**Oregon Humane Society Issues Its Report.**

**DUMB CREATURES AIDED**

**Plucking of Live Fowls to Be Vigorously Dealt With to Fulfill Extent of Law in All Cases Detected.**

PORTLAND, Nov. 6.—(To the Editor.)—May we ask you again to publish the report of the police officer made to the directors of the Oregon Humane Society for the months of September and October, the meeting of directors being held yesterday afternoon? I incline to the report, which it might be well to publish, because while it seems trivial to report the officer killing a dog or a cat, etc., it does show that this can be done without cruelty to the animals, and the Oregon Humane Society believes in publicity by giving names of people who treat animals cruelly, whether horses, cattle, dogs, cats or any other pets or work animals, and the society believes that these excellent reports of the humane police officer will do good, in that it shows people that they cannot abuse a neglect or hurt their animals without risk of being held to account. The idea of the society is to impress on all owners of dumb animals that they must be treated in a kindly manner, and the report also shows that in case of some sick pet all that is necessary is to notify the police humane officer at the police office.

It has come to the knowledge of the humane society that it is the practice of certain dealers of poultry to tie up the birds, especially turkeys, and then pluck them alive, and before killing the birds, supposedly that the meat of the turkey is so much whiter, and while it hardly seems possible that such cruelty can exist, or even that the reason can be possible, the complaint seems justified, and the Oregon Humane Society gives notice that they will prosecute all persons named of such despicable cruelty, to the fullest extent of the law.

Again the Oregon Humane Society wishes to emphasize the fact that this is for the benefit of all Oregon layers of dumb animals, that it wishes to have all cities and towns or villages or settlements work with the humane society, and in case of need communicate with the society, as the idea is that this is for Oregon and not only Portland.

Since the meeting of the directors yesterday afternoon the news is received of the death of Mr. W. T. Shanahan, the father of the humane society in Oregon, and who did more in his kindly way to help the cause of the prevention of cruelty to animals than any other man in any country, and the society desires to tender its tribute to a kind and good friend, and to a good man.

**OREGON HUMANE SOCIETY.**

The reports referred to follow:

Portland, Or., Nov. 1.—To the Oregon Humane Society:—Mr. President and Gentlemen: I herewith submit my report for the month of October, 1909.

October 1.—Notified John and Gunther, Twentieth and East Morrison, not to work their horse, as it had some neck, promised to comply.

October 6.—Investigated report and found stable of W. Semmes, Twenty-first and East Market, who was using a horse to pull a cart, as it was not fit to be used.

October 7.—Notified a farmer from Beaverton not to drive his horse around the city unless they were shod. Will attend to it.

October 7.—Notified John Komegls not to work his team without shoes; he stated he would have them shod at once, which he did.

October 8.—Notified driver for Olsen & Roe not to pull his team with a lock without shoes; he had over-looked. He got the other horses in order to avoid arrest.

October 11.—Killed a dog for Mrs. P. A. Cook at 8th Street, as it was old and had the mange.

October 11.—Notified Beechill Bros. not to work two of their horses, as one had the mange and the other was blind.

October 11.—Notified Rector & Doley, graders, not to work one of their horses, as it had the mange.

October 12.—Killed a dog at 232 Occident street for H. Bothin.

October 12.—Notified a milk man by the name of Andy driving a horse that was not fit to be used, as it was blind, and the other horse from the stable to take his outfit home. Is not working the horse.

October 12.—Notified A. Mason, contractor, not to work one of his horses that had the mange.

October 12.—Arrested T. H. House, driver for L. L. Smith brickyard, for cruelty to animals.

October 13.—Notified a driver for J. H. Smith, who was driving a horse that had seven or eight large warts from whip-lashes.

October 13.—Killed a cat with mange for J. E. Stuart, 371 Halsey street.

October 15.—Mrs. Mayland, 965 Vaughn street, requested a dog to be put to death regarding dog near door, which I did and found it had broken leg, so killed it.

