

PRESIDENT VISITS HISTORIC PLACES

Taft Views Old Landmarks in South—Sees Cradle of Confederacy.

CALLS AUGUSTA HIS HOME

Georgia Town Puts Executive's Name in City Directory—Senator Tillman Guest on Mayflower, but Refuses Banquet.

AUGUSTA, Ga., Nov. 6.—After spending the entire evening in historic old Columbia, S. C., with its many reminders of the Civil War, President Taft arrived in Augusta at 8:30 o'clock tonight to rest until Monday.

The President often speaks of Augusta as "Home" and his reception here tonight was in the nature of a homecoming celebration.

Augusta people are proud to claim him as their own, and hence the name of "Taft, William H., President of the United States," appears in the current city directory.

Tomorrow, the President will attend services at the Church of the Good Shepherd, Episcopalian; will lunch with Leonard A. Thomas and dine quietly at the Cummins home.

Plans for This Week. Monday morning the President will play golf on the links of the Country Club. At noon or shortly thereafter he will speak at the opening of the Georgia-Carolina Fair, leaving Augusta at 2:30 P. M. for Florence, S. C.

The President will spend all day Tuesday in Wilmington, S. C., and all day Wednesday in Richmond, reaching Washington at 8:30 o'clock Wednesday night. The President's afternoon in Columbia was filled with interest. He was entertained at luncheon in the House of Representatives at the State Capitol, and remarked that the State of South Carolina was the first to greet him within the walls of its Capitol. The only other President ever to visit Columbia was Washington.

Historic Spots Visited.

During a long automobile ride the President was taken past the Baptist Church where the secession convention assembled. The President also saw the palatial old Preston mansion in which General Sherman established his headquarters. He made a brief address to the students of the University of South Carolina on the campus. The President also made a speech at the State Fair grounds.

Governor Ansel and Senators Tillman and Smith of South Carolina were the President's guests on the Mayflower during the trip from Charleston to Columbia this morning. Senator Tillman, however, disappeared as soon as the party alighted at the state capitol. He had been in controversy with those in charge of the luncheon arrangements and had declined an invitation that carried with it an assessment for \$50. Senator Tillman said he thought that was a horrible example for South Carolina hospitality, and that the city should bear the expense of all invited guests.

Honored Beyond Deserts.

In his speech at the state capitol President Taft said:

"My friends, I am inspired today. I feel much more than ever before. There is something about South Carolina and her traditions as I look into the faces of her great men and know what she has done and the things she has done in all the great historical crises of this country, that makes me take this reception from you with a feeling that I am honored far beyond my deserts."

In his fairground speech at Columbia, President Taft said: "One must be blind, indeed, to the progress of this country, to the proper understanding of real advance in civilization and in the arts of peace who does not realize the supreme importance of agriculture and the industry which have taken place in its cultivation throughout the country during the last decades."

STUDENT HOMES PROBED

O. A. C. Faculty Inquires Into Sanitary and Moral Conditions.

OREGON AGRICULTURAL COLLEGE, CORVALLIS, Nov. 6.—(Special.)—Student boarding and rooming-houses of the city will be thoroughly investigated by the college authorities in order to determine whether or not the conditions surrounding the students are wholesome.

A committee of the faculty will examine into the social life of all students living outside of the dormitories. Members of the committee will call upon all college women in order to determine whether or not they are being properly chaperoned and cared for. Another faculty committee is charged with investigating the sanitary condition of student dormitories.

Jap Fishermen Barred.

VANCOUVER, B. C., Nov. 6.—Japanese seine fishermen have been prohibited from catching herring by that method. A government order has been issued closing Nanaimo Harbor to the Japanese, though they will be allowed to fish in nearby waters. Only gillnetting will be allowed in Nanaimo Bay, which teems with herring. Formerly the Japanese did a tremendous trade supplying American boats with fishing equipment with herring bait. Several months ago the Americans were prohibited from continuing herring purchases there.

Bids on Bonds Called For.

COTTAGE GROVE, Or., Nov. 6.—(Special.)—The City Council has approved the

Fermentation and Flatulence Prevented

In the Stomach by Charcoal, the Great Absorbent, Anti-Fermentative and Deodorant.

Some years ago Dr. Belloc, a retired surgeon of the French army, turned his attention to charcoal as a remedy for dyspepsia, fermentation and flatulence, or gas in the stomach and intestines. He was himself a sufferer from these symptoms, and thus had an opportunity of testing personally its therapeutic action.

He decided after many tests that charcoal made of willow wood was by far the best. He found that charcoal made of other woods caused a disagreeable taste in the mouth—even painful excretions of the mucous membrane, as well as thirst, and a clinging sensation in the stomach, but not one of these symptoms ever occurred when willow charcoal was employed.

He was in the habit of prescribing from two to six teaspoonsful for his patients, but he himself frequently took as much as 500 grammes, or more than fifteen ounces per day. There is really no such thing as taking too much charcoal. An excess cannot be taken, for the reason that the more you take the better it is for you, as it is entirely harmless, and through its use your system will be completely cleansed of all its impurities, the fermentation of food and the formation of gas in the stomach prevented and the absorption of toxic products or poisonous material into the blood from the stomach and intestines stopped.

When a regular physician took as much as fifteen ounces of charcoal daily, its harmlessness and beneficial effects as an absorbent, deodorant, germ-destroyer and dyspepsia cure should be apparent to all.

