

TELEGRAPHS START RACE OVER DESERT

Cars Off on Dangerous Run From Los Angeles to Phoenix.

CAMP EQUIPMENT CARRIED

Contestants Expect to Lower the Record—Course Lays Through Sandy Wastes and Over Rough Roads in Hills.

LOS ANGELES, Nov. 6.—The Isotta-Fraschini, with Max Polmans at the wheel, started at 9 o'clock tonight upon an automobile race of 80 miles from this city to Phoenix, Ariz., at intervals of 15 minutes was followed by the starting point by five other cars. It is said to be the most difficult race in America.

The Elmore, driven by George Duke, was second to start, and the others left in order as follows: Pennsylvania, Walter L. Vall, driver; Dorrie, H. W. Harrison, driver; Frank, Guy Irwin, driver; Studebaker, Bert Latham, driver; Ford, Charles Harris, driver; Columbia, Harold Stone, driver; Buick, J. K. Nikrent, driver; Appleton, Harris Hamshel, driver. Each car carries beside the driver a mechanic and food and water and camp equipment for the occupants. Several of the drivers have expressed confidence in their ability to make the distance in 23 hours or less, notwithstanding that the best time made in the previous race was 24 hours and that there has been no improvement in the going since that was made.

The route for 150 miles is through deep sand and a part of it is over rough hills and mountain roads. Eighteen hundred dollars and a cup offered by a Phoenix newspaper go to the winner.

STATE SAVES ON PRINTING

Dunway Does More Than Double Work at Less Cost.

SALEM, Or., Nov. 6.—(Special.)—In 1905 the House and Senate journals cost the state \$4.53 per volume. For printing and binding the 1909 journals the state will pay \$2.32 per volume, or considerably less than half what the books cost four years ago, notwithstanding the fact that many more laws were passed and much more business was transacted.

The same saving is apparent in the printing of the session laws. The 1905 session laws contained only about 400 pages to the volume, and yet the state paid State Printer Dunway \$1.10 per volume as against \$2.42 cents per volume for the last session. In 1905 there were only 240 Senate journals and the same number of House journals printed. In 1909, in compliance with a law passed in 1907, this number was doubled. The cost of printing the 480 journals in 1909 was \$146.75, for printing 960 journals of the 1909 session, State Printer Dunway will get \$274.71. For printing 1500 volumes of the session laws in 1909 the State Printer received \$119.24, while Mr. Dunway will get \$1374.85 for printing the much longer and more numerous session laws of 1909. The total amount paid by the state for printing the session laws and the session laws was \$4799.83. Mr. Dunway's bill for the same work will be \$4749.53—\$50.30 less for more than twice as much work.

AUTO ROAD TO BE BUILT

Highway Will Open Up Central Oregon Homestead Lands.

BEND, Or., Nov. 6.—(Special.)—A movement for better roads to the new homestead lands to the southwest of Bend was inaugurated Thursday night at a meeting of the local Board of Trade. After receiving the advisability of improving present road conditions to this rapidly settling territory, a subscription list was started and almost immediately the business men of Bend went forward with several hundred dollars. With this amount as a starting fund the work is being undertaken, improving the present road and lessening its distance to the new homesteads. The result of the work will be the best automobile road in Central Oregon, some 75 miles in length, tapping the hundreds of thousands of acres of this vast stretch of sagebrush lands and connecting the new homes of the homesteaders who are flocking upon them with the supply and future railroad points at Bend.

An interesting development of up-to-date "locating" in this country, where the new road is being built, is the advent of automobiles into the home-seeking race. A month or more ago a car which crossed the Cascades and made a record run to the new homestead lands from the valley demonstrated the vast superiority of the gasoline-driven vehicles over horse navigation in the fresh fields. Today several of the locating firms are purchasing autos.

WATER THREATENS TOWN

Logs Piled Up by Flood Cause Stream to Seek New Channel.

ASTORIA, Or., Nov. 6.—(Special.)—A couple of days ago a boom of logs belonging to the Alger Logging Company and containing about half a million feet, broke loose in Skamania creek as a result of the recent floods, and is jammed against the county draw bridge. The logs are gradually settling in the mud and are fast making a dam that will eventually change the course of the stream and cut a channel through the town of Skamawaka. A large force of men is at work endeavoring to break the jam. Quite a number of the logs which escaped from Lewis and Clowitz Rivers recently are passing by this city and are being carried out to sea, while others are stranding along the shores of the river. So far as known the owners of the logs are making no effort to recover them.