October 15.—Notified a driver for J. H. Smith, who was driving a horse that had the mange.

October 15.—Killed a horse at foot of Curry street, as it was down for several days and in bad condition. Could not find owner.

October 20.—Investigated reported case of cruelty in handling alligators at cages at 12th Mill street, and found that the alligators in good condition and not abused.

October 21.—Found Yuen Lin, 2534 Main street, driving a lame horse with ring-bone, so made him get another horse and not use this one.

October 22.—Investigated report of starved horse at 12th Mill street, and found the animal in good condition, but was feeding the horse with straw, so I made him get hay.

October 23.—Notified J. Neldeman, butcher, not to work his lame horse until it was well. He got another horse.

October 23.—Notified L. Corlett, Exc. 38, to get his horse shod or I would arrest him.

October 24.—Killed a sick cat at Second and Jefferson. It had mange.

October 24.—Notified the crematory and killed a horse for Jim Jamesy, of Twenty-first and Hawthorne.

October 24.—Notified R. C. McInnis, Forty-second and East Morrison, to have his team shod, which he did.

October 24.—Notified Thomas Maxwell for cruelty to animals. About one month ago I notified him that his horse was lame, and he was poor and old, but he began to work it on a scavenger wagon when I saw him. He was driving a horse that was old and poor and in fearful condition. He was fined five and promised to shod the animal.

In addition, I made regular visits to the stockyards, grading camps and poultry-houses. Respectfully,

E. L. CRATE,  
Sergeant of Police and Humane Officer.

horse down on the ground. I went there and found the horse up, but in very poor condition, and told him he did not want to kill his horse to take better care of it. September 21.—Killed a horse for Beechill Bros. Twenty-fourth and East Ave. It had a broken leg.

September 22.—Investigated (with Mr. Shanahan report of) four horses belonging to one Sam, at 255 First street, and found it in poor condition and crippled. Told the owner to have it killed. This he agreed to do, and let it to the crematory, where it shot and killed it.

October 1.—Investigated report that Gleibish & Joplin were working two mules with sore shoulders. Found they had been doing so, but had taken them to the stable and stated they would not work them until well.

October 1.—Investigated report that Joe Gleibish, grading at East Seventh and Elsworth, was working a horse with sore shoulder, and told him not to work it any longer, so told him not to work it for a few days.

October 9.—Killed a stray dog in a boxcar that was found by Officer Swensen, near the foot of 12th street, and found it was a small one, so told him not to work it for a few days.

October 10.—Investigated report that a man named Smith was driving a horse that was lame, and told him to get another horse, and not to work the lame one.

October 10.—Investigated report that a man named Smith was driving a horse that was lame, and told him to get another horse, and not to work the lame one.

**MARRIAGE RAPS COBNER**

**YOUTH INSISTS OFFICIAL TOOK DISLIKE TO HIM.**

**Insists He Identified Corpse in Good Faith and for No Utterior Purpose.**

TACOMA, Wash., Nov. 6.—(Special.)—Theodore Martin, who says he worked as a clerk in a Portland hotel, and who came to Tacoma two weeks ago, with the belief that a suicide found in Point Defiance Park, October 17, was his father, and who was suspected yesterday by Detective Shaver of having tried to identify the body for pecuniary purposes, has not been arrested. When he heard of the coroner's suspicions he reported to Captain of Detectives John Fitzgerald, who has had faith in him since his arrival in the city, but was told to continue at his work.

Martin went to work as clerk at the Boston Hotel here after his manager funds were exhausted, and then pluck them alive, and before killing the birds, supposedly that the meat of the turkey is so much whiter, and while it hardly seems possible that such cruelty can exist, or even that the reason can be possible, the complaint seems justified, and the Oregon Humane Society gives notice that they will prosecute all persons named of such despicable cruelty, to the fullest extent of the law.