The Academie Nationale de Medicine of Paris reported very favorably on a memoir which Dr. Belloc published on the use of charcoal, and in France it soon became a favorite remedy. Its reputation spread to this country, and now we find charcoal lozenges extensively sold, prescribed and employed as dyspepsia remedies. Dr. Belloc's charcoal was administered to his patients in the form of a powder stirred up in water, which was very disagreeable to the taste, and its efficacy was far less than in the form of a lozenge. Stuart's Charcoal Lozenges are a great and happy improvement upon this form of administering charcoal. They are made of the best willow charcoal, freshly prepared, and rendered exceedingly palatable by the addition of pure honey, which gives them a taste that is in strong contrast to that of ordinary powdered charcoal. Nothing could be more efficacious in its effects than charcoal given in this desirable form. Two or three of Stuart's Charcoal Lozenges taken after meals are sufficient to give complete relief. Go to your druggist and buy a box, but insist on having Stuart's, as there are many worthless imitations on the market, not made of willow wood, but of poplar, box-wood, dogwood, etc., which are not good for the system. For sale everywhere, 25 cents per box. Sample box will be sent free by mail upon request. Address F. A. Stuart Co., 200 Stuart Bldg., Marshall, Mich.

result of the special election held here October 20, authorizing the issue of \$100,000 water bonds. Recorder Van Danburg has advertised for the sale of the bonds. Bids will be received up to January 3, 1910. The bonds will draw 5 per cent interest.

FIVE KILLED ON ELEVATED

Wreck in Jersey City Blocks Traffic for Hours.

NEW YORK, Nov. 6.—Five persons, all railway employes, were killed and a score of passengers injured in an accident on the elevated structure in Jersey City today. The wreck blocked the line, and many passenger trains were held up, including the special which was to have taken the Dartmouth football team to Princeton for today's game, consequently the game may be delayed. The wrecked train left Philadelphia this morning, and was running at fair speed, when near Brunswick street an engine running light on the adjoining track was met. In some manner, possibly because of a misaligned switch, the light engine sidetracked the inbound train. Practically all the injured passengers were in the smoking-car, which was overturned.

BABY ORPHAN WINS PRIZE

Father Dead at Bottom of Shaft, His Child Victor in Show.

GOLDFIELD, Nev., Nov. 6.—Coincidence with the recovery today of the body of W. K. Baertsch, a miner who was killed while at work in the Commination Mine, the 7-week-old baby of the dead workman was awarded first prize at a local baby show.

The accident occurred September 27, a few days after the child was born. Fellow workmen have been employed in three shifts daily since the disaster trying to reach the body.

Water Mains Are Extended.

WALLOWA, Or., Nov. 6.—(Special.)—An evidence of the growth of the town is shown in the recent extensions of the water mains. The system was installed less than three years ago and in that time the mains have been extended more than two miles. These extensions include a 22-inch extension of half a mile to the eastward, which will cross the river and another line for a quarter of a mile to the westward, which will supply water to the newly-platted Clairmont and Evergreen additions and the Nibley-Minnigh Lumber Company's mills. These extensions will make a total of more than four miles of mains within the corporate limits of the city.

Tired Nurse Commits Suicide.

RENO, Nev., Nov. 6.—Mrs. Rosemond Lambert, a nurse, committed suicide here today by shooting herself in the right temple with a 22-calibre revolver. The bullet crashed into her brain, killing her instantly. She left a letter to her husband, saying that she was tired of life, and asking that her sister, Mrs. Frank Shoup, of Tacoma, be not notified. The woman was 32 years of age and came to Reno from Tacoma a short time ago.

Millmen to Meet November 20.

COTTAGE GROVE, Or., Nov. 6.—(Special.)—The Oregon and Washington Lumbering Association will convene here November 20. From present indications this will be the largest gathering of that association for a long time. The committee having this matter in charge is working diligently to make this an enthusiastic meeting.

SAVED.

From excruciating pain and extended illness by the timely use of that great discovery, Saignere. Take one bottle Saignere, add four ounces pure olive oil, shake the bottle well and follow with it. The committee having this matter in charge is working diligently to make this an enthusiastic meeting.

"77"

Humphreys' Seventy-Seven Famous Remedy for Grip & COLDS

"Fighting off a Cold" is a common experience and will be successful if you use the right weapon, namely: "Seventy-seven"—a few doses at the first feeling of lassitude and weakness will break up the Cold and prevent the Influenza, Cough and Sore Throat from developing.

"Seventy-seven" knocks out Colds that hang on—Grip. Fits the vest pocket. All Drug-gists, 25 cents.

Humphreys' Hummo, Medicine Co., Cor. William and Ann Streets, New York.

STREET WILL BE OPENED

Appraisers Are to Go Over Villa Avenue Tuesday.

The county surveyor and appraisers will go over Villa avenue, extended, between the Reame and Baker roads Tuesday, to make final examination, according to orders of the County Court, with view to opening the Seneca Smith and C. N. Rankin submitted a petition asking the County Court to open Villa avenue between these cross roads, and qualified in the sum of \$200 to make good expenses of surveys in case it is not opened. The bonds were approved.

The road is to be made 30 feet wide, and when opened between Reame and Baker roads further proceedings will be started to continue the road on to Fairview. Owners of property generally signed the petition and it is reasonably certain that the road will be opened.

It now appears that the eastern or county end of the road will be opened before the street is widened to 30 feet between the west side of Laurelhurst and the city limits. Proceedings for the street have dragged along for two years and have finally come to a halt.
