A Special Demonstration of "Lily of France" Corsets

—Will Be the Event Important in Our Corset Section for Two Weeks

Seldom have the women of Portland and vicinity the opportunity of being advised by such corsetieres as Madame Vanden Weyer, who during the next two weeks will be present every day in our Corset Section to demonstrate the form-fitting and form-beautifying features of the "Lily of France" Corset.

Every woman should look as attractive as she can. It's her first duty to herself. If nature has made her beautiful in face and figure she is to be congratulated. If otherwise she must be skillful. Art aids nature. It overcomes defects. How many women are entirely satisfied with their own figure? The question before most women is, "How can I correct my figure and enhance my personal attractiveness?" A properly designed corset is the foundation of an attractive figure. Expert corsetieres such as Madame Vander Weyer can advise by actual demonstration as to how the figure can be made more modish, more slender, more symmetrical—in other words more beautiful.

The "Lily of France" Corset is a corset for every type of figure. Strictly French in its origination, thoroughly correct in its beautiful lines and curves, scientifically constructed to permit perfect freedom of motion, it positively moulds a beautiful figure, gives correct style and notable distinction to one's appearance. Plan to visit us during the demonstration and ask for personal interview with Madame Vander Weyer.

The De Bevoise Brassiere

—The Most Popular Undergarment for Women of Fashion

Every woman knows how Brassieres wear out first under the armholes from contact with the top of the corset. Just here is where the De Bevoise Brassiere is strongest and wears longest. The new De Bevoise patent re-enforced armholes double the life of the garment. Other De Bevoise features are flat patent swinging bone-pockets, corset hook at the waist, giving smooth, straight front, expert shaping and narrow seaming. De Bevoise Brassieres give stylish lines and correct poise to the figure, and in addition are comfortable and healthful. We show in our Corset Department a most complete line of De Bevoise Brassieres in a variety of styles; adjustable and plain-fitted back, laced or button front. Priced from **50c** to **\$2.50**.