**CENSUS CALENDAR SIMPLE**

**Arrangements Made to Collect Data on Manufacturers.**

WASHINGTON, Nov. 6.—The general schedule which will be used in the Federal census of manufacturers for the calendar year 1909 has been formulated and about 60,000 printed copies have been ordered by Census Director E. Dana Durand. The schedule is in the form of a four-page folder, about 9 by 11 1/2 inches in size. It is simpler and simpler than the ones upon which the 1900 and 1905 censuses of manufacturers were taken. It has less than half as many spaces for entries as the earlier ones, and is especially to insure less labor and greater accuracy in the collection of the manufacturers' data.

One of the subdivisions of the question relating to power employed for manufacturing purposes calls for the name of the stream or lake from which water is obtained to generate power, whether direct or electric. This information will be valuable in a census of the country's waterpower plants and operations, in case Congress provides for it later.

Another new question involves the quantity of fuel used, whether anthracite coal, bituminous coal, coke, wood, gas, or any other kind. This is expected to elicit replies affording considerable data on the fuel conservation question.

The 12 principal questions are, briefly: First, a description of the establishment; second, time in operation and hours worked; third, capital invested; fourth, sales and employees; fifth, wages and salaries; sixth, cost of materials; seventh, cost of fuel; eighth, materials, mill supplies and fuel; ninth, miscellaneous expenses; tenth, products; eleventh, power; twelfth, 13th, remarks.

**Gotham Feels Tow War.**

NEW YORK, Nov. 6.—Following the opening of the long war in Chinatown last night in which two Hip Sing men were shot, 60 detectives and patrolmen were rushed into the field of hostilities and today not a resident of the district could make a move without being observed. The headquarters of the various gangs were under heavy guard, and members of the Chinese secret societies were warned to stay indoors.

**Texas Railroad Transferred.**

STAMFORD, Texas, Nov. 6.—Announcement is made today that the Chicago, Burlington & Quincy Railway system has absorbed the Stamford Northwestern Railway. The transfer was made at a meeting in this city, when George B. Harris of New York, was elected president.

**Y.M.C.A. WINS OUT**

**Fine Building in Sellwood Is Now Certain.**

**\$8332 IS ALREADY RAISED**

**Workers Will Continue Campaign and Have No Doubt That Goal Originally Set Will Be Reached.**

Establishment of a branch Y. M. C. A. in Sellwood is assured. Victory was spelled in the reports of the canvassers submitted last night at the gathering held at the Sellwood Methodist Church, where luncheon was served by the women of the Methodist, Baptist, Presbyterian, Episcopal and Nazarine churches of that suburb. The total amount raised since Tuesday was reported as \$8332.

As State Secretary Rhodes read out the subscriptions secured by each of the ten teams and finally announced the total, there was prolonged applause, for it was then known that there was no longer any doubt about the outcome. The total amount represents subscriptions of from \$3 up to \$250.

A. C. Mowrey subscribed \$250 without condition, and \$250 on condition that \$10.00 will be raised, and he admitted last night his full \$500 was as good as down. Canvassers reported that they knew where over \$1500 additional could be secured. It was unanimously voted to continue the work until next Tuesday night, by which time it is confidently expected that the \$12,000 will be secured. The following are the ten teams that have put in the entire week canvassing for their business and work for that purpose:

No. 1—A. J. Hoover, Robert Welch, E. C. Golden, P. T. Glenn, A. S. Mowrey.

No. 2—Alex. Foster, Dr. Thurston, Captain H. W. H. Alex. Saunders, A. P. Herrick, Lee Chesley.

No. 3—J. H. O. D. Stanley, A. N. Willa, Charles Turler, J. F. Kercheval, J. D. Stephens, Robert Kiddle.

No. 4—Fred Bauer, Ben Costley, Will Rickson, Ralph Brown, H. L. German.

No. 5—M. D. Zamboni, J. H. Post, Frank Capell, J. C. Snelly, Harry Mowrey.

No. 6—H. E. Thompson, G. H. C. Charter, C. J. Colman, A. J. Walker.

