free from all skin blemishes.

Besides relieving the system of every particle of impurity, and thereby cutting off the source of the skin diseases, they also build up the blood, greatly increasing the number of red corpuscles in its current, and invigorating, strengthening and improving the circulation so decidedly that in a wonderfully brief period the cheeks become rosy, the complexion clear, the eyes bright, and the whole system glows with renewed life and vigor.

Secure a package of this blood-cleansing, complexion-clearing and system-renovating remedy, at your druggist for 50c a box, and begin the treatment at once. Also send us your name and address and free sample package will be sent you. Address F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.