KLAMATH PIONEERS MEET

Memories of Early Indian Campaign to Be Perpetuated.

KLAMATH FALLS, Or., Nov. 6.—(Special.)—Pioneers of the Klamath Basin in California and Oregon have organized an association with headquarters at Klamath Falls. All per-

sons who became settlers in the basin prior to the end of the year 1833 are eligible to membership in the association, which is interesting in its character and comprises besides Klamath County in Oregon parts of Siskiyou and Modoc Counties, California. With in this area occurred the Modoc outbreak of 1872, one of the most memorable conflicts between the white and red races.

The theater of the most active operations was about Tule Lake, and especially in the famous Modoc lava beds at the south end of that lake. The valley at the north end of the lake is rapidly settling up. This was the region where nearly all the settlers were murdered by a marauding band of Modocs on November 29, 1872. The site of the Winter village of the Modocs on Lost River, where the initial battle of the war began between Captain James Jackson with "B" troop of the regular army and the renegade chief,

A. J. Schureman, Son of Millionaire Parent in Chicago, Arrested on Complaint of His Wife.

Captain Jack and his warriors on the early morning of the day mentioned, is now the center of one of the most prosperous communities in the Klamath Basin, distant two and a half miles from the thriving town of Merrill, the second town of importance in Klamath County.

The country is still rich in memorials and souvenirs of the outbreak. Hon. O. A. Stearns, once a representative in the Legislature of the County of Klamath, and the first man to take a homestead in the Klamath Basin, is the first president of the association. Captain O. C. Applegate is vice president and Mrs. Emma W. Cogswell is secretary and treasurer. A general meeting and reunion will occur on the evening of November 8th in the Court-house at Klamath Falls, and will be followed by a banquet in the Red Men's Hall. Among the speakers on this occasion will be Judge George Noland and Henry L. Benson.

ERNST IS GIVEN ONE YEAR

Proves Itch for Other People's Money Is Incurable.

OREGON CITY, Or., Nov. 6.—(Special.)—Circuit Judge Campbell today sentenced Sigmund Ernst to one year in the Penitentiary. Ernst, who has been in the employ of the Continental Cas-

WOMAN IS STRICKEN AS SHE STARTS EAST AFTER 57 YEARS IN WEST

Mary Eleanor Sheythe, Decased. KALAMA, Or., Nov. 6.—(Special.)—Mary Eleanor Sheythe, a pioneer of the county of Kalama's earliest residents, who died in the Panny Paddock Hospital, Tacoma, November 4, aged 67 years, had started in company with her husband and daughter, on a visit to her old home in Illinois, but became sick at Tacoma and was taken to the hospital. Mrs. Sheythe was born in Pike County, Illinois, February 17, 1842. In company with her family she crossed the plains with ox teams in 1852. The family settled in Marion County, Oregon, but for the past 30 years the deceased had resided in Kalama. Her maiden name was Coffey. On January 22, 1849, she was married to J. S. Poindexter. May 14, 1872, she was married to E. G. Sheythe, who is still living in Kalama. She was the mother of eight children, four of whom survive her—Etta, Viola, Annie and Ewalt. One brother, G. M. Coffey, a merchant of Kalama, and two half sisters, Eliza Brackett, of Portland, Or., and Evelyn McCarter, of Vancouver, B. C.—also survive.

Engraved plate and 100 calling cards, regular \$2, special this month \$1.25. Kilham's, Specialty Stationers, Fifth and Oak streets.

WIFE TRAILS HER FAITHLESS SPOUSE

After Long Search of Year Begun in Houston, Tex., Finds Him With Alleged Affinity.

SAYS SHE WANTS REVENGE

Declares Miss Vivian Groves, Pretty Texas Schoolteacher, Has Done Everything to Break Up Family and Takes Her Husband.