No. 7—F. H. Beach, J. E. Young, William Strahlman, Rev. O. W. Taylor, J. W. Caldwell.

No. 8—L. B. Blosser, Ernest Charter, R. W. Edwards, Peter Hume, J. W. Campbell.

No. 9—W. E. Lanier, E. Davis, Dr. J. M. Schuman, V. A. Walker.

No. 10—Curtis Miller, F. C. Hendrick, Rev. L. F. Foster, Ekins, Claude Hicks, Harold Hekerson.

**BEARS PONCE ON COTTON**

**Selling Orders Hammer Southern Staple Downward.**

NEW YORK, Nov. 6.—There was still greater excitement in the cotton market this morning, and liquidation was even more active than yesterday with the big interests affected by rumors of that speculative holders of spot cotton in the South were offering concessions in an effort to find buyers. Selling orders poured in from all directions, and January contracts declined to 14.16, with May selling at 14.47, about \$2 per bale below the best bid for spot cotton. The market was a drop of 45 points on the March option.

**LOW FARES WORK LOSSES**

**Santa Fe Losing Money on 2-Cent Passenger Rate.**

GUTHRIE, Okla., Nov. 6.—That the loss to the Atchison, Topoka & Santa Fe Railroad in Oklahoma, due to the 2-cent passenger law, was \$130,509, on the year ending November 30, 1908, on the interstate business alone, is the contention set forth in a brief filed in the United States District Court yesterday by James Peabody, statistician for that company.

The document further asserts that although the Santa Fe lost \$7,481 more passengers in that year than during the preceding one, its total passenger earnings showed a loss of \$46,525. Owing to the 2-cent passenger law, the revenue was a drop of 45 points on the March option.

**REMEMBERS MITAU POOR**

**San Francisco Millionaire Leaves \$50,000 to Russian Town.**

SAN FRANCISCO, Nov. 6.—In a partial distribution of the estate of Julius Friedman, who died here practically intestate eight years ago, leaving property valued at \$400,000, Judge Graham ordered today that \$50,000 be sent to the burgomaster of Mitau, Russia, to be distributed among the indigent poor of that town.

Mitau was the birthplace of Friedman, who came to this country as a youth. Since Friedman's death his estate has increased, and Judge Graham estimates that the estate will be worth \$1,000,000 before the final distribution is made.

About 100 claimants have appeared, five of whom appear to have legitimate claims.

**Wisconsin Man Indicted on 26 Counts for Embezzlement.**

LA CROSSE, Wis., Nov. 6.—Phil Allen, Jr., vice-president of the First National Bank of Mineral Point, Wis., which failed a month ago because of his alleged defalcations, was indicted by the Federal grand jury here today on 26 counts, including every variety of violation of the banking laws known to the Controller's office.

The amount of the embezzlement charged in the indictment is \$500,000. But government officials say Allen's total defalcations exceed \$800,000.

**ONLY NECESSARY TO TREAT THE STOMACH, SAYS COOPER**

The new theory advanced by L. T. Cooper relative to the human stomach has attracted such widespread attention that the public in cities visited by him has been joined by many physicians in a discussion of his beliefs and medicines.

Mr. Cooper says that human health is dependent almost entirely upon the stomach. He says that no disease can be conquered without first alleviating all stomach disorders. He further says that most men and women of this generation are half-sick, owing to degenerate stomachs. And lastly, he claims that his New Discovery medicine will rejuvenate the human stomach in a few weeks' time.

Cooper has been traveling from one city to another, conducting in each what he calls a campaign of education. For the past year he has met the public in the larger cities of the country, and his success has been phenomenal. Thousands of people have flocked to his headquarters wherever he has gone, and the sale of his medicine has been beyond anything of the kind ever before witnessed.

Possibly the most interesting feature of the attention Cooper has attracted is what his army of followers, whom he has converted to his beliefs through his medicines, have to say on the subject.