Trailing her husband and his alleged affinity for more than a year, Mrs. Arthur J. Schureman, of Houston, Tex., effected the arrest of the couple here Friday morning, at apartments at West Park and Morrison streets. The woman in the early morning of the day mentioned, is now the center of one of the most prosperous communities in the Klamath Basin, distant two and a half miles from the thriving town of Merrill, the second town of importance in Klamath County. Known as Mr. and Mrs. Schureman, at the lodginghouse where they resided in Portland for the last year, Constable Wagner and Deputy Constable Kiernan experienced considerable difficulty in arresting the couple. Schureman and his companion refused to open the door of their apartments was battered in by the peace guardians. Schureman is sales manager for Allen & Bouy, timber dealers, with offices in the Board of Trade building.

Couple Spend Night in Jail.

Unable to secure \$500 bail each, the amount fixed by Justice of the Peace County Jail, and did not secure their release until their arraignment yesterday afternoon, when Schureman's \$500 was posted against the wife. The woman, L. B. Menefee, Percy Allen and F. L. Betaford were the bondsmen secured by the alleged elopers.

Schureman has filed suit for divorce in Oregon City against the wife. He is reported to have intended to make Mrs. Groves his wife when his other ties had been severed. Mrs. Schureman, it is reported, is also suing for divorce in the Texas courts.

Chicago Schuremans Unwilling to Give Out Anything.

CHICAGO, Nov. 6.—(Special.)—J. L. Schureman, president of the J. L. Schureman Company, electrical manufacturers, is the only person given in the Chicago directory of that name. He is the head of a very large concern and wealthy. He refused to answer the telephone when an Oregonian reporter sought to ask him if the Arthur J. Schureman, arrested in Portland, was his relative. A woman who answered the telephone said Schureman could not be disturbed.

LAND BRINGS GOOD PRICE

State Property Is Sold at Vancouver for \$33,000.

VANCOUVER, Wash., Nov. 6.—(Special.)—At a public auction of school lands, held this morning in this city at the County Courthouse, \$33,000 worth of lands and improvements were sold. The land and improvements were sold in cash, but the buyer of the land is given ten years in which to make ten equal installments, 10 per cent being paid at time of purchase. The land, with the exception of one tract, was sold at the appraised valuation or higher. Joseph Eastwood and Frank N. McDermott, of Tacoma, bought the land, on the electric line to Orchard, which was appraised before it was sold for \$40 an acre, but he sold for more than \$100 an acre. One tract appraised for \$500, sold for \$370.

WOMAN DIES ABOARD TRAIN

Mrs. Jennie Whitaker Succumbs to Bronchitis While in Berth.

GLENDALE, Or., Nov. 6.—(Special.)—Mrs. Jennie Whitaker, a passenger on Southern Pacific train No. 14, en route from Seattle to Oakland, Cal., died in her berth while the train was passing through Cow Creek Canyon this morning. The body was put out at this station, and the Coroner called from Roseburg. Examination proves that she had been suffering from severe attack of bronchitis and this probably was the cause of her death. The body was taken to Roseburg tonight for embalming, after which it will be shipped to Oakland, Cal. Mrs. Whitaker was an elderly lady and was traveling alone. Her daughter was to have met her en route and accompany her to her home in Oakland.

Tie-Preserving Plant Resumes.

COTTAGE GROVE, Or., Nov. 6.—(Special.)—The Southern Pacific tie-preserving plant has resumed operations after being shut down for a few months, giving employment to about 75 men. This plant is located at Latham, a mile and one-half south of here.

Ship Has Million Dollar Cargo.

VICTORIA, B. C., Nov. 6.—The Empress of Japan reached port tonight from the Orient with 80 first cabin, 232 Chinese steerage passengers and a rich cargo. The steamer brought 1899 bales of silk worth a million dollars.

MILKMAN IS IN JAIL

SEVERING TIME FOR RAISING PRICES IN SEATTLE.

President of Milk Trust, So-Called, Insists His Imprisonment Is Outrage on Innocent Man.

SEATTLE, Wash., Nov. 6.—A. L. Erickson, president of the so-called milk trust, otherwise known as the Seattle Retail Milk Dealers' Association, was taken to the County Jail today to serve a term of ten days' imprisonment for conspiring to increase the price of milk. Erickson was tried and convicted two years ago, and sentenced to the jail term and a fine of \$50 imposed.

The case was fought through the Supreme Court, Erickson maintaining that he was absolutely innocent of an intent to raise prices. Today the higher court returned a remittitur upholding Erickson's conviction. A Deputy Sheriff arrested him and he began his term in jail.

"My arrest is an outrage," declared Erickson. "I cannot avoid serving a term in jail, but I will tell the public how an innocent man has been made the victim of circumstances, and the mark at which all the odium about the so-called milk trust has been aimed. I am a plain business man, doing business in a legitimate way, and in a shame that I should be disgraced in this manner."

TECHNICITY OF NO AVAIL

Charles Newcombe, Murderer, Must Remain in Jail.

TACOMA, Wash., Nov. 6.—The Supreme Court refused the application for a writ of habeas corpus directed to the Sheriff of Pierce County to show cause why he held Charles Newcombe in custody. The petition was made on the ground that the jury which convicted Newcombe of the murder of Martin Kvalshaug was empaneled under one law, and Newcombe was tried under a later statute.

Blood And Skin Purification

Is Best and Most Quickly Accomplished By Using Stuart's Calcium Wafers.

Ever since the world began, mankind has suffered from various forms of skin and blood diseases. We find mention of certain diseases of the skin in writings which have come to us from periods of greatest antiquity, especially those of the Greeks, Egyptians and Hebrews, many of which are being described with great minuteness.

The glands of the skin are known as the sebaceous, or oil glands, and the sweat glands. When these glands are not sufficiently active, there is a dry, harsh condition of the skin, which becomes warty-like in appearance, but if they are over-stimulated, as in certain nervous and blood diseases, too much oil is secreted and poured out on the skin's surface, giving the appearance of "oily skin" or "greasy complexion," as it is termed. When this condition is present, dust particles settle upon the skin and adhering to the oily surface, block up the outlets to both the oil and sweat glands, and the glands are unable to perform their duty.

The muscles of the skin, which are in a way connected with the sebaceous and sweat glands, play an important part in keeping the pores and glands open, at each time the muscles contract, pressure is made upon the glands, and their contents more or less forced out. The skin of the face does not have the advantage of this muscular aid in the expulsion of the glandular secretions, and therefore very readily becomes clogged with impurities, thus furnishing one of the principal reasons for the prevalence of pimples and blackheads upon the cheeks.

In nearly every form of skin disease, and clogging of the glands, the blood is primarily at fault, being filled with impurities which, through weakness or perverted function, it is unable to eliminate properly. The advantage of the remedies on the market for the cure of skin and blood diseases, STUART'S CALCIUM WAFERS have, after many tests, been pronounced the most efficient and powerful. They have been remarkably successful in curing pimples, blackheads, clogging of the oil and sweat glands, carbuncles, eczema, scurf, ulcers, and many other skin humors arising from an impure condition of the blood.

They tone up the skin glands so that a normal amount of the face does not suffer from either an oily skin or an abnormally dry skin. The perspiration glands are also made to function normally, and as the blood is at the same time purified, all forms of skin troubles are terminated and cured.

Purchase a package of Stuart's Calcium Wafers from your druggist at once for 50 cents, and rid yourself of skin troubles and blood diseases. Send us your name and address for a free sample package. Address: E. A. Stuart & Company, 175 Stuart Building, Marshall, Michigan.

3000 FARMERS ARE COMING

Kansans Have Contracted to Buy Large Acreage Near Grants Pass.

GRANTS PASS, Or., Nov. 6.—(Special.)—Development of the country by the colonization method has been started in Rogue River Valley. Several large projects have been advanced that has caused a general movement in this direction, particularly the talk of an electric line from Grants Pass to Ashland.

Another feature that has gone far toward the rapid development of much land has been the inauguration of a large irrigation system for both high and low land.

A project to colonize 2000 acres within a few miles of this city was announced today by W. B. Sherman, who says he has contracts with sufficient people to take up this land in 40 and 60-acre tracts. Nearly all the buyers are farmers from near Kansas City, and they and their families will begin to arrive shortly. The advance guard will select the improved land

JUST AN ECHO OF THE FAIR

WINNERS OF 29 HIGHEST AWARDS AND GOLD MEDALS NOW ON SALE AT EILERS PIANO HOUSE.
